The Editor's column

There is so much doing in the outside world that without eyes we cannot take part, we feel a little bit like an editor who has been denied the right of free speech.

We do not even know what is happening in the Fence Post and are out of circulation and contact with those upon whom we usually depend for ammunition for this column. If any reader disagrees with what we have to say this week, he should realize that he cannot quarrel with an editor who is virtually in a padded cell.

We are making no apologies but we do regret that the members of the editorial staff are so busy with their personal duties that they have no time to play second fiddle in any editorial duel in which the readers may have a desire to challenge us.

•

Unsight and unseen, we are touching this week upon 3 important elections, 2 of them may be of direct interest to only Arlington Heights readers, but residents of other areas can take the role of spectators which should be as interesting to them as next Friday's boxing telecast.

The voters of Arlington Heights will have the opportunity Saturday to catch up on 25 years of recreational program. It was a quarter of a century ago when present recreation park came into being. Arlington was then a village of 4,000 residents. Today it has grown 4 times in population and size.

The park board has spent a lot of time and thought on the plan it is presenting to the voters. It has practically no indebtedness. We think the $675,000 bond issue is a good investment for Arlington Heights people to make for the youth of today and tomorrow.

•

Election number 2 is the $3½ million dollar high school bond issue November 5. The pupils and the parents of the boys and girls in school realized last week that shift sessions are a failure. Over 650 (4 times greater than last year) unsatisfactory notices were issued. Those double sessions are depriving the high school students of a balanced educational diet.

It is true that with the completion of the present addition, there will be no double sessions in 1957, but unless the Foundry road school is ready for occupancy by 1959, there will be 4,000 students clamoring for admission in a 2,500 capacity school building in Arlington Heights.

Need we say anything more?

•

By the grapevine we are told that politics will raise its ugly head in an election campaign on the statute village manager plan November 19. During the past 15 months the ordinance plan of managership has had hard sledding because some members of the administration and some municipal departments were not in sympathy with its operation.

We favored that kind of a manager operation and regret that it was given a sentence of death by a 4 to 2 vote on the village board. Over 1,000 persons petitioned the county court to call an election for managership under the statute plan. We understand that some of the persons signing those petitions will use every effort to defeat the measure.

The voters should not be fooled by their claim that they just think the statute plan is too extreme. They did not like the ordinance plan and will delight sending to the guillotine the statute plan. They will, no doubt, call the statute plan a "dictatorship."

If it will require a "dictatorship" to bring order out of the present chaos, we say, let's have the dictator. We are willing to gamble his reign for 4 years against a discorded municipality. It will be just as easy to fire the dictator as it was to create him.

As we stated above, we favor the ordinance plan but because we have no assurance the present administration will breathe life into it, the voters have only one recourse — approval of the statute plan.

Des Plaines will vote the same day as Arlington upon the acceptance of the statute plan, which was defeated by the voters 2 years ago. During those 2 years, the city council made no effort to establish the ordinance plan.

Arlington Heights voters can be excused if they are a bit suspicious of those who cry "death to the statute—long life to the ordinance plan." The stiletto was buried deep into the side of the ordinance plan Sept. 20.

Last week there was not a vacant bed in Sherman hospital, Elgin. Contributing to its crowding were many from Arlington Heights and Palatine. In one 2-bedroom alone there were 5 patients from Arlington Heights during 7 weeks.

Is there need to say more about the need for the Northwest Community hospital?

We believe in prayers. Our pleas for newsprint for this week's issue have been answered, not alone by a general superintendent of North Western railroad who directed his office to expedite a carload of paper, but by brother publishers who offered to help out with a roll here and a roll there, if necessary.

"Tricks or Treats and Hospital Pennies." That's what the banners say on the pails and cans held by these tiny tots as they prepare to do their bit for the proposed Northwest Community Hospital Center Halloween afternoon and evening. The banners also read, "On my honor I will turn this money over to the hospital fund." See details elsewhere in this issue. —Staff Photo

Vote Saturday on Park Expansion Plan

'Goblins' to Seek Hospital Pennies on Halloween

From all reports the kiddies in the area to be served by the proposed Northwest Community Hospital Center are "chomping at the bit" to do their part toward raising money for the hospital Halloween afternoon and evening.

Bearing banners reading "Tricks or Treats and Hospital Pennies," the youngsters will make their rounds on Halloween. Parents are asked to provide their children with small can containers to be used for collecting the pennies, as well as a paper sack to carry the goodies some residents will give along with pennies or in lieu of pennies. The banners also state, "On my honor I will turn this money over to the hospital fund."

Plans provide that each home owner association, stores or organizations will be responsibe for setting up "Jack-O-Lantern" pot within his area where the children can bring the money they receive.

* * *

THE GROUP in charge of each "Jack-O-Lantern" pot will count the money and turn it in to the central collection point, which is being set up at Arlington Heights Bank. The bank lobby will be open from 9 a.m. to 5 p.m. November 1, where the money will be received by a committee in charge of counting and wrapping the coins in preparation for turning them over to the hospital fund.

The last organizational meeting will be held this Sunday, at 2:30 p.m. at the VFW club house in Arlington Heights. All Home Owner association and area captains or representatives are urged to attend. Anyone desiring to help in this mammoth project may call any of the following: Wheeling, Mrs, Harold Utpadel, Wheeling 37; Arlington Heights, Mrs. Edward G. Bublitz, CLearbrook 3-5033, Mrs. Fred Dufelmeier, CLearbrook 3-1661, William Griffith, CLearbrook 3-5971.

* * *

COMMUNITIES participating in this civic project are: Arlington Heights, Prospect Heights, Mt. Prospect, Wheeling, Palatine, Rolling Meadows, Barrington and Buffalo Grove. All are located in the 5 townships, Wheeling, Elk Grove, Palatine, Barrington and Schaumburg, which will be served by the proposed hospital.

Banners to be placed on the coin containers are available from the following places or persons:

Arlington Heights — Hagenbrings Variety store, Sauerland's Flower shop, Lohr's Pharmacy, Arlington Pharmacy, Dieber's Service Station, Landmeier's Ben Franklin store, Len & Irene's Delicatessen, Henderson's Pharmacy. Children living in sections with home owner associations can get their banners or find out where to get them from the association president.

Other locations where banners can be obtained are: Mrs. Robert Harth, 544 S. Highland; Mrs. Warren Black, 827 S. Mitchell, Mrs. Bernice Hurley, 221 E. Evergreen; Dale Hinchliff, 806 S. Dunton; Mrs. William Casteel, north Chestnut, near Wilson school; Mrs. William Petrucci, 1116 N. Wilke; Mrs. Donna Drake, 820 N. Dunton; Mrs. Henry Reinwaldt, 809 N. Vail; Mrs. Arthur Zander, 1311 W. Oakton; Mrs. Myrtle Jeffery, 1111 W. Campbell.

We Thank The Railroad

The publication of all editions this week was made possible through the interest of James Ronayne, 1101 N. Kennicott, Arlington Heights, Chief Clerk to the Freight Traffic Manager Service, Chicago and North Western Railway.

When he read in last week's edition the newsprint situation facing Paddock Publications, he made every effort to have a car of paper from Canada arrive in Arlington Heights Wednesday.

The colored newsprint used in some of our editions this week was gathered from places as far distant as 200 miles. All newspapers are in a similar position.

Every effort is being made by the publishers to secure enough paper from irregular sources to augment the regular supply. Advertisers and readers can be assured everything possible will be done to maintain the present quality of the paper.

Kiddies To 'Paint The Town' Saturday

Four hundred and twenty-six 7th and 8th grade students from 4 schools will take part in the annual Chamber of Commerce Halloween window painting contest Saturday, from 9 a.m. to 12 noon.

The students will work in pairs and will decorate some 213 shop windows throughout the business district, according to Nelson Hauff, Chamber of Commerce executive secretary. Each pair of young artists will be assigned a space approximately 4'x4', and washable paint will be provided. Sketches will be approved at the child's school, and may not be changed once they are approved.

RULES FOR the contest prevent adult assistance and demand that all work be done free hand and without reference to a model of any kind except the approved sketch. Students also must leave the area in which they work clean and neat.

Judging will be done by 4 members of the Womens club art committee on Saturday afternoon; winning notices will be placed on the identified by numbers only until after the judging has been completed. The art work will be judged upon originality, composition, quality of drawing and over-all attractiveness.

PRIZES WILL BE awarded in both the 7th and 8th grade classifications as follows: 1st—$5; 2nd—$3; 3rd—$2; and 10 additional prizes of $1 each.

The Chamber of Commerce is to be complimented for their sponsorship of the Halloween painting contest. The subject provides a healthy outlet of the Halloween energies of boys and girls, as well as providing the shopping district with real Halloween atmosphere.

CORRECTION

Trustee Frederick Weber appeared before Judge Otto Kerner in county court last week at a hearing on the village manager referendum for Arlington Heights. It was erroneously reported in last week's editions that Trustee John Hoover had appeared.

Gerald Chapman, co-chairman of Citizens for a Village Manager, told the judge he was anxious for a November 19 election date because Des Plaines also votes on a manager that day. He felt that if the plan were defeated in Des Plaines it might have an adverse effect on the outcome here.

Discuss High School Issue At Open Meeting This Thursday

A major event in the information program on the high school bond referendum will be the public meeting in the Arlington Heights high school gymnasium Thursday, Oct. 27, at 8:15 o'clock. It is intended particularly for those who have not had an opportunity to hear the issue discussed at one of the many organizations which have already devoted time to this subject. Taking part in the program will be George H. Sheppard, president of the board of education, Joseph Brant and Kenneth E. Dougan, board members, and Charles Nicol, senior partner of the architectural firm of Nicol and Nicol.

Slides of the proposed building on Foundry rd. will be shown and there will be a full discussion of the overall plan for meeting the rapid growth in enrollment, construction time schedules, and costs.

* * *

A BROCHURE presenting essential facts of the proposition was mailed to all voters this week, and a letter of endorsement was sent last week by the citizens lay advisory committee.

Basically, the referendum will ask approval for the construction of a second high school building on Foundry rd. and authority to issue bonds in the amount of $3,500,000. The new building would, when completed, equal in size the school on Euclid st. including the addition now under construction. At the outset it will house freshmen and sophomores only. In the interest of flexibility, however, it is designed to house a full 4-year program, should a re-study of the population, enrollment, and curriculum trends in the district make that plan of operation more desirable.

* * *

ABSENTEE BALLOTS for the high school bond issue referendum to be held Saturday, November 5, are now available at the high school office on Euclid st. They must be returned in person by November 1 or by mail prior to the referendum November 5.

Absentee ballots are available to all otherwise eligible voters who will be out of the county on election day. In other respects the same voting requirements prevail; residence in the high school district for 30 days, in the county for 90 days and in the state for 1 year. Registration is not required.

1954 Delinquent Tax Lists Are Published In This Issue

The delinquent tax lists of 6 townships in this area are being published this week. The list of Wheeling and Elk Grove townships appears in the Arlington Heights Herald, Cook County Herald, Prospect Heights Herald, Wheeling Herald and Mt. Prospect Herald.

The lists of Barrington, Palatine, Hanover and Schaumburg appear in the Palatine Enterprise.

The taxes on some of the property listed may have been paid by the owners following the compilation of the list. Otherwise the delinquent property will be subject to sale on and after November 21, 1955.

Destitute Family Grateful for Good Neighbors

Good neighbors in Arlington Heights and surrounding communities came to the front last week to help a destitute family living in the area.

Mrs. Ben Riley, who is in charge of receiving contributions, reported more than $200 has been received from people who read the story in last week's paper. An offering taken at Prospect Heights Baptist church netted an additional $123. This money will be used to pay the mortgage on the house and some of the other bills facing the family.

THE MOTHER, who is a polio victim and paralyzed from the waist down, and her 5 children, ranging in age from 1 to 16, are very appreciative of what the people are doing for them. Without this help they could not have carried on until state aid for dependent children and township relief was made available to them. The father of the family is hospitalized at state expense for an indefinite period, causing the family's income to be cut off completely.

* * *

GEORGE SCHIMMING of Schimming Oil Co. has offered to keep the family supplied with furnace oil during the coming winter. He also sent a man out to put a safety valve on the hot water tank.

Arlington Milk has offered to keep the family supplied with milk and Christen's Food Store will provide them with $10 to $12 worth of groceries each week.

Cricks Electric has checked the wiring in the home and has offered to do any wiring that is necessary to pass inspection requirements.

Still others are seeking to help finish the inside of the shell home, to put it in more livable condition. Men have volunteered to do the work but materials, such as wall board and flooring, are still needed. The basement floor, which is dirt, needs to be cemented, and the sump pump to carry the water out of the basement needs repairing.

Anyone still wishing to aid this family may do so by contacting Mrs. Ben Riley at 511 W. Wing st., Arlington Heights.

Son Of Arlington Couple Killed In Motorcycle Crash

Robert H. Schaff, 21, son of John Schaff, business manager at Arlington Heights high school, was killed instantly Saturday in a motorcycle accident near Barksdale air base at Shreveport, La.

The youth was born and raised in Elgin, but his parents recently moved to Arlington Heights so Mr. Schaff could be nearer his work.

Following his graduation from high school, Robert entered the University of Illinois but then enlisted in the air force and first was stationed at Lackland air base at San Antonio, Tex. Later he was transferred to Scott Field and then to Stewart air base in New York prior to being sent to Barksdale several months ago. While stationed in New York he was nominated for appointment at West Point.

In addition to his parents he is survived by 2 brothers, John, stationed at Camp Dietrich, Frederick, Md., and Paul W., now in Germany with the U. S. army. He also leaves his grandparents, Mr. and Mrs. W. F. Schaff of Arlington Heights, and Mrs George E. Hanson of Rockford.

Burial will be Friday in Arlington cemetery, Arlington, Va.

Time Changes Sunday

The time has come to recapture that hour of sleep lost last spring. At 2 a.m. Sunday residents are reminded to turn their clocks back 1 hour, at which time this area will revert to Central Standard Time.

Ask Approval of $675,000 Bond Issue for New Park

Arlington Heights residents were urged to vote on the Park District expansion program designed to "bring parks to the people" when the bond issue is present Saturday, Oct. 29.

Polls in 3 precincts established for this important program will open from 6 a.m. to 5 p.m. to facilitate voting.

Under the proposed bond issue, amounting to $675,000, Arlington residents will provide the fast-growing community with a new 23-acre park on the south side of Northwest hwy., including a new swimming pool of 150 feet x 75 feet, plus 5 neighborhood parks located geographically according to need.

Voters south of the North Western railroad tracks will cast their ballots at the gymnasium in South school; those residents living north of the tracks but east of Dunton st. will vote in the field house at Recreation Park, and residents in the area north of the tracks but east of Dunton ave. will vote in Ridge school.

The progressive park expansion program has received the approval of various civic leaders and follows a plan laid down by the Chicago Regional Planning Commission and the National Recreation Commission for suburbs the size of Arlington.

Voters may have received, in a recent campaign carried out by the Womans club of Arlington Heights, a brochure pointing out the need for the proposed park expansion.

Under the direction of Mrs. Florence Hendrickson, club president, members have "marched for a new park program" to aid Arlington, one of the fastest growing suburbs in the northwest. Womans club members this week delivered thousands of brochures telling the park story.

The need for the park is made apparent by just a look at the number of swimmers that this year—in the space of 79 days—used the pool; more than 100,000 adults and youngsters.

Edward Wahl, president of the park board, reminded early in the campaign, that Arlington had reached the safety margin at the present pool, and vitally needs new park facilities.

'Grand Closing' To Aid Hospital Fund

One has often heard of grand openings but this week Robert Marsh of the Village Kooler, 818 E. Northwest hwy., Arlington Heights, is announcing a "grand closing" of the Kooler for the winter.

At that time 75 gallons of ice cream have got to go. Kiddies are invited to come out and fill up. No set price will be charged, but the youngsters will be asked to drop anything from a penny up into the "kitty" all of which will be turned over to the Northwest Community Hospital Center fund.

It is believed the 75 gallons will make up into more than 1,000 cones and youngsters will be served until the supply is depleted. First come, first served.

September Building Totals $1,158,155

September building permits issued in Arlington Heights totaled $1,158,155. This includes 59 single family homes at $1,101,900.

Other permits issued included: 19 additions and alterations to homes, $21,200; 1 alteration to commercial building (Lohr's Pharmacy), $2,960; 16 private garages, $16,095; 1 commercial building, 34 S. Evergreen, $16,000.

Challenges Trustee To Debate

Trustee Robert Bishop, leading proponent of village manager government in Arlington Heights, has challenged Trustee Forrest Davis to a public debate on the issue.

In a letter to the Fence Post this week, Bishop suggested a debate to clarify the issues for the public, which votes November 19 on a village manager referendum.

Bishop's letter was in answer to one by Davis published last week.

Difference of opinion is "healthy" said Bishop in his letter. "If you and I were to logically discuss our opposing views, I'm sure the electorate would benefit."

He proposed that he and Davis each appoint a representative with these 2 selecting a third person to form a committee of 3 to arrange time and place of the debate. They also would provide a moderator and set up rules.

Bishop said his appointee would be E. J. O'Brien, 629 Campbell st.

Okay on Water Improvements Await Financial Report

Village heads have come to an agreement as to what portion of the water improvement program given in the long range report of the village engineers should be done at this time and submitted their recommendations to Arlington Heights village board Tuesday night.

The recommendations were made as a result of a meeting Saturday, attended by Trustee Robert Bishop, chairman of the water committee, William Luehring, superintendent of public works, Carl Bowen, village engineer, and F. Robert Buechner, village manager.

* * *

THE OVERALL project would involve an expenditure of $676,000. However, the committee reported it was for the board to decide how much should be done through a revenue bond issue and how much should be done out of surplus monies in the water department.

Trustee James Millay requested the board be given a financial report on how the water account stands at this time and just how much money would be available, at this time and during the period of construction, out of surplus monies in the water account. He felt the board could not decide just how much of this project it could undertake at this time without knowing where the village stands financially.

The engineer was instructed to bring in a report on this matter as soon as possible.

The board concurred on 2 recommendations by the zoning board of appeals for rezoning to permit parking areas. One will provide parking facilities on N. Dunton ave., just north of the Presbyterian church. The other will provide parking facilities for a new business going up on east Northwest hwy. in the Stonegate subdivision.

The board also concurred on the recommendation of the building commissioner regarding a foundation poured for a new home and garage more than 2 years ago, but never completed. The excavation will be filled in and a lien put against the property until payment for the work done is received.

* * *

A LETTER received from the Chamber of Commerce informed the board it was opposed to the ordinance creating city sales tax of one-half cent, and another ordinance creating a public utility tax up to 5 per cent. These ordinances permit a village board to vote on either of these taxes without a referendum. The board placed the letter on file.

The Chamber of Commerce in another letter, urged the board to take precautions to have every new commercial building provide adequate parking space for employees and customers. The board already has an ordinance governing this matter.

Two resignations of plan commission members were accepted with regrets. The men resigning are George F. Schneberger and Herman J. Gaul Jr., both giving reasons of not having sufficient time to serve on the commission. The men have been replaced by George B. Hauff, 8 E. Euclid, and Leo J. Miller, 110 S. Vail.

Robert E. Espensen was appointed to fill a vacancy on the zoning commission due to the resignation of James W. Kelley, commission chairman. A new chairman will be appointed.

Apathy May Kill Solution To Critical High School Jam

by CHARLES HAYES

Will an apparent indifference and apathy among voters defeat a $3,500,000 bond issue for Arlington Heights high school district.

It seemed likely this week that swarms of "stay at home" voters might be to blame if the issue fails.

A "yes" vote would permit construction of a second high school to accommodate 2,500 students on a Foundry rd. site.

A "no" vote would throw the whole problem of overcrowding and substandard schooling back in the lap of a harassed board of education.

The decision will be made November 5 at the polls.

* * *

LETHARGIC CITIZENS can realize the enormity of the educational crisis facing communities in the district by touring the present building, talking with students and parents, observing class conditions, and studying enrollment figures, both present and projected.

The need for expansion is real. It cannot be over-emphasized or exaggerated—not in the face of facts.

An addition now under construction was long over-due, was not and could not be designed to meet swelling enrollments just ahead.

Without positive action from the electorate, Arlington Heights high school with its new addition in full operation will be faced within 24 months with the same alarming problems it grapples with now.

* * *

ONE SUCH PROBLEM is a critical fire hazard during 3 peak periods of the day when more than 1,700 students are pressed into the building.

A visitor to the school between fifth and sixth periods, for example, would be astounded to see conditions in the gym section, which also houses a cafeteria serving 576 pupils a period, and classrooms for foreign language, home economics, business education, common learnings, band and music.

When class bell rings, 940 youngsters attempt to squeeze through 2 8-ft. corridors and 2 9-ft. stairways on their way to other rooms.

After cold weather forces physical education classes inside, an additional 100 students per period will be added to the surge.

In the event of a fire alarm, escape routes at that time would be clogged with pupils unable to reach exits.

* * *

A GENERAL SAFETY hazard in the over-crowded building has alarmed students, too.

Bob Haskins, senior and vice president of student council, reported that hall jams made it impossible for him to travel 20 ft. across a corridor and into another room in less than 3 minutes.

Students have a maximum of 5 minutes to change classes, with most going to rooms widely separated.

Next year this hazard will be eliminated with the opening of the new addition, but the following year increased enrollments will recreate identical situations.

* * *

TEENAGERS are not learning as well at Arlington this year as they did last.

Students themselves are the first to admit that it's doubles sessions, lack of supervised study, lack of room that is responsible for a 323 per cent increase in the number of failing slips sent out this year over last.

One mother said frankly that if she had known what conditions at the high school were to be like, she would have placed her daughter in a private school.

Overcrowding has resulted in 1 less study period for students, shorter class periods for many, less supervised study in classrooms, and the impossibility of individual or special instruction outside class.

Opening of the new addition will rectify this only temporarily.

These problems are all caused by lack of space in a high school which at present can SAFELY accommodate 1,200 students but has an enrollment in excess of 1,700 with hundreds more to be funneled into the system in the near future.

* * *

THE HIGH SCHOOL'S extra curricular program was sliced in half this fall because of lack of room.

All that remains is the 'A" club, student council, publications, and state and national organizations.

Participants must meet during their single study period because double shifts run until 4:45 p.m. with all available room space in use. And while the new addition will eliminate double shifts next year, they will loom large again the following year unless school facilities are expanded.

Within the next few years the school expects 4,000 students in a building remodeled to hold a maximum of 2,500 students.

Said one worried parent:

"What is more important to us as citizens: a savings of $12 a year on the tax bill, or decent educational advantages for our sons and daughters?"

Discuss High School Issue At Open Meeting This Thursday

A major event in the information program on the high school bond referendum will be the public meeting in the Arlington Heights high school gymnasium Thursday, Oct. 27, at 8:15 o'clock. It is intended particularly for those who have not had an opportunity to hear the issue discussed at one of the many organizations which have already devoted time to this subject. Taking part in the program will be George H. Sheppard, president of the board of education, Joseph Brant and Kenneth E. Dougan, board members, and Charles Nicol, senior partner of the architectural firm of Nicol and Nicol.

Slides of the proposed building on Foundry rd. will be shown and there will be a full discussion of the overall plan for meeting the rapid growth in enrollment, construction time schedules, and costs.

* * *

A BROCHURE presenting essential facts of the proposition was mailed to all voters this week, and a letter of endorsement was sent last week by the citizens lay advisory committee.

Basically, the referendum will ask approval for the construction of a second high school building on Foundry rd. and authority to issue bonds in the amount of $3,500,000. The new building would, when completed, equal in size the school on Euclid st. including the addition now under construction. At the outset it will house freshmen and sophomores only. In the interest of flexibility, however, it is designed to house a full 4-year program, should a re-study of the population, enrollment, and curriculum trends in the district make that plan of operation more desirable.

* * *

ABSENTEE BALLOTS for the high school bond issue referendum to be held Saturday, November 5. are now available at the high school office on Euclid st. They must be returned in person by November 1 or by mail prior to the referendum November 5.

Absentee ballots are available to all otherwise eligible voters who will be out of the county on election day. In other respects the same voting requirements prevail; residence in the high school district for 30 days, in the county for 90 days and in the state for 1 year. Registration is not required.

1954 Delinquent Tax Lists Are Published In This Issue

The delinquent tax lists of 6 townships in this area are being published this week. The list of Wheeling and Elk Grove townships appears in the Arlington Heights Herald, Cook County Herald, Prospect Heights Herald, Wheeling Herald and Mt. Prospect Herald.

The lists of Barrington, Palatine, Hanover and Schaumburg appear in the Palatine Enterprise.

The taxes on some of the property listed may have been paid by the owners following the compilation of the list. Otherwise the delinquent property will be subject to sale on and after November 21, 1955.

We Thank The Railroad

The publication of all editions this week was made possible through the interest of James Ronayne, 1101 N. Kennicott, Arlington Heights, Chief Clerk to the Freight Traffic Manager Service, Chicago and North Western Railway.

When he read in last week's edition the newsprint situation facing Paddock Publications, he made every effort to have a car of paper from Canada arrive in Arlington Heights Wednesday.

The colored newsprint used in some of our editions this week was gathered from places as far distant as 200 miles. All newspapers are in a similar position.

Every effort is being made by the publishers to secure enough paper from irregular sources to augment the regular supply. Advertisers and readers can be assured everything possible will be done to maintain the present quality of the paper.

Kiddies To 'Paint The Town' Saturday

Four hundred and twenty-six 7th and 8th grade students from 4 schools will take part in the annual Chamber of Commerce Halloween window painting contest Saturday, from 9 a.m. to 12 noon.

The students will work in pairs and will decorate some 213 shop windows throughout the business district, according to Nelson Hauff, Chamber of Commerce executive secretary. Each pair of young artists will be assigned a space approximately 4'x4', and washable paint will be provided. Sketches will be approved at the child's school, and may not be changed once they are approved.

RULES FOR the contest prevent adult assistance and demand that all work be done free hand and without reference to a model of any kind except the approved sketch. Students also must leave the area in which they work clean and neat.

Judging will be done by 4 members of the Womens club art committee on Saturday afternoon; winning notices will be placed on the identified by numbers only until after the judging has been completed. The art work will be judged upon originality, composition, quality of drawing and over-all attractiveness.

PRIZES WILL BE awarded in both the 7th and 8th grade classifications as follows: 1st—$5; 2nd—$3; 3rd—$2; and 10 additional prizes of $1 each.

The Chamber of Commerce is to be complimented for their sponsorship of the Halloween painting contest. The subject provides a healthy outlet of the Halloween energies of boys and girls, as well as providing the shopping district with real Halloween atmosphere.

CORRECTION

Trustee Frederick Weber appeared before Judge Otto Kerner in county court last week at a hearing on the village manager referendum for Arlington Heights. It was erroneously reported in last week's editions that Trustee John Hoover had appeared.

Gerald Chapman, co-chairman of Citizens for a Village Manager, told the judge he was anxious for a November 19 election date because Des Plaines also votes on a manager that day. He felt that if the plan were defeated in Des Plaines it might have an adverse effect on the outcome here.

Destitute Family Grateful for Good Neighbors

Good neighbors in Arlington Heights and surrounding communities came to the front last week to help a destitute family living in the area.

Mrs. Ben Riley, who is in charge of receiving contributions, reported more than $200 has been received from people who read the story in last week's paper. An offering taken at Prospect Heights Baptist church netted an additional $123. This money will be used to pay the mortgage on the house and some of the other bills facing the family.

* * *

THE MOTHER, who is a polio victim and paralyzed from the waist down, and her 5 children, ranging in age from 1 to 16, are very appreciative of what the people are doing for them. Without this help they could not have carried on until state aid for dependent children and township relief was made available to them. The father of the family is hospitalized at state expense for an indefinite period, causing the family's income to be cut off completely.

* * *

GEORGE SCHIMMING of Schimming Oil Co. has offered to keep the family supplied with furnace oil during the coming winter. He also sent a man out to put a safety valve on the hot water tank.

Arlington Milk has offered to keep the family supplied with milk and Christen's Food Store will provide them with $10 to $12 worth of groceries each week.

Cricks Electric has checked the wiring in the home and has offered to do any wiring that is necessary to pass inspection requirements.

Still others are seeking to help finish the inside of the shell home, to put it in more livable condition. Men have volunteered to do the work but materials, such as wall board and flooring, are still needed. The basement floor, which is dirt, needs to be cemented, and the sump pump to carry the water out of the basement needs repairing.

Anyone still wishing to aid this family may do so by contacting Mrs. Ben Riley at 511 W. Wing st., Arlington Heights.

Son Of Arlington Couple Killed In Motorcycle Crash

Robert H. Schaff, 21, son of John Schaff, business manager at Arlington Heights high school, was killed instantly Saturday in a motorcycle accident near Barksdale air base at Shreveport, La.

The youth was born and raised in Elgin, but his parents recently moved to Arlington Heights so Mr. Schaff could be nearer his work.

Following his graduation from high school, Robert entered the University of Illinois but then enlisted in the air force and first was stationed at Lackland air base at San Antonio, Tex. Later he was transferred to Scott Field and then to Stewart air base in New York prior to being sent to Barksdale several months ago. While stationed in New York he was nominated for appointment at West Point.

In addition to his parents he is survived by 2 brothers, John, stationed at Camp Dietrich, Frederick, Md., and Paul W., now in Germany with the U. S. army. He also leaves his grandparents, Mr. and Mrs. W. F. Schaff of Arlington Heights, and Mrs George E. Hanson of Rockford.

Burial will be Friday in Arlington cemetery, Arlington, Va.

Time Changes Sunday

The time has come to recapture that hour of sleep lost last spring. At 2 a.m. Sunday residents are reminded to turn their clocks back 1 hour, at which time this area will revert to Central Standard Time.

Ask Approval of $675,000 Bond Issue for New Park

Arlington Heights residents were urged to vote on the Park District expansion program designed to "bring parks to the people" when the bond issue is present Saturday, Oct. 29.

Polls in 3 precincts established for this important program will open from 6 a.m. to 5 p.m. to facilitate voting.

Under the proposed bond issue, amounting to $675,000, Arlington residents will provide the fast-growing community with a new 23-acre park on the south side of Northwest hwy., including a new swimming pool of 150 feet x 75 feet, plus 5 neighborhood parks located geographically according to need.

Voters south of the North Western railroad tracks will cast their ballots at the gymnasium in South school; those residents living north of the tracks but east of Dunton st. will vote in the field house at Recreation Park, and residents in the area north of the tracks but east of Dunton ave. will vote in Ridge school.

The progressive park expansion program has received the approval of various civic leaders and follows a plan laid down by the Chicago Regional Planning Commission and the National Recreation Commission for suburbs the size of Arlington.

Voters may have received, in a recent campaign carried out by the Womans club of Arlington Heights, a brochure pointing out the need for the proposed park expansion.

Under the direction of Mrs. Florence Hendrickson, club president, members have "marched for a new park program" to aid Arlington, one of the fastest growing suburbs in the northwest. Womans club members this week delivered thousands of brochures telling the park story.

The need for the park is made apparent by just a look at the number of swimmers that this year—in the space of 79 days—used the pool; more than 100,000 adults and youngsters.

Edward Wahl, president of the park board, reminded early in the campaign, that Arlington had reached the safety margin at the present pool, and vitally needs new park facilities.

'Grand Closing' To Aid Hospital Fund

One has often heard of grand openings but this week Robert Marsh of the Village Kooler, 818 E. Northwest hwy., Arlington Heights, is announcing a "grand closing" of the Kooler for the winter.

At that time 75 gallons of ice cream have got to go. Kiddies are invited to come out and fill up. No set price will be charged, but the youngsters will be asked to drop anything from a penny up into the "kitty" all of which will be turned over to the Northwest Community Hospital Center fund.

It is believed the 75 gallons will make up into more than 1,000 cones and youngsters will be served until the supply is depleted. First come, first served.

September Building Totals $1,158,155

September building permits issued in Arlington Heights totaled $1,158,155. This includes 59 single family homes at $1,101,900.

Other permits issued included: 19 additions and alterations to homes, $21,200; 1 alteration to commercial building (Lohr's Pharmacy), $2,960; 16 private garages, $16,095; 1 commercial building, 34 S. Evergreen, $16,000.

Challenges Trustee To Debate

Trustee Robert Bishop, leading proponent of village manager government in Arlington Heights, has challenged Trustee Forrest Davis to a public debate on the issue.

In a letter to the Fence Post this week, Bishop suggested a debate to clarify the issues for the public, which votes November 19 on a village manager referendum.

Bishop's letter was in answer to one by Davis published last week.

Difference of opinion is "healthy" said Bishop in his letter. "If you and I were to logically discuss our opposing views, I'm sure the electorate would benefit."

He proposed that he and Davis each appoint a representative with these 2 selecting a third person to form a committee of 3 to arrange time and place of the debate. They also would provide a moderator and set up rules.

Bishop said his appointee would be E. J. O'Brien, 629 Campbell st.

Okay on Water Improvements Await Financial Report

Village heads have come to an agreement as to what portion of the water improvement program given in the long range report of the village engineers should be done at this time and submitted their recommendations to Arlington Heights village board Tuesday night.

The recommendations were made as a result of a meeting Saturday, attended by Trustee Robert Bishop, chairman of the water committee, William Luehring, superintendent of public works, Carl Bowen, village engineer, and F. Robert Buechner, village manager.

* * *

THE OVERALL project would involve an expenditure of $676,000. However, the committee reported it was for the board to decide how much should be done through a revenue bond issue and how much should be done out of surplus monies in the water department.

Trustee James Millay requested the board be given a financial report on how the water account stands at this time and just how much money would be available, at this time and during the period of construction, out of surplus monies in the water account. He felt the board could not decide just how much of this project it could undertake at this time without knowing where the village stands financially.

The engineer was instructed to bring in a report on this matter as soon as possible.

The board concurred on 2 recommendations by the zoning board of appeals for rezoning to permit parking areas. One will provide parking facilities on N. Dunton ave., just north of the Presbyterian church. The other will provide parking facilities for a new business going up on east Northwest hwy. in the Stonegate subdivision.

The board also concurred on the recommendation of the building commissioner regarding a foundation poured for a new home and garage more than 2 years ago, but never completed. The excavation will be filled in and a lien put against the property until payment for the work done is received.

* * *

A LETTER received from the Chamber of Commerce informed the board it was opposed to the ordinance creating city sales tax of one-half cent, and another ordinance creating a public utility tax up to 5 per cent. These ordinances permit a village board to vote on either of these taxes without a referendum. The board placed the letter on file.

The Chamber of Commerce in another letter, urged the board to take precautions to have every new commercial building provide adequate parking space for employees and customers. The board already has an ordinance governing this matter.

Two resignations of plan commission members were accepted **with regrets.** The men resigning are George F. Schneberger and Herman J. Gaul Jr., both giving reasons of not having sufficient time to serve on the commission. The men have been replaced by George B. Hauff, 8 E. Euclid, and Leo J. Miller, 110 S. Vail.

Robert E. Espensen was appointed to fill a vacancy on the zoning commission due to the resignation of James W. Kelley, commission chairman. A new chairman will be appointed.

Apathy May Kill Solution To Critical High School Jam

by CHARLES HAYES

Will an apparent indifference and apathy among voters defeat a $3,500,000 bond issue for Arlington Heights high school district.

It seemed likely this week that swarms of "stay at home" voters might be to blame if the issue fails.

A "yes" vote would permit construction of a second high school to accommodate 2,500 students on a Foundry rd. site.

A "no" vote would throw the whole problem of overcrowding and substandard schooling back in the lap of a harassed board of education.

The decision will be made November 5 at the polls.

* * *

LETHARGIC CITIZENS can realize the enormity of the educational crisis facing communities in the district by touring the present building, talking with students and parents, observing class conditions, and studying enrollment figures, both present and projected.

The need for expansion is real. It cannot be over-emphasized or exaggerated—not in the face of facts.

An addition now under construction was long over-due, was not and could not be designed to meet swelling enrollments just ahead.

Without positive action from the electorate, Arlington Heights high school with its new addition in full operation will be faced within 24 months with the same alarming problems it grapples with now.

* * *

ONE SUCH PROBLEM is a critical fire hazard during 3 peak periods of the day when more than 1,700 students are pressed into the building.

A visitor to the school between fifth and sixth periods, for example, would be astounded to see conditions in the gym section, which also houses a cafeteria serving 576 pupils a period, and classrooms for foreign language, home economics, business education, common learnings, band and music.

When class bell rings, 940 youngsters attempt to squeeze through 2 8-ft. corridors and 2 9-ft. stairways on their way to other rooms.

After cold weather forces physical education classes inside, an additional 100 students per period will be added to the surge.

In the event of a fire alarm, escape routes at that time would be clogged with pupils unable to reach exits.

* * *

A GENERAL SAFETY hazard in the over-crowded building has alarmed students, too.

Bob Haskins, senior and vice president of student council, reported that hall jams made it impossible for him to travel 2[illegible] ft. across a corridor and into another room in less than 3 minutes.

Students have a maximum of 5 minutes to change classes, with most going to rooms widely separated.

Next year this hazard will be eliminated with the opening of the new addition, but the following year increased enrollments will recreate identical situations.

* * *

TEENAGERS are not learning as well at Arlington this year as they did last.

Students themselves are the first to admit that it's doubles sessions, lack of supervised study, lack of room that is responsible for a 323 per cent increase in the number of failing slips sent out this year over last.

One mother said frankly that if she had known what conditions at the high school were to be like, she would have placed her daughter in a private school.

Overcrowding has resulted in 1 less study period for students, shorter class periods for many, less supervised study in classrooms, and the impossibility of individual or special instruction outside class.

Opening of the new addition will rectify this only temporarily.

These problems are all caused by lack of space in a high school which at present can SAFELY accommodate 1,200 students but has an enrollment in excess of 1,700 with hundreds more to be funneled into the system in the near future.

* * *

THE HIGH SCHOOL'S extra curricular program was sliced in half this fall because of lack of room.

All that remains is the 'A" club, student council, publications, and state and national organizations.

Participants must meet during their single study period because double shifts run until 4:45 p.m. with all available room space in use. And while the new addition will eliminate double shifts next year, they will loom large again the following year unless school facilities are expanded.

Within the next few years the school expects 4,000 students in a building remodeled to hold a maximum of 2,500 students.

Said one worried parent:

"What is more important to us as citizens: a savings of $12 a year on the tax bill, or decent educational advantages for our sons and daughters?"

Eastwood Events

Monthly Meeting

Tuesday evening, Nov. 1, Eastwood Community association will again hold its monthly meeting in the basement of the field house. A short business meeting will be followed by a speaker who will discuss the proposed new high school to be built on Foundry rd. November 5 is the date set for voting on the school and all residents are urged to be at the meeting to learn the facts on the need for the school.

Sincere sympathy is extended to the George Nuernberger family. Mr. Nuernberger's father died suddenly last week in Milwaukee where the family attended services Saturday.

Marie Scott, Dawn Anderson, Diane Rogers, Angeline Orgler, Larry Pakyz, John Wade, Jackie Mutti, Michael Barton, Paul Heitz and Steve Malaznik were among the upper grade children of St. James school who returned Monday from a weekend trip to Washington D. C. The group left by train Friday afternoon and arrived at the capitol Saturday to begin the tour of the historical spots. A midnight view of the brilliant blast furnaces in the Pittsburgh area was one of the highlights of the train trip. Many of the youngsters walked up and down the Washington Monument. Mrs. Jack Mutti was among the adults who accompanied the children on the excursion.

Good luck to Dr. and Mrs. L. D. Paajanen in their new home located at 515 S. Mitchell. They moved from their Dryden ave. residence Wednesday.

Jackie Luke celebrated her fourth birthday Saturday with an afternoon party of games and refreshments for her playmates. Her guests were Carol Johnson, Barbara Raasch, and Bonnie and Donna Burrow.

Welcome to our new neighbors who moved into Eastwood recently. Residing at 500 N. Lincoln lane are Mr. and Mrs. Dudley J. Woodman, who moved here from Atlanta, Ga. However, before living in Atlanta the Woodmans resided in Mt. Prospect so are familiar with this area.

Getting settled in their new home at 214 N. Beverly are Mr. and Mrs. Claud Leet and their children, Claudia, 6, a first grader at St. James, Steven, 4, and Christopher, 2. Mr. Leet is a sales engineer with Combustion Engineering in Chicago. The family formerly lived in Long Island, N. Y.

"Tricks or Treats and Hospital Pennies" is scheduled for Halloween night and the older children in the neighborhood will be recruited to carry the containers for the pennies. They will be given arm bands to wear so they can be identified. Mrs. Dennis, captain for the Eastwood area will be contacting these youngsters this week

Why George won't get much of a dinner tonight

Let an ELECTRIC Dryer do the work on washday

(Costs less to buy — yet you get the cleanest, fastest, dryest heat there is!)

Mrs. George O. has an automatic washer. But no dryer. Washday is still a lot of work. Not much of a dinner tonight.

You can't blame the Mrs. for that, George. You *could* get her an automatic electric dryer—complete and installed for about $2.43 a week. (Less than you spend for papers and coffee!)

And as your wife knows, an electric dryer does more than save work. It's faster because electric heat is the dryest heat there is. The cleanest, too.

A few cents' worth of electricity will dry a lot of laundry, George. And everything comes out smelling sweet and fresh. Soft and fluffy, too. Not stiff and rough from hanging on the line.

Electric dryers cost less to buy, you know. And when you buy an electric you *always* get an automatic.

How about it, George? Isn't it about time you got her an automatic electric dryer? Your appliance dealer can give you details about our new money-saving Installation Plan. Honest, it won't break you.

Now low as $2.43 a week with new share-the-cost installation plan

When you install a new electric clothes dryer, we share the cost of necessary wiring. You can save important money with our New Plan. For example, an electric dryer installation in a 1-family home now costs only about half as much as before. The Plan is available at *all* electric appliance dealers'. And you save more than money. Your TV picture improves, lights brighten—everything electrical works better. And you can install an electric range, water heater or air conditioner (that requires a 240-volt circuit) quickly and cheaply.

JUST DOGS

◆

by DAVE TERRILL

Table Manners

As with the child, table manners should be among the first things taught to a young dog. No dog can be considered well-behaved if he begs at the table. Unless he is firmly discouraged from this practice he will soon stick his nose on the table hoping for the best. Your visitors may not like a dog's nose in their food.

Feed your pup regularly and properly and then ignore him completely when the family is at its meals. He will look real cute sitting up and begging some scraps from the table, but you are inviting trouble by giving in. This does not mean that he shouldn't have a little something extra once in a while; however, see that it is given to him in his own dish and placed away from the table.

The dog may have a very soulful pair of eyes which he may use to work on your sympathy, and proceed to sit at your side until you finally decide that he has earned a little reward. However, if you persist in giving him food from the table you might find, as in the case of an owner of a Great Dane, the dog will walk over and proceed to eat the food right off of your plate before you have a chance to stop him.

Such actions are indeed not necessary and a little patience and effort will make for much more satisfactory manners around the family's dinner table.

Obedience Trial

The 10th annual obedience trial, held by the South side all breed dog training club Sunday, October 23, at the Englewood Masonic Temple in Chicago, had a record breaking entry of some 280 dogs.

Some of the people from our own area who had entries in the show included Mr. and Mrs. Charles B. Berry of Arlington Heights, with a Boxer; John Curley of Bensenville, a German Shepherd; Mildred Huck of Palatine, a German Shepherd; Erma E. Muster of Bensenville, a Weimaraner; Martha Jayne of Palatine, a German Shepherd; Mrs. Dorothy Brening of Arlington Heights, a German Shepherd and Susannah Sullivan of Arlington Heights, also with a German Shepherd. There were also many other entries from areas just outside those served by your paper, such as Lombard, Wheaton, Elmhurst, Barrington, etc.

Busy Weekends

Writing about the above obedience trial brings to mind that the coming weekends are going to be busy ones right up to about Christmas for those folks who are showing dogs at dog shows, obedience trials and field trials. On October 30 a lot of folks will be going down to the show at Champaign and then the following Saturday the Midwest Boxer club will be holding its annual specialty show. These will be going on, plus a number of field trials for sporting dogs and hounds.

JUST DOGS

◆

by DAVE TERRILL

Table Manners

As with the child, table manners should be among the first things taught to a young dog. No dog can be considered well-behaved if he begs at the table. Unless he is firmly discouraged from this practice he will soon stick his nose on the table hoping for the best. Your visitors may not like a dog's nose in their food.

Feed your pup regularly and properly and then ignore him completely when the family is at its meals. He will look real cute sitting up and begging some scraps from the table, but you are inviting trouble by giving in. This does not mean that he shouldn't have a little something extra once in a while; however, see that it is given to him in his own dish and placed away from the table.

The dog may have a very soulful pair of eyes which he may use to work on your sympathy, and proceed to sit at your side until you finally decide that he has earned a little reward. However, if you persist in giving him food from the table you might find, as in the case of an owner of a Great Dane, the dog will walk over and proceed to eat the food right off of your plate before you have a chance to stop him.

Such actions are indeed not necessary and a little patience and effort will make for much more satisfactory manners around the family's dinner table.

Obedience Trial

The 10th annual obedience trial, held by the South side all breed dog training club Sunday, October 23, at the Englewood Masonic Temple in Chicago, had a record breaking entry of some 280 dogs.

Some of the people from our own area who had entries in the show included Mr. and Mrs. Charles B. Berry of Arlington Heights, with a Boxer; John Curley of Bensenville, a German Shepherd; Mildred Huck of Palatine, a German Shepherd; Erma E. Muster of Bensenville, a Weimaraner; Martha Jayne of Palatine, a German Shepherd; Mrs. Dorothy Brening of Arlington Heights, a German Shepherd and Susannah Sullivan of Arlington Heights, also with a German Shepherd. There were also many other entries from areas just outside those served by your paper, such as Lombard, Wheaton, Elmhurst, Barrington, etc.

Busy Weekends

Writing about the above obedience trial brings to mind that the coming weekends are going to be busy ones right up to about Christmas for those folks who are showing dogs at dog shows, obedience trials and field trials. On October 30 a lot of folks will be going down to the show at Champaign and then the following Saturday the Midwest Boxer club will be holding its annual specialty show. These will be going on, plus a number of field trials for sporting dogs and hounds.

Sandwiched in among many of the above shows will be a number of obedience trials, held in connection with the confirmation dog shows and also separately by various obedience trial clubs.

County Welfare Officer Hails Family Service Agency Campaign Here

A movement to establish a family service agency in the northwest area was hailed Wednesday by Frank VerKoulen, public assistance officer of the Cook county department of welfare.

"Such an agency," explained VerKoulen, "serves the same need here as it does in the city. It is silly for suburban residents to think they are immune from serious social difficulties."

He said the only difference is that suburbs have refused over the years to recognize the presence of social problems.

"It's time we faced the reality of this need," he added.

The proposed agency to be privately supported would serve Park Ridge, Des Plaines, Mt. Prospect, Prospect Heights, Arlington Heights, Rolling Meadows, and Palatine. At present, there are no social service facilities available directly to residents in these towns, representing a population in excess of 91,000.

Newsmen Get Advance Tour Of New O'Hare

Representatives of the press got a preview peek Monday of the new airport facilities at O'Hare International Field near Park Ridge.

A special tour of the terminal building, airport, and a chartered flight was arranged for newsmen from this area.

Charles S. Paddock, vice president of Paddock Publications, represented the 10 weekly newspapers published by his firm.

When complete, O'Hare will be the finest, most modern air terminal in the world, capable of handling any airplane manufactured today or even contemplated for manufacture in future years.

Ten per cent of Chicago commercial air traffic will be transferred to O'Hare Sunday.

Sharing the huge air field facilities is the air force which has 2 jet fighter interceptor squadrons based there for protection of the Chicago area.

Newsmen were taken on a special American Airlines flight over the field and across Davenport, Ia., while dinner and refreshments were served.

Newsmen Get Advance Tour Of New O'Hare

Representatives of the press got a preview peek Monday of the new airport facilities at O'Hare International Field near Park Ridge.

A special tour of the terminal building, airport, and a chartered flight was arranged for newsmen from this area.

Charles S. Paddock, vice president of Paddock Publications, represented the 10 weekly newspapers published by his firm.

When complete, O'Hare will be the finest, most modern air terminal in the world, capable of handling any airplane manufactured today or even contemplated for manufacture in future years.

Ten per cent of Chicago commercial air traffic will be transferred to O'Hare Sunday.

Sharing the huge air field facilities is the air force which has 2 jet fighter interceptor squadrons based there for protection of the Chicago area.

Newsmen were taken on a special American Airlines flight over the field and across Davenport, Ia., while dinner and refreshments were served.

Roll Call

The lights were blazing, the walls were bulging, and the rumble of fatherly baritones took the place of youthful prattle, but the student body couldn't have been a more enthusiastic one. This was the picture when parents met to fill the places of their various small fry in seats that pinched, but in classrooms that looked infinitely more inviting than yesterday's. The curriculum as explained by each of the teachers, and the description of the day's pattern gave parents a real insight into what the coming year has to offer.

Total figure of attendance in the four K-5 schools (Junior high school totals aren't in yet) of 1575 parents proves that this is an ever increasingly popular event in the school year. The fact that enthusiasm was high enough to bring out parents of upper graders in large numbers is further evidence that interest does not pall after seeing what the primary grades are doing. One teacher was heard to say that she felt that she had a class of exceptional ability - could it not be that a combination of better than average school administration, interested parents, and enthusiastic teachers bring about such desirable results?

Time To Go

Voters will go to the polls November 5 to decide on a bond issue for a second high school to be erected on Foundry rd. Though there is building now going on at the site of the present high school to provide additional facilities, this addition will do no more than provide for the present student body without considering the increase during the coming years. It is recommended that everyone support this bond issue and urge his neighbor to do so also. Requirements for voting are that the voter be a resident of the state for 1 year, the county for 90 days, and the school district for 30 days.

Hippity-Hop

Rehearsals for "Harvey" are getting lively. Under the direction of Mary Tindall of the Village Theatre, parts and scenes are falling together into completion and at this point the entire cast, as well as those on the production staff, are beginning to sense the presence of the rambunctious rabbit.

This is the fourth year that the PTA is sponsoring a Village Theatre production and the comedy by Mary Chase offered this year promises to be delightful.

Room mothers will be calling parents to offer them the opportunity of purchasing tickets which may also be purchased at the door the nights of the presentation, November 4 and 5.

Do-Re-Mi-Mi-Mi-

Mother-Teacher singers met October 17 and both Mrs. Ray Taggart, chairman, and Miss Vivian Erwin, director, were pleased with the turnout of 30 mothers. Due to the fact that some 60 mothers filled in the blanks to indicate interest in the group, Mrs. Taggart wondered if some of the mothers might have missed out because the meeting place had to be changed at the last minute. Hereafter the group will meet in the second floor music room, room 206, where acoustics are more favorable for choral work. The next meeting will take place Monday and every second Monday at 8:15 thereafter.

Bike Inspection Going On

All schools are in the midst of bike inspection again. This is a twice yearly cooperative venture between the police department of Arlington Heights and the PTA. Bikes must meet the requirements of good brakes, suitable signals and good mechanical condition and will be supplied with strips of reflective tape to further insure safe riding in the darkening hours.

License applications will be given children whose bikes are approved by the police and parents are urged to see that necessary corrections are made and licenses purchased as soon as possible.

No Bungling Bundling Here

It's a wise mother who sees and takes the opportunity to clean closets. As evidenced by the picture elsewhere in this issue, Arlington Heights is full of wise mothers, for bundle days for 1955 brought out a good response.

Mrs. Charles P. Stewart, welfare chairman, thanks all who contributed and all who helped in the various schools.

Roll Call

The lights were blazing, the walls were bulging, and the rumble of fatherly baritones took the place of youthful prattle, but the student body couldn't have been a more enthusiastic one. This was the picture when parents met to fill the places of their various small fry in seats that pinched, but in classrooms that looked infinitely more inviting than yesterday's. The curriculum as explained by each of the teachers, and the description of the day's pattern gave parents a real insight into what the coming year has to offer.

Total figure of attendance in the four K-5 schools (Junior high school totals aren't in yet) of 1575 parents proves that this is an ever increasingly popular event in the school year. The fact that enthusiasm was high enough to bring out parents of upper graders in large numbers is further evidence that interest does not pall after seeing what the primary grades are doing. One teacher was heard to say that she felt that she had a class of exceptional ability - could it not be that a combination of better than average school administration, interested parents, and enthusiastic teachers bring about such desirable results?

Time To Go

Voters will go to the polls November 5 to decide on a bond issue for a second high school to be erected on Foundry rd. Though there is building now going on at the site of the present high school to provide additional facilities, this addition will do no more than provide for the present student body without considering the increase during the coming years. It is recommended that everyone support this bond issue and urge his neighbor to do so also. Requirements for voting are that the voter be a resident of the state for 1 year, the county for 90 days, and the school district for 30 days.

Hippity-Hop

Rehearsals for "Harvey" are getting lively. Under the direction of Mary Tindall of the Village Theatre, parts and scenes are falling together into completion and at this point the entire cast, as well as those on the production staff, are beginning to sense the presence of the rambunctious rabbit.

This is the fourth year that the PTA is sponsoring a Village Theatre production and the comedy by Mary Chase offered this year promises to be delightful.

Room mothers will be calling parents to offer them the opportunity of purchasing tickets which may also be purchased at the door the nights of the presentation, November 4 and 5.

Do-Re-Mi-Mi-Mi-

Mother-Teacher singers met October 17 and both Mrs. Ray Taggart, chairman, and Miss Vivian Erwin, director, were pleased with the turnout of 30 mothers. Due to the fact that some 60 mothers filled in the blanks to indicate interest in the group, Mrs. Taggart wondered if some of the mothers might have missed out because the meeting place had to be changed at the last minute. Hereafter the group will meet in the second floor music room, room 206, where acoustics are more favorable for choral work. The next meeting will take place Monday and every second Monday at 8:15 thereafter.

Bike Inspection Going On

All schools are in the midst of bike inspection again. This is a twice yearly cooperative venture between the police department of Arlington Heights and the PTA. Bikes must meet the requirements of good brakes, suitable signals and good mechanical condition and will be supplied with strips of reflective tape to further insure safe riding in the darkening hours.

License applications will be given children whose bikes are approved by the police and parents are urged to see that necessary corrections are made and licenses purchased as soon as possible.

No Bungling Bundling Here

It's a wise mother who sees and takes the opportunity to clean closets. As evidenced by the picture elsewhere in this issue, Arlington Heights is full of wise mothers, for bundle days for 1955 brought out a good response.

Mrs. Charles P. Stewart, welfare chairman, thanks all who contributed and all who helped in the various schools.

Wayside Women Attend Anniversary Luncheon

The Council of Catholic Women of the Chicago Archdiocese celebrated its 25th anniversary October 22 with a luncheon at the Conrad Hilton hotel.

His Eminence Samuel Cardinal Stritch, the council's sponsor, was principal speaker. Others included the Very Rev. Msgr. Thomas J. Fitzgerald, executive director; Rt. Rev. Msgr. Richard S. Kelly, chairman of the priests' advisory committee and Mrs. August G. Desch, president of the National Council of Catholic Women.

The Archdiocesan Council of Catholic Women, whose first meeting was held August 16, 1930, was formed to make membership in a Catholic action program possible for every Catholic woman in the Archdiocese. (A

Heights Lad Escapes Serious Injury As Auto Plunges 80 Feet

Three Colorado college students, William Gappert, 19, son of Mr. and Mrs. O. William Gappert, 620 E. Lincoln, Arlington Heights, William Schoefield, 20, and Lou Roberson, 18, suffered only superficial cuts and bruises last Saturday when their automobile went out of control and rolled some 80 feet to the bottom of a fill on Highway 67, about 4 miles north of Cripple Creek, Colo.

According to official accident reports the 3 Colorado Springs men were traveling north on the highway at about 45 miles per hour, when the car struck a patch of loose gravel. Going into a slight skid, Schoefield became excited and applied the brakes, throwing the car completely out of control and over the enbankment.

The 3 men, dazed, but only slightly hurt, climbed back to the highway where they were picked up and taken to Cripple Creek hospital for treatment. The car was badly damaged.

Pancake Breakfast

Scout organizations of St. James Catholic church, Arlington Heights, will sponsor a pancake breakfast November 6 in the school basement, N. State rd.

Serving will begin at 7 a.m. and continue as long as there are customers.

Proceeds will be used for scouting equipment, according to Dick Clark, chairman of the breakfast. Besides the 2 regular boy scout troops, the church's cub scout pack and Explorer troop are sharing in giving the breakfast.

BACKSTAGE

Thumbnail sketches of personalities associated with "Harvey," the PTA sponsored comedy by Mary Chase appearing at the Arlington Heights Junior high school gymnasium, November 4 and 5, 8:30 p. m. It is being presented by Village Theatre, Inc., and directed by Mary Tindall.

Mary Tindall

While "Harvey" is the first 3-act play Mary has directed for Village Theatre, she has a wealth of previous amateur experience.

She received her B.A. degree in speech from Springfield, Mo., State Teachers college and her M.A. in theatre from the University of Iowa. Mary's activity in founding Little Theatre groups is practically world-wide. She was instrumental in starting the Springfield, Mo., Little Theatre and started the American Theatre group in Copenhagen, Denmark. Since joining Arlington Heights Village Theatre Mary's career has been very active. She played leads in "Life with Father" and "Male Animal," spectacularly costumed "Cinderella" and is currently vice president and talent bank chairman.

Bob Hawley

"Mr. President" of Village Theatre, Bob Hawley, is Elwood P. Dowd in "Harvey." Bob, who is employed by Harris Trust and Savings Bank of Chicago, has been a member of the theatre group for 5 years. He is well-known to Arlington Heights "theatre goers" for his excellent work in "Blythe Spirit," "Life with Father," "Silver Whistle," "Sleeping Beauty," "Jack and the Beaustalk" and "Hansel and Gretel." Bob produced last year's PTA 'Winter Revue," and was associated with George Fanelli's orchestra for 8 years.

Ruth Raasch

Ruth Raasch moved to Arlington Heights September 1 from Sioux Falls, S. D. Even before her suitcases were unpacked she was trying out for "Harvey" and was cast for "Veta Louise Simmons." Mrs. Raasch was a violin and music major at Grinnell college. She played summer stock in Brainerd, Minnesota, where, incidentally, she was also "Veta" in "Harvey." Roles she has portrayed are Hariet in "Man Who Came to Dinner," Ellen in "Male Animal," demented woman in "Detective Story" and Goody-Good in "The Crucible." She has taught music privately and in public schools.

Marian Malcolmson

A charter member of Village Theatre and its first president, Marian Malcolmson plays the role of Myrtle Mae Simmons in "Harvey." Marian received her A.B. in theatre at Smith college and has had experience in summer theatre at Northwestern university and at a Michigan resort. One of Village Theatre's most active members and staunchest supporters Marian has directed 7 of the group's 3 act plays, has had featured roles in 3 productions, and has appeared in 4 children's shows. Mrs. Malcolmson was vice president of Village Theatre and talent bank chairman for the 1954-55 season, and was director of the recent Centennial play at the First Presbyterian church, Arlington Heights.

Maurice Geye

While it is a rarity to see Maurice Geye appear on the stage, it's practically an impossibility to produce a Village Theatre play without him. Acting as technical director it is he who is responsible for the very professional setting of each play. Mr. Geye's only appearance on the stage was the Internal Revenue agent in "You Can't Take It With You."

Set Dates For Parent Conferences At Public Elementary Schools

Children of the public elementary schools will be dismissed early in the afternoon beginning October 31, and continuing for a 2-week period, to provide time for parent-teacher conferences, Superintendent R. E. Clabaugh announced.

Junior high students will go home at 2:06, and kindergarten through fifth grade groups will be dismissed at 2:35.

Kindergarten classes will not be in session November 10, with the exception of the mid-day session at the North school.

Parent-teacher conferences are a regular part of the school's program of reporting pupil progress to parents, and are held twice yearly in fall and spring. In January, teachers write a "diagnostic letter" to parents in which they review the child's progress for the first half year and describe his place in his group.

"Regular parent-teacher conferences not only provide an opportunity for the teacher to report to the parents, but also allows the parent and teacher to plan together for future education of the child," Mr. Clabaugh said.

Travel Class To 'Tour Iceland'

Members of the travel and adventure lecture course of Arlington Heights high school adult evening division will view a magnificent color film on Iceland, narrated by Robert Davis, Tuesday, Nov. 1, at 8 p.m.

Davis says of this country in the North Atlantic "Leif Erickson, an Icelander, discovered America in the year 1000. It has taken America 1000 years to discover Iceland." The thrilling documentary motion picture of a badly misunderstood country is certain to please those in search of something different.

On the film journey the visitor climbs an erupting volcano and fires harpoons into 30-ton Finback whales. The people are photographed engaged in their interesting industries, and one becomes acquainted with their customs and ways of life. Picturesque farm homes are visited with Mr. Davis providing the background of information which contributes to an understanding of their lives.

A scene of a thundering waterfall, a hike onto a glacier and over lava flows add to the adventure in what has been called "a nice land, not an ice land."

Vision Tests To Be Given At Arlington

Vision tests will be given to all students of Arlington Heights high school between October 31 and November 4.

Mrs. Esther Schultz, field representative of the Illinois Society for the Prevention of Blindness, will conduct the tests with the assistance of Mrs. Ivah Hufnagel, school nurse, and volunteers from the Teacher-Parent council. Volunteers will be trained to assist in the program.

The tests will mark the first large scale use of the Massachusetts Vision Testing Machine recently donated to the school by the Arlington Heights Womans club. This machine will remain at the school for individual testing as needed. Five other machines will also be available for the tests.

Vision tests for all students are an annual service of the school health department. (AKCM

Heights Lad Escapes Serious Injury As Auto Plunges 80 Feet

Three Colorado college students, William Gappert, 19, son of Mr. and Mrs. O. William Gappert, 620 E. Lincoln, Arlington Heights, William Schoefield, 20, and Lou Roberson, 18, suffered only superficial cuts and bruises last Saturday when their automobile went out of control and rolled some 80 feet to the bottom of a fill on Highway 67, about 4 miles north of Cripple Creek, Colo.

According to official accident reports the 3 Colorado Springs men were traveling north on the highway at about 45 miles per hour, when the car struck a patch of loose gravel. Going into a slight skid, Schoefield became excited and applied the brakes, throwing the car completely out of control and over the enbankment.

The 3 men, dazed, but only slightly hurt, climbed back to the highway where they were picked up and taken to Cripple Creek hospital for treatment. The car was badly damaged.

Pancake Breakfast

Scout organizations of St. James Catholic church, Arlington Heights, will sponsor a pancake breakfast November 6 in the school basement, N. State rd.

Serving will begin at 7 a.m. and continue as long as there are customers.

Proceeds will be used for scouting equipment, according to Dick Clark, chairman of the breakfast. Besides the 2 regular boy scout troops, the church's cub scout pack and Explorer troop are sharing in giving the breakfast.

BACKSTAGE

Thumbnail sketches of personalities associated with "Harvey," the PTA sponsored comedy by Mary Chase appearing at the Arlington Heights Junior high school gymnasium, November 4 and 5, 8:30 p. m. It is being presented by Village Theatre, Inc., and directed by Mary Tindall.

Mary Tindall

While "Harvey" is the first 3-act play Mary has directed for Village Theatre, she has a wealth of previous amateur experience.

She received her B.A. degree in speech from Springfield, Mo., State Teachers college and her M.A. in theatre from the University of Iowa. Mary's activity in founding Little Theatre groups is practically world-wide. She was instrumental in starting the Springfield, Mo., Little Theatre and started the American Theatre group in Copenhagen, Denmark. Since joining Arlington Heights Village Theatre Mary's career has been very active. She played leads in "Life with Father" and "Male Animal," spectacularly costumed "Cinderella" and is currently vice president and talent bank chairman.

Bob Hawley

"Mr. President" of Village Theatre, Bob Hawley, is Elwood P. Dowd in "Harvey." Bob, who is employed by Harris Trust and Savings Bank of Chicago, has been a member of the theatre group for 5 years. He is well-known to Arlington Heights "theatre goers" for his excellent work in "Blythe Spirit," "Life with Father," "Silver Whistle," "Sleeping Beauty," "Jack and the Beaustalk" and "Hansel and Gretel." Bob produced last year's PTA 'Winter Revue," and was associated with George Fanelli's orchestra for 8 years.

Ruth Raasch

Ruth Raasch moved to Arlington Heights September 1 from Sioux Falls, S. D. Even before her suitcases were unpacked she was trying out for "Harvey" and was cast for "Veta Louise Simmons." Mrs. Raasch was a violin and music major at Grinnell college. She played summer stock in Brainerd, Minnesota, where, incidentally, she was also "Veta" in "Harvey." Roles she has portrayed are Hariet in "Man Who Came to Dinner," Ellen in "Male Animal," demented woman in "Detective Story" and Goody-Good in "The Crucible." She has taught music privately and in public schools.

Marian Malcolmson

A charter member of Village Theatre and its first president, Marian Malcolmson plays the role of Myrtle Mae Simmons in "Harvey." Marian received her A.B. in theatre at Smith college and has had experience in summer theatre at Northwestern university and at a Michigan resort. One of Village Theatre's most active members and staunchest supporters Marian has directed 7 of the group's 3 act plays, has had featured roles in 3 productions, and has appeared in 4 children's shows. Mrs. Malcolmson was vice president of Village Theatre and talent bank chairman for the 1954-55 season, and was director of the recent Centennial play at the First Presbyterian church, Arlington Heights.

Maurice Geye

While it is a rarity to see Maurice Geye appear on the stage, it's practically an impossibility to produce a Village Theatre play without him. Acting as technical director it is he who is responsible for the very professional setting of each play. Mr. Geye's only appearance on the stage was the Internal Revenue agent in "You Can't Take It With You."

Set Dates For Parent Conferences At Public Elementary Schools

Children of the public elementary schools will be dismissed early in the afternoon beginning October 31, and continuing for a 2-week period, to provide time for parent-teacher conferences, Superintendent R. E. Clabaugh announced.

Junior high students will go home at 2:06, and kindergarten through fifth grade groups will be dismissed at 2:35.

Kindergarten classes will not be in session November 10, with the exception of the mid-day session at the North school.

Parent-teacher conferences are a regular part of the school's program of reporting pupil progress to parents, and are held twice yearly in fall and spring. In January, teachers write a "diagnostic letter" to parents in which they review the child's progress for the first half year and describe his place in his group.

"Regular parent-teacher conferences not only provide an opportunity for the teacher to report to the parents, but also allows the parent and teacher to plan together for future education of the child," Mr. Clabaugh said.

Travel Class To 'Tour Iceland'

Members of the travel and adventure lecture course of Arlington Heights high school adult evening division will view a magnificent color film on Iceland, narrated by Robert Davis, Tuesday, Nov. 1, at 8 p.m.

Davis says of this country in the North Atlantic "Leif Erickson, an Icelander, discovered America in the year 1000. It has taken America 1000 years to discover Iceland." The thrilling documentary motion picture of a badly misunderstood country is certain to please those in search of something different.

On the film journey the visitor climbs an erupting volcano and fires harpoons into 30-ton Finback whales. The people are photographed engaged in their interesting industries, and one becomes acquainted with their customs and ways of life. Picturesque farm homes are visited with Mr. Davis providing the background of information which contributes to an understanding of their lives.

A scene of a thundering waterfall, a hike onto a glacier and over lava flows add to the adventure in what has been called "a nice land, not an ice land."

Vision Tests To Be Given At Arlington

Vision tests will be given to all students of Arlington Heights high school between October 31 and November 4.

Mrs. Esther Schultz, field representative of the Illinois Society for the Prevention of Blindness, will conduct the tests with the assistance of Mrs. Ivah Hufnagel, school nurse, and volunteers from the Teacher-Parent council. Volunteers will be trained to assist in the program.

The tests will mark the first large scale use of the Massachusetts Vision Testing Machine recently donated to the school by the Arlington Heights Womans club. This machine will remain at the school for individual testing as needed. Five other machines will also be available for the tests.

Vision tests for all students are an annual service of the school health department. (AKCM

Girl Scout News

North Arlington Heights Neighborhood meeting at the field house last Thursday was a source of information to its large attendance. Mrs. Marion Born, neighborhood chairman, after reporting on the success of the craft workshop last month, announced a song workship to be held November 2 at the Methodist church from 9:30 until noon. Mrs. Martha Hughson of Mt. Prospect will also teach games. Leaders and committee members are urged to attend and bring with them copies of "Ditty Bag" and "Sing Together." The program of the meeting pertained to the council structure. Mrs. John Durgum was questionairre and quized Mrs. Born, a troop leader and troop committee member. Mrs. Betty MacDonald, district chairman of district 4, explained her division. Mrs. Marian Gow gave details concerning the training committee and Mrs. Arleene Smith gave the report on the council meetings and what they try to do for the individual girl.

The announcement was made concerning the division of the north Arlington Heights neighborhood, which has grown too large for only 1 neighborhood and feels the problems of all its girls. Mrs. Born will ramain chairman of the east Arlington Heights group and a nominating committee will chose a slate to assist her. This committee will also submit a slate for west Arlington Heights. The division of east and west is done as to where the troop meets. This will make 3 growing neighborhoods in Arlington Heights.

Miss Karen Palmer is the new scribe for troop 24. These girls went on a "penny hike" last week with each girl to collect 5 autumn leaves and identify them.

Senior scouts are working on their faculty dinners. Last week they had 13 guests. These senior scouts are girls who donated their services in helping at the migrant school in Des Plaines last summer. They were able to teach games and crafts to 200 children.

Intermediate scouts of troop 11 donated their dues last week to add to the hospital fund.

Those in attendance at the neighborhood meeting decided to pay for the coffee served at the meeting so that they as mothers could add their bit to the growing hospital fund.

Masons Seek Zoning Change To Permit Erection Of Lodge

A public hearing slated for November 10 on rezoning of the northwest corner of Miner and Douglas sts. may be postponed at the request of Arlington Heights Masonic lodge.

The Masons, who seek a zoning variation to permit erection of a new lodge hall on the site, have asked a continuance since the annual meeting of Eastern Star falls on the same night as the zoning hearing.

If permitted by the zoning board, the Masons will build a hall similar in architecture to the public library, located just east of the property in question.

At present the Masons meet in rented quarters at First Presbyterian church, which has notified them that at the end of 1956 the church will be forced to use the space for its own activities.

The lot at Miner and Douglas sts. was purchased 7 years ago as a building site.

Arlington Heights lodge includes Masons from Mt. Prospect, Prospect Heights, Rolling Meadows and Arlington Heights.

From The Police Blotter . . .

Albert Scott, 16, E. Northwest hwy., Arlington Heights, reported to police that someone threw a rock through the windshield of his auto while it was parked in the railroad parking lot between State rd., and Evergreen, October 19.

Firemen were called to the field house last Wednesday night to put out a car fire. The 1949 auto belonged to Richard Kimbrough, 114 S. Louis, Mt. Prospect.

Another car reported to be on fire turned out to be an overheated radiator, due to a broken hose connection. The auto belonged to Mrs. Sarvana, 725 N. Harvard.

Boys were reported throwing paint on the steps of the new high school gym, but made a get-away before police arrived. A gallon of red paint was left at the scene.

Two men were picked up for driving under the influence of liquor. Both were involved in auto accidents. Their cases will come up before Judge William Neumann Monday night.

Orin Breda reported someone let the air out of his tires while his car was parked on Dwyer, south of Euclid.

A group of teenagers was arrested Sunday in the 1100 block on N. Dunton, for disorderly conduct. A neighbor reported that 25 or 30 cars were speeding up and down the street. All squad cars were sent to the scene where one car contained a 16-year-old boy and girl who were holding an empty beer can, contents of which they admitted drinking. Another 16-year-old boy said he brought the beer at a Palatine tavern. The case was turned over to the juvenile authorities and will be heard in Palatine Saturday morning.

Traffic court netted $908 Monday night, with a total of 111 cases being heard. Most of the violations were for speeding, while other tickets were issued for no driver's license, parking too near a fire hydrant and failure to stop for a stop sign.

Womans Club Plans 'Get Out The Vote' Campaign

Arlington Heights Womans club will again sponsor a "get out the vote" campaign covering each of the several elections to be held in November. As in the past, this campaign will be a completely non-partisan effort to see that everyone in the village is reminded of the election and that everyone knows the location of his polling place.

The League of Women Voters, still a provisional group, has agreed to give the Womans club full support in this drive to cover every home in the village, and all are pledged to keep this a dignified campaign in the tradition established by the Womans club in the past.

All squad cars were sent to the scene where one car contained a 16-year-old boy and girl who were holding an empty beer can, contents of which they admitted drinking. Another 16-year-old boy said he brought the beer at a Palatine tavern. The case was turned over to the juvenile authorities and will be heard in Palatine Saturday morning.

Traffic court netted $908 Monday night, with a total of 111 cases being heard. Most of the violations were for speeding, while other tickets were issued for no driver's license, parking too near a fire hydrant and failure to stop for a stop sign.

Words & Music

By Erica Floyd

All who saw "Time Out for Ginger" presented last weekend by Arlington Heights high school students, will be eagerly awaiting the school's spring production, for the group established a reputation for good high school theater.

Tackling the problems of "theater-in-the-round," made necessary by construction at both ends of the gymnasium, the cast presented the play in such convincing portrayal that the audience readily overlooked the limitations of the arena stage and supplied their own imagined walls and background.

The intimate contact between cast and audience seemed to spur the actors to fine performance.

Pete Barnes portrayed a convincing Howard Carol, a "progressive" parent of 3 delightfully different teen-age daughters, played effectively by Alice Olson, Carol Feige and Sandy Froyd.

Don Butts as Eddie Davis provided a hilarious comedy touch. Marge McCarron acted the sympathetic mother role and Joan Edmonds the autocratic housekeeper. Alan Hutchinson, as Ginger's boyfriend, Bob Lenz in the role of high school principal, and Walter Christophersen as the bank president, carried their parts well.

Much credit for the performance is due Douglas Murphy, director of the play, and Mrs. Phyllis Maxwell, manager of the technical staff.

A remarkable woman who is carrying her interest in homemaking and children into the broader area of teaching is Mrs. Roy C. Kacena of Prospect Heights.

Primarily concerned with the human relations element and character development of children as applied in public school education, Mrs. Kacena is taking a liberal arts course at Elmhurst college, majoring in education.

Prompted by the nation-wide need for good teachers, Mrs. Kacena is now in her sophomore year, taking a full load of 17 hours.

It takes efficient planning of time for Mrs. Kacena to effectively combine her classwork, studying and homemaking activities, but the full cooperation and appreciation of her family helps a great deal.

An experienced cook, Mrs. Kacena primarily prepares food by the dib of this and dab of that method. However, for today's column she choose a recipe with definite proportions.

It is for Almond Rolls, a crisp and flavorful cookie. A Bohemian recipe, these cookies are not too sweet but have a special flavor from the lemon-almond combination.

They will keep indefinitely, though they never last long in the Kacena household. Mrs. Kacena makes them all year round, but Almond Rolls are an excellent Christmas cookie, too.

Mrs. Kacena has worked with children in various community activities for the past ten years. Though her present endeavors have forced her to curtail some of these activities she is still active in the Women's Guild and choir of the Prospect Heights Community church and teaches Sunday school.

Almond Rolls

½ pound butter or margarine
1 egg yolk
1 cup powdered sugar
2 cups flour
Rind of 1 fresh lemon
½ pound blanched almonds, cut coarsely

Cream Butter. Add egg yolk.

Add remaining ingredients, blend together and chill in refrigerator.

Form dough into a long roll. The width of the roll should be the length of your finger, the heighth should be the thickness of your finger.

Cut dough into finger-size pieces, shaping the corners so that the cookies are crescent-shaped.

Bake 12 to 15 minutes, until lightly brown.

Symphony Concert Tickets Now on Sale

"The best of music within the reach of everyone" is the slogan of the Northwest Symphony's season ticket campaign which begins November 1. "We have one of the finest orchestras in the Chicago area. The concerts at Maine Township high school are only a short distance from our homes, and the cost is so low that one can not afford to miss the opportunity!" commented Mrs. Savena Gorsline, chairman of the ticket committee of the symphony board, as she announced the campaign this week.

The orchestra will play 3 concerts during the 1955-56 season, November 29, March 4, and May 20.

Playing members and members of the board of directors of the symphony will be contacting friends and neighbors to offer season tickets for sale. Anyone not contacted may secure a ticket by calling Erwin Brunn at Palatine 411J2.

"Purchasers of season tickets not only secure a wonderful bargain for themselves," said Mrs. Gorsline, "they also join patrons and associate members in supporting their neighbors and friends in the orchestra, by indicating their intention to attend all of the concerts."

Local residents wishing to audition as soloists with the orchestra should contact Perry Crafton, musical director, by letter at 6924 N. Ottawa ave., Chicago 31.

Favorites For Flavor

A remarkable woman who is carrying her interest in homemaking and children into the broader area of teaching is Mrs. Roy C. Kacena of Prospect Heights.

Primarily concerned with the human relations element and character development of children as applied in public school education, Mrs. Kacena is taking a liberal arts course at Elmhurst college, majoring in education.

Prompted by the nation-wide need for good teachers, Mrs. Kacena is now in her sophomore year, taking a full load of 17 hours.

It takes efficient planning of time for Mrs. Kacena to effectively combine her classwork, studying and homemaking activities, but the full cooperation and appreciation of her family helps a great deal.

An experienced cook, Mrs. Kacena primarily prepares food by the dib of this and dab of that method. However, for today's column she choose a recipe with definite proportions.

It is for Almond Rolls, a crisp and flavorful cookie. A Bohemian recipe, these cookies are not too sweet but have a special flavor from the lemon-almond combination.

They will keep indefinitely, though they never last long in the Kacena household. Mrs. Kacena makes them all year round, but Almond Rolls are an excellent Christmas cookie, too.

Mrs. Kacena has worked with children in various community activities for the past ten years. Though her present endeavors have forced her to curtail some of these activities she is still active in the Women's Guild and choir of the Prospect Heights Community church and teaches Sunday school.

Almond Rolls

½ pound butter or margarine
1 egg yolk
1 cup powdered sugar
2 cups flour
Rind of 1 fresh lemon
½ pound blanched almonds, cut coarsely

Cream Butter. Add egg yolk.

Add remaining ingredients, blend together and chill in refrigerator.

Form dough into a long roll. The width of the roll should be the length of your finger, the heighth should be the thickness of your finger.

Cut dough into finger-size pieces, shaping the corners so that the cookies are crescent-shaped.

Bake 12 to 15 minutes, until lightly brown.

Symphony Concert Tickets Now on Sale

"The best of music within the reach of everyone" is the slogan of the Northwest Symphony's season ticket campaign which begins November 1. "We have one of the finest orchestras in the Chicago area. The concerts at Maine Township high school are only a short distance from our homes, and the cost is so low that one can not afford to miss the opportunity!" commented Mrs. Savena Gorsline, chairman of the ticket committee of the symphony board, as she announced the campaign this week.

The orchestra will play 3 concerts during the 1955-56 season, November 29, March 4, and May 20.

Playing members and members of the board of directors of the symphony will be contacting friends and neighbors to offer season tickets for sale. Anyone not contacted may secure a ticket by calling Erwin Brunn at Palatine 411J2.

"Purchasers of season tickets not only secure a wonderful bargain for themselves," said Mrs. Gorsline, "they also join patrons and associate members in supporting their neighbors and friends in the orchestra, by indicating their intention to attend all of the concerts."

Local residents wishing to audition as soloists with the orchestra should contact Perry Crafton, musical director, by letter at 6924 N. Ottawa ave., Chicago 31.

Mrs. Kopp has written and directed the Arlington Heights park district water ballets for the past 2 seasons and engaged in a variety of activities at college where she was named Miss Wittenberger last spring

ARLINGTON GREENS

Halloween Costume Dance

The costume dance Friday night scored a terrific hit. Festivities started in the Greens even before the dance when "Minnihaha and Hiawatha," alias Ruth and Ray Epsky entertained a group of friends at a cocktail party. The Epskys were also celebrating their eighth wedding anniversary Friday although their anniversary was actually October 25. Neighbors who attended the warm-up party were Dottie and "Red" Funk, Doris and John Davis, Rosemary and Karl Buttstadt, Arlene and Bill Forpe, and Terry and Ray Bylski.

The night of fun began when characters "2 by 2" crossed the threshold into the inner sanctum of the Hartmann house. Howls of laughter greeted Meg and Bill Kelly and Hazel and Dan Salberg when they arrived. Bill and Dan were the "ladies" for the evening and their outfits were complete even to gold sandals on Dan's feet and smartly styled wigs. They were escorted by Meg and Hazel who were disguised to perfection as "husbands" complete with cigars and mannish manners. Bill and Dan also reached for their cigars before the evening was over and the heavy smoke coming from such well-dressed ladies only made their get-up more hilarious. If there had been a prize for the most frightening costume, Ed Koren would have walked off with it because of his ghoulish mask and claw like hands. The combination provoked many a shudder. Toward the end of the evening however the mask became hot and Ed turned it around to the back and became a 2-faced character. All of tiny Jane Brown was encased in a scarecrow costume that was so real in appearance as to make one wonder whether or not "it" was alive. Alice Nichols came as a red devil complete with horns and black cape—any similarity between Alice and her costume was purely coincidental! Chuck and Donna Thompson arrived as an Hawaiian couple and could have come direct from Honolulu so authentic was their costume. Chuck by the way celebrated his birthday Friday night and had a loud chorus of voices to sing him happy birthday. Jean and Gary Waffle had a clever idea for their costume. Jean was dressed as little red riding hood and Gary was "the wolf in Grandma's clothing." Of course, there had to be a doctor in the house and it was none other than Jack Summers attired in a "blood" stained white doctor's uniform and carrying his delicate surgical instruments which included a hatchet, saw, pliers, plus other "realistic" items. When the combo, Pastels by name, started to play the Bunny-Hop who hopped onto the dance floor to lead the line but a large white rabbit with fluffy tail, alias Jack Stegenga Also seen on the dance floor were Herb and Marge Riemann dressed in boy and girl scout uniforms—but the comedy of error was the fact that Herb was the sweet little girl scout with red curls and Marge was the boy scout! Can't forget Ann and Bob McLean who as little children in short dress and short pants were carrying lolly-pops. Everyone other than the social chairman and their wives was eligible for the prize which was awarded to the couple in the most original costume. Judging was by the Pastels and the prize went to Pat and Paul Miresse who stole the show in their black cannibal costume with green crepe paper "grass skirt." Never did get the name of their tribe but it must have been a vicious one since they were carrying homemade, but nevertheless, highly pointed spears. Ironically the prize they won was a chafing dish in a black wrought iron stand. The old days when cannibals cooked their victims in big kettles is a thing of the past —the Miresses can now use their chafing dish and discard the kettle. Just wish there were enough space to describe all the costumes since all were original and so clever

due to newsprint restrictions. But here are a couple of things we thought our readers would be interested in knowing:

1st in nation again—American Press survey revealed Paddock Publications advertising lineage again led nation's weeklies as polled by that magazine, this time during July and August.

21,000 homes—Circulation of Paddock Publications now reaches over 21,000 homes weekly, a new record.

Prospect Heights Edition—Of Mt. Prospect Herald is now 3 weeks old, providing readers of that community with more news than ever.

Wheeling Herald—Serving Wheeling newsstands the past 6 years, and a duplicate of Cook County Herald reaching Wheeling subscribers the past 84 years, will soon clear red tape and be given second class entry. At that time ALL Wheeling readers will receive their news under the name Wheeling Herald.

Dunhurst Heights—Wheeling's newest subdivision with 25 homes occupied, 474 sold, and all to be occupied within months, will also receive the Wheeling Herald as fast as new residents move in.

Rolling Meadows—Circulation of the paper serving this rapidly growing community is about to reach the 1,000 mark, where not a home was occupied just over 2 years ago.

Newsprint Supply—is the most serious in 57-year history of Paddock Publications. We're tightening our belts, the pages, moving up some advertising deadlines. Columns on the feature page will be distributed to other pages. Cartoons on the classified pages will disappear for awhile.

We thank you—for bearing with us. We hope the newsprint outlook will change by spring. We're determined to give readers the same amount of news as before, and serve advertisers even better. It will mean more page changes on our part, thus earlier deadlines, omitting some details of stories, etc. But we're sure your cooperation will mean we can successfully continue serving the fastest growing area around Chicago.

ARLINGTON GREENS

Halloween Costume Dance

The costume dance Friday night scored a terrific hit. Festivities started in the Greens even before the dance when "Minnihaha and Hiawatha," alias Ruth and Ray Epsky entertained a group of friends at a cocktail party. The Epskys were also celebrating their eighth wedding anniversary Friday although their anniversary was actually October 25. Neighbors who attended the warm-up party were Dottie and "Red" Funk, Doris and John Davis, Rosemary and Karl Buttstadt, Arlene and Bill Forpe, and Terry and Ray Bylski.

The night of fun began when characters "2 by 2" crossed the threshold into the inner sanctum of the Hartmann house. Howls of laughter greeted Meg and Bill Kelly and Hazel and Dan Salberg when they arrived. Bill and Dan were the "ladies" for the evening and their outfits were complete even to gold sandals on Dan's feet and smartly styled wigs. They were escorted by Meg and Hazel who were disguised to perfection as "husbands" complete with cigars and mannish manners. Bill and Dan also reached for their cigars before the evening was over and the heavy smoke coming from such well-dressed ladies only made their get-up more hilarious. If there had been a prize for the most frightening costume, Ed Koren would have walked off with it because of his ghoulish mask and claw like hands. The combination provoked many a shudder. Toward the end of the evening however the mask became hot and Ed turned it around to the back and became a 2-faced character. All of tiny Jane Brown was encased in a scarecrow costume that was so real in appearance as to make one wonder whether or not "it" was alive. Alice Nichols came as a red devil complete with horns and black cape—any similarity between Alice and her costume was purely coincidental! Chuck and Donna Thompson arrived as an Hawaiian couple and could have come direct from Honolulu so authentic was their costume. Chuck by the way celebrated his birthday Friday night and had a loud chorus of voices to sing him happy birthday. Jean and Gary Waffle had a clever idea for their costume. Jean was dressed as little red riding hood and Gary was "the wolf in Grandma's clothing." Of course, there had to be a doctor in the house and it was none other than Jack Summers attired in a "blood" stained white doctor's uniform and carrying his delicate surgical instruments which included a hatchet, saw, pliers, plus other "realistic" items. When the combo, Pastels by name, started to play the Bunny-Hop who hopped onto the dance floor to lead the line but a large white rabbit with fluffy tail, alias Jack Stegenga Also seen on the dance floor were Herb and Marge Riemann dressed in boy and girl scout uniforms—but the comedy of error was the fact that Herb was the sweet little girl scout with red curls and Marge was the boy scout! Can't forget Ann and Bob McLean who as little children in short dress and short pants were carrying lolly-pops. Everyone other than the social chairman and their wives was eligible for the prize which was awarded to the couple in the most original costume. Judging was by the Pastels and the prize went to Pat and Paul Miresse who stole the show in their black cannibal costume with green crepe paper "grass skirt." Never did get the name of their tribe but it must have been a vicious one since they were carrying homemade, but nevertheless, highly pointed spears. Ironically the prize they won was a chafing dish in a black wrought iron stand. The old days when cannibals cooked their victims in big kettles is a thing of the past—the Miresses can now use their chafing dish and discard the kettle. Just wish there were enough space to describe all the costumes since all were original and so clever

Girl Scouts Seek To Raise $13,050 In November Drive

October 31 is known to girl scouts of the United States not only as Halloween but as the anniversary of the birthday of their founder, Juliette Gordon Low, who started girls scouts in this country in 1912.

Mrs. Low worked with tireless energy to promote girl scouting, whether it was to serve the girls directly as leader, to secure other volunteers whom she knew had the necessary qualifications to serve girl scouting well, or to secure the needed funds to keep the program in operation.

Emulating the founder's example, volunteers of the towns of district IV of the girl scout council of northwest Cook county will work indefatigably on the annual fund drive that will start November 7 in this area. Chairmen of the various neighborhoods have been named and are completing their organization this week so the workers will be ready to make their contacts with all homes and ask for contributions.

District IV includes Arlington Heights, Mt. Prospect, Palatine, Prospect Heights, Rolling Meadows and Wheeling and the quota that these towns see kto raise is $13,050.

With over 6,000 girls in scouting in the council area, it can be figured that it takes $7.50 to provide a good program for a girl per year. In this district there are approximately 2,000 girls.

Providing camping opportunities for the girl scouts takes a major portion of the $7.50, $1.98 being allocated in that area. An established camp is maintained at Hickory Hill, near Edgerton, Wis., to which intermediate and senior scouts go. There are day camps during the summer which brownies as well as the older girls are eligible to attend. Through the year, troops have various encampments, overnight or longer at forest preserve locations, Camp Pine and girl scout house, or go trip-camping.

Another sizeable portion of the yearly total, $2.66, goes for the professional staff and office who are well-trained to help the volunteer workers do their job well and find satisfaction in it.

Training of leaders is necessary so that the girls receive a program which, according to scouting aims, will enable them to grow up to be happy, resourceful, and contributing members to the democratic society in which they live, and to live in friendship with those who share the same ideals the world over. $1.02 of the total helps train the leaders.

More program opportunities comes from $.44 of the total; organization of new troops takes $.22; public relations is $.23; finance, $.35; general administration, $.57 and membership-nominating, $.03. (B5

Collect $1,022 In Memory Of Pete Holloway, Polio Victim

Total of $1,022 was collected from students of Arlington Heights high school and friends of the Holloway family in various funds in memory of Pete Holloway, graduate last year, who died recently of bulbar polio.

Students donated $102 to purchase a memorial plaque. The plaque will have the names of winners of an award to be given each spring to a senior outstanding in service, character, and citizenship. The winner will be selected by the faculty and not by the students, as there is a danger of it becoming a popularity contest.

Probable size of the plaque will be 11 inches wide and 15 inches long, and it will be made of wood. To it will be attached 3 brass or copper plates, one across the top bearing the inscription, and the other two in columns bearing the names of the winners. There will be space for about 20 names.

Although not definite, the plaque may hang by the entrance to the multi-purpose room in the new addition.

Neighbors of the Holloways contributed $210 to purchase a speaking stand for the school in memory of Pete.

Altogether, $710 was collected for the polio fund, $275 of which was contributed by students in a 2-day drive at school; $330 was received in lieu of flowers for the funeral; $65 was donated by friends of Pete at Grinnell college, where he was attending when stricken; and about $40 was collected from junior girls the day that Pete died.

The $710 was turned over to the March of Dimes.

These figures are approximate. Because of the many people handling the funds, it was difficult to obtain exact figures. (ARCM

Girl Scouts Seek To Raise $13,050 In November Drive

October 31 is known to girl scouts of the United States not only as Halloween but as the anniversary of the birthday of their founder, Juliette Gordon Low, who started girls scouts in this country in 1912.

Mrs. Low worked with tireless energy to promote girl scouting, whether it was to serve the girls directly as leader, to secure other volunteers whom she knew had the necessary qualifications to serve girl scouting well, or to secure the needed funds to keep the program in operation.

Emulating the founder's example, volunteers of the towns of district IV of the girl scout council of northwest Cook county will work indefatigably on the annual fund drive that will start November 7 in this area. Chairmen of the various neighborhoods have been named and are completing their organization this week so the workers will be ready to make their contacts with all homes and ask for contributions.

District IV includes Arlington Heights, Mt. Prospect, Palatine, Prospect Heights, Rolling Meadows and Wheeling and the quota that these towns see kto raise is $13,050.

With over 6,000 girls in scouting in the council area, it can be figured that it takes $7.50 to provide a good program for a girl per year. In this district there are approximately 2,000 girls.

Providing camping opportunities for the girl scouts takes a major portion of the $7.50, $1.98 being allocated in that area. An established camp is maintained at Hickory Hill, near Edgerton, Wis., to which intermediate and senior scouts go. There are day camps during the summer which brownies as well as the older girls are eligible to attend. Through the year, troops have various encampments, overnight or longer at forest preserve locations, Camp Pine and girl scout house, or go trip-camping.

Another sizeable portion of the yearly total, $2.66, goes for the professional staff and office who are well-trained to help the volunteer workers do their job well and find satisfaction in it.

Training of leaders is necessary so that the girls receive a program which, according to scouting aims, will enable them to grow up to be happy, resourceful, and contributing members to the democratic society in which they live, and to live in friendship with those who share the same ideals the world over. $1.02 of the total helps train the leaders.

More program opportunities comes from $.44 of the total; organization of new troops takes $.22; public relations is $.23; finance, $.35; general administration, $.57 and membership-nominating, $.03. (B5

Collect $1,022 In Memory Of Pete Holloway, Polio Victim

Total of $1,022 was collected from students of Arlington Heights high school and friends of the Holloway family in various funds in memory of Pete Holloway, graduate last year, who died recently of bulbar polio.

Students donated $102 to purchase a memorial plaque. The plaque will have the names of winners of an award to be given each spring to a senior outstanding in service, character, and citizenship. The winner will be selected by the faculty and not by the students, as there is a danger of it becoming a popularity contest.

Probable size of the plaque will be 11 inches wide and 15 inches long, and it will be made of wood. To it will be attached 3 brass or copper plates, one across the top bearing the inscription, and the other two in columns bearing the names of the winners. There will be space for about 20 names.

Although not definite, the plaque may hang by the entrance to the multi-purpose room in the new addition.

Neighbors of the Holloways contributed $210 to purchase a speaking stand for the school in memory of Pete.

Altogether, $710 was collected for the polio fund, $275 of which was contributed by students in a 2-day drive at school; $330 was received in lieu of flowers for the funeral; $65 was donated by friends of Pete at Grinnell college, where he was attending when stricken; and about $40 was collected from junior girls the day that Pete died.

The $710 was turned over to the March of Dimes.

These figures are approximate. Because of the many people handling the funds, it was difficult to obtain exact figures. (ARCM

Public Notice

Notice of Changes in Electric Schedule

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on October 14, 1955, proposed changes in Schedule E-3 affecting (1) certain charges for electric energy sold under Rate 25 — Street Highway, and Traffic Signal Lighting; and (2) certain provisions of Rate 22 — Governmental Electric Service.

The Rate 25 filing proposes that the charges be reduced for street and highway lighting systems having electric energy requirements at single points of delivery of the general order of size of those of the new expressways.

These changes will result in lower billing to affected customers which are, for the most part, governmental bodies.

It is proposed in the Rate 22 filing to eliminate the provision which requires billing all of a municipality's water pumping or filtration plants on the same demand basis. This change is being made in the interest of uniformity of practice, and no present billing will be affected except for the City of Chicago.

Further information with respect to these changes may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party at any business office of this Company.

Public Notice

Notice of Changes in Electric Schedule

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on October 14, 1955, proposed changes in Schedule E-3 affecting (1) certain charges for electric energy sold under Rate 25 — Street Highway, and Traffic Signal Lighting; and (2) certain provisions of Rate 22 — Governmental Electric Service.

The Rate 25 filing proposes that the charges be reduced for street and highway lighting systems having electric energy requirements at single points of delivery of the general order of size of those of the new expressways.

These changes will result in lower billing to affected customers which are, for the most part, governmental bodies.

It is proposed in the Rate 22 filing to eliminate the provision which requires billing all of a municipality's water pumping or filtration plants on the same demand basis. This change is being made in the interest of uniformity of practice, and no present billing will be affected except for the City of Chicago.

Further information with respect to these changes may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party at any business office of this Company.

With The Blue Birds

Friendly Bluebirds

Friendly bluebirds opened their meeting with an outdoor dance to Bow Bow Balinda then went in doors to make invitations for their mothers. They used the leaves, which they gathered at the previous meeting, and spatter painted the invitation covers. Games were played and a treat was served by Cindy Flodin.

Mothers of the Friendly blue birds met last Thursday morning at the home of Mrs. Chris Lorenzen to discuss the program for the group. A Halloween party was planned and a father and daughter cookout was decided for November 6.

Honey Bears

Mimi Bukowski reported on her committee's plans of songs and games for the Honey Bears Halloween party. The group then made masks and nut cups for the party. Barbara Johnson was hostess for the day.

Helping Pixie Group

Helping Pixie bluebirds spent a busy hour making nut cups and paper sack Halloween masks in preparation for their Halloween party next week. Gail Klingenmaier brought refreshments.

Bluebird Wings

Bluebird Wings group sang songs and played games after putting the finishing touches to the snack plates they have been working on. Robin Mills was hostess.

October 31, all bluebird groups will Trix or Treat with milk cartons to collect pennies for the hospital fund.

Tuesday morning Mothers of all bluebird groups in Arlington Heights met October 18 at the home of Mrs. John Flodin, 229 N. Yale, to elect officers for the Arlington Heights bluebird organization. Mrs. Louis M. Schomberg was elected president; Mrs. Paul Crommelin, vice president; Mrs. George E. Hawkins, recording secretary, Mrs. Howard Pollitz, correspondent secretary; Mrs. Dale A. Kasal, treasurer and Mrs. Robert T. Maley, publicity.

Meetings will take place the second Tuesday of the month at 9:30 a.m. The next meeting will be held November 8 at the home of Mrs. Schomberg, 305 S. Evergreen.

Public Notice

Notice of Proposed Change in Schedules.

COMMONWEALTH EDISON COMPANY and its Public Service Company Division hereby give notice to the public that there has been filed with the Illinois Commerce Commission on October 18, 1955, Schedule 8-R, Information and Requirements for the Supply of Electric Service, which will cancel and supersede information and requirements now effective in Chicago and in Public Service Company Division territory.

In this filing it is proposed (1) that minimal provisions for the addition of major appliances be included in the service entrance requirements for multiple-occupancy residential buildings, (2) that meter connection devices for self-contained meters, heretofore supplied by the Company, be furnished by the Customer, and (3) that when it is impossible for the Company to construct a vault in the first sub-sidewalk space for customers who voluntarily convert from direct to alternating current, the Company will make certain vault cost reimbursements to such customers.

In addition to the foregoing, this filing includes changes necessary to effect uniformity of practice throughout the Company's service areas and for clarification of intent.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party at any business office of this Company or its Public Service Company Division.

Riverside Tough Obstacle For Cardinals Friday Night

KICKIN' IT AROUND

by Bob Paddock

STORM WINDOWS are on, north wind is blowing, and the bowlers are taking over in the area served by Paddock Publications with 78 alleys operating this year, 36 more than last season. That means more than 4,000 league bowlers are racking up strikes (and blows) each week with hundreds more enjoying open bowling and making the kegling sport America's greatest participation endeavor.

Al Walter

All this brings to mind Al Walter, one of the better bowlers of the area, president of Chicago's Classic league the past 2 seasons and now a member of the House league at Palatine. Al moved into a home along Rand road north of Arlington about a year ago, has quit the Classic league, America's fastest, and is currently struggling with a 187 average, a far cry from his 199-plus for 10 years in Classic loop.

But it isn't just him, it's the entire House league bowlers who are down this year. Al has a record hard to beat in this area, we believe. He's been bowling 26 years, 15 of them in major competition, was an officer in Classic league 6 years, has appeared in TV bowling, comes from a bowling family.

* * *

AL'S DAD, the late Frank Walter, helped found the Classic league, serving as vice-president. He was president of Chicago bowling association at the time. His brother, Bud, is a better-than-average bowler, once shot a 299 as a fill-in. His son, 16-year-old Neil at Arlington Heights high school, "has as many trophies as I have" according to Al. The pair once copped a father-son tournament, the son averaging 145.

Al gave us some interesting sidelights on the Classic. He reports that sponsors generally pay $6,000 to $15,000 per season for a team in that loop, which covers all bowling and expenses. Interested sponsors "sell" their offer to team captains, who have franchises in the league. The captains select their teammates, according to who will be attracted by cash in the kitty. Big time bowlers make their money winning tournaments, endorsements, etc. A high average doesn't always determine who bowls in the Classic, though you must have a 195 or better. It's how you fare in tournaments, when the pressure is on, that tells.

Al's accomplishments are so varied we've listed them in an adjoining column. But we thought his story would be a good one to run the week we announced dates for Paddock Publications fifth annual Inter-League Handicap bowling tournaments.

First place teams of all men's leagues as of Dec. 17 will be eligible to compete Sunday, Jan. 8, at Beverly Lanes, Arlington Heights. First place teams of all women's leagues as of Dec. 24 will compete Sunday, Jan. 15, at Trausch-Linden, Bensenville.

* * *

WHO SAYS Wally Grace can't pick 'em? The congenial athletic director at Arlington has another queen this year. His student secretary, Pat Konchar, who generally spends 1 period a day writing letters, running errands, etc., for the athletic director's office, was chosen homecoming queen. We agree with the popular vote.

But having a queen for a secretary is not unusual for Wally who has had 3 of his last 4 "secretaries" named one queen or another. The fourth made the queen's court.

Last year Barbara Russell was homecoming queen at Heights, and Wally's secretary as well. The 2 years before Sue Revers was the helpmate. She was in the queen's court. And prior to that Carol Wille was Wally's assistant. Carol was named county and state vegetable queen by the truck gardeners 2 years running.

* * *

THE FROSH GRIDDERS are carrying hopes of the future for Heights grid fans, winning games like Monday's against Glenbard with 52 boys seeing action . . . We congratulate these boys for their continued interest and hope it'll carry through the next 3 seasons . . . Winning varsity ball can only be played when Arlington has 50-60 man squads all season long, with plenty of competition for positions.

A lot of the freshmen are "small but mighty" but have continued to work out daily with a coaching staff that includes 2 volunteers working for thanks and experience.

Curtis Larsen heads the frosh coaches, assisted by Maurice Kellogg, line coach. Tall, lanky (and single, girls) Bob Baker voluntarily drives and works the backs when Larsen's back is turned . . . Other volunteer is Dave Dean, student teacher from Normal U. at Bloomington, who constantly works with "the final 25," enabling them to receive more individual instruction.

* * *

WE'RE SORRY . . . We compile our own West Suburban league standings . . . We know some teams are tied at various positions during the season . . . We also know we listed them in order of who scored the most points whenever a tie for position occurs . . . In this way Arlington has been farther down the list than necessary . . . Hereafter, the teams will be listed alphabetically, which should make everyone (around Heights) happy.

Monday's freshman football game at Arlington against Riverside will be played under the lights, starting at 5 p. m. . . . With standard time back in effect, this will give the frosh a chance to see what it's like playing under the arcs in their final game.

Riverside requested the later starting time so its freshmen wouldn't have to leave school so early in order to drive to Heights . . . Wednesday night speaker before Gurnee Little League was Wally Grace, Arlington's athletic director . . . One of 2 frosh gridders moved up to the varsity at DeKalb is Dave Corso of Northbrook, a back . . . DeKalb's cross country team won its first 3 meets, in spite of having 7 frosh and 1 soph as its squad . . . At Grinnel the harriers have won 4 of the first 5 places in initial 4 meets, with George Drake of LaGrange copping first 3 times . . . Fastest frosh gridder at Michigan State is Henry Young, brother of Buddy and 20 pounds lighter, thus far.

Wrestling will be a West Suburban conference sport this year for the first time, but will not count toward the "president's cup" until Glenbard also takes up the sport . . . The Bards are awaiting equipment.

More firsts: Arlington will charge nominal admission to all of its home wrestling this season, including 3 evening meets as well as 4 afternoon affairs . . . Dads of cheerleaders will sit along the sidelines Friday night in the annual Dad's night game, in addition to dads of the players and managers, who'll be wearing their sons' numbers . . . We don't know if the dads will look as cute as their daughters, but we're told they'll be leading at least one cheer each game . . . Bring on the liniment, mom . . . Purdue was the first Big Ten opponent in Illinois history, the Boilermakers rolling to a 62-0 victory in the initial meeting in 1890 . . . And the Illini didn't fare much better the next five times, which brought three losses and two ties . . . The Orange and Blue then went on a rampage . . . From 1897 through 1919 the two schools played 19 games, and Illinois lost only two . . . The series now shows 19 Illinois victories, 13 losses, and two ties.

Arlington Must Win To Stay In Contention

If Arlington has any hopes of remaining in contention for West Suburban league honors, now is the time to win ball games.

That was evident this week with LaGrange and Hinsdale tied for first with 1 loss apiece, and Heights a step behind with 2 losses.

Cardinals must whip Riverside this week and York next to at least take second. If they do this, then lady luck must be on their side and make LaGrange lose to Maine and Hinsdale stop LaGrange in the season's final.

That situation would have Heights, LaGrange and Hinsdale tied for the championship.

* * *

BUT ODDS are against all of this happening. LaGrange is picked to whip Maine and the Hinsdale-Lions affair will be a toughie, though some "experts" are picking Hinsdale in that final. Actually, Hinsdale was rated strongest before the season ever began, but that loss to Heights changed a lot of minds.

The Red Devils are believed trying to erase memories of that early season loss to Heights. Actually, only team to beat Hinsdale the past 3 seasons is Arlington, which performed that stunt twice.

* * *

DON ANDERSON is the man to stop as far as Riverside is concerned Friday night in the annual dad's night game. Don is switched from quarter to half to end, runs equally well at any position. R-B has an explosive scoring punch that Card defense will have a hard time stopping.

Both teams have 3-2 records in the league, both are determined to remain in contention. Fathers of Heights soph and varsity players, managers and cheerleaders will be honored at the game.

Bowling Record Of Al Walter

Here are some of the accomplishments of Al Walter, former Classic league bowler, and now competing in the House league at Palatine:

His 218 was highest qualifying average in 1943 all-star bowling tournament. He was second to Joe Wilman in '44 all-star tourney, just ahead of Andy Varipapa, was eliminated in semi-finals.

Al's team won its first major tournament in 1945 by copping Ray Schalk's classic, shooting 4,044. Al had an 872 series for 4 games, ending with 277 game.

Was second to Junie McMahon in '46, 2 time national match game champ, in Jerry Scovie classic. In 1948 Al was third to Junie in ABC singles at Los Angeles, shooting 715. He gained revenge last year on TV by whipping McMahon, 671-647, but then lost to Andy Varipapa, trick shot artist, by 12 pins.

Al was second to Rudy Habetler, ABC masters round robin champ, in diamond classic at Bloomington in '47.

His team, Thompson Restaurants, won city title in 1948, the team shooting 3111 and Al 647.

In 1952 Al shot 1878 all-events and 715 singles in the ABC tournament, which led for a month and made Walter the 22 person to shoot 700 twice in ABC tournaments.

Most elusive and most talented back in the West Suburban league is John Sujack, Arlington's pride and joy who tallied 3 more TDs Saturday at Glenbard. John runs, throws passes, catches passes, is an average punter, and has a 70% completion average with his aerials.

Sujack plays "both ways," too, proving just as valuable on defense as on offense. Against Glenbard John compiled the most outstanding single game average of any back in the league this season, averaging 19 yeards each of the 9 times he ran with the ball. Some coaches are thinking of John in terms of both all-league and all-state.

A mainstay in the line for Arlington Heights high school gridders is Dennis Striegel. The Cards have been having a good year thus far, and have hopes of winning their remaining 2 games against Riverside-Brookfield and York.

Much of the credit for past victories goes to the hard driving forward wall, with Striegel's 220 pounds and 6' 2" frame a big help. He's played both offense and defense and is a workhorse.

Homecoming May Provide Spirit For The Bisons

Friday night on the home gridiron Fenton high of Bensenville will be playing to escape the Northwest conference cellar. Bogged down with 4 straight defeats and only one touchdown on the credit side of the ledger the Bisons will be host to Grant of Fox Lake which, likewise, has won no games but does have a tie. It measures up as the game to decide who escapes a winless season as neither appears to rate much chance to top their final opponents Grayslake and Antioch. It will be a double bill starting at 6:30 down at Bensenville.

The rest of the league goes into action Saturday. Grayslake will be host to tough Wauconda in a homecoming game. The Rams were upset 34-0 by Glenbrook last Saturday though the Waukegan News-Sun quoted coach Pat Rooney as confident of beating the Spartans. Grayslake may rebound from that debacle and wallop the Wauconda Bulldogs to insure a second place finish or fail to recover from the disappointment of a championship which is lost.

* * *

ANYWAY THE Rams will have to do a better job of pass defense than they showed against Glenbrook or Jaskot and his mates will win the game through the air. This rates as the best ball game of the day and Wauconda has a pretty good chance to come out on top.

Glenbrook was up for Grayslake. A number of coaches have felt right along that Ela-Vernon may be tougher for the Spartans. Coach Bill Lehmann's team is very strong defensively but not too smooth as a scoring unit. A 55-0 whipping administered Ela-Vernon a year ago will not help the situation any.

Ela folks think Glenbrook rubbed it in a bit too much and the Bears will be primed to get revenge. It does not look like anyone has the players to cause Glenbrook much trouble for Wally Sherman really has a well balanced team this year. A question mark line has really come through for him. That backfield of Harm, Boyd, Windels, and Bacon is one of the better units in Chicagoland.

* * *

SATURDAY NIGHT Palatine travels to Antioch for a doubleheader starting at 6:15. With spirits raised by the return of Leonard Rohde to his tackle spot in the Fenton game last week and the possibility of John Dilks getting back at a halfback, the Pirates are priming to give Antioch a surprise. Rated by most authorities as a 2 or 3 touchdown favorite, Antioch may find Palatine a much rougher competitor than they anticipate.

The shift of Bob Coates from quarterback to fullback has greatly strengthened the offense for Coates hit the line harder on plunges than most of the Northwest fullbacks seen this year. Dave McClung has taken over at quarterback with Crabowy and Hess at the halves. If Dilks can get into the picture Palatine will be back at near the strength of the Barrington game which opened the season.

* * *

ANTIOCH HAS a strong team as evidenced by their domination of play at Wauconda Saturday. Coach Kessenick has developed a very alert, aggressive team at Antioch. Palatine's line play will determine who wins and how the score will go. Antioch forwards outcharged Wauconda rather badly and the Pirates will be hard put to hold their own though they will have a weight advantage.

With Antioch this Saturday on the road and Ela-Vernon in the final home game Friday, November 4, Coach Feutz has his hands full if he hopes to get Palatine another victory and a sixth place finish. Palatine's talented frosh-sophs are expected to have little trouble disposing of mediocre Antioch and Ela teams in their road to an undefeated season. Coach Baily is not that optimistic but the remaining opponents are about on a par with those the young Pirates have been running over with 5 or 6 touchdowns a game.

First Call For Basketball

First call for basketball has been issued at Arlington Heights high school with boys not out for football and cross country scheduled to report next week. Initial call for wrestlers will not be made until football is over, though several non-gridders are conditioning themselves.

Varsity candidates are to report Tuesday, Nov. 1, to Coach Howard Lester. Varsity practices will be held in the main gym from 6:30 to 8:30 evenings.

Sophomore candidates will report to Coach Maurice Klotz. Practices will start at 4:45 in the boys' gym.

Freshmen will report to Coaches Ken Schaller and Bob Baker, with practices to be held in girls' gym starting at 4:45.

West Suburban conference rules prohibit member schools from starting basketball practice before November 1, though the state permits October 1 opening.

Mt. Prospect Midgets Tie Maryville, 14-14

by BETTY KIRCHHOFF

Mt. Prospect midget football team played the Maryville juniors and came up with a 14-14 tie Saturday at Maryville. This was the second dead-lock for the local 11 this season. Two weeks ago they played Arlington and the final was 25-25.

Mt. Prospect's touchdowns were scored on 2 nice runs by Freddy Boedeker and Paul Sarasonie. Two unsung heros of the contest were George Bork and Al Kruse. Al played a brilliant game on both offense and defense, and his kicking was one of the major factors in stopping the Maryville team. George, the first string quarterback for Mt. Prospect, kept the Maryville defense on their toes by throwing a number of timely passes that found their mark most of the time.

Next Saturday at 10 a.m., the team will play the Des Plaines Midgets at either Rand Park or Maine high school field. It should prove to be a very exciting contest for the local boys will be fighting for their first victory of the season. (Sp

Travelers Cop Title In Spite Of 6-6 Tie

The Elmhurst Travelers definitely clinched the Bi-State Football league title Sunday when they played a 6-6 tie with the powerful Aurora Clipper at Bensenville. The game was a hard fought battle with both defensive lines keeping the scoring at a minimum.

In the first half Aurora was completely held in check and never got past their own 40 yard line, while the Travelers missed on two scoring chances which were made possible on a recovered fumble by John Cello and a blocked punt by Herman Frazer. Just before half time, a fine pass from Don Miller to Chuck Allen produced the only score of the day for the Travelers. Busch's try for the extra point was low.

IN THE SECOND half some nice running by Rudy Nebel took the ball deep into Traveler territory, and after being held for 3 downs on the Travelers 12 yard line, he rifled a pass to Lou Beatus, his own right end, in the end zone.

The try for extra point by Williams was wide, making the score 6-6. In the fourth quarter the Travelers rolled up 3 quick first downs and it looked like they were headed for a score, but a pass interception by Aurora ended all hopes of the Travelers pulling the game out of the fire.

* * *

WITH ONLY ONE league game left to play against Racine, Wis., the Travelers are out in front by 1½ games in the league standings. Even a loss at Racine won't keep them from their first place spot in the standing because Racine has already lost two games.

This is the first championship for the Travelers, since joining the Bi-State League in 1952. Last year Racine's Raiders took the title, with the Travelers a close second only ½ game behind.

* * *

EVEN THOUGH next Sunday's game cannot effect the Travelers in the league standings. Racine can win second place, should they win. This should be a real battle, as both teams are strong defensively with Racine having an edge in passing while the Travelers running attack is stronger.

The Travelers are out to protect their undefeated record in the league. The game will be played at the Horlich Athletic field in Racine, Wis.

District Cross Country At Evanston, La Grange Saturday

Fourteen schools are slated to enter district cross country run at Evanston this Saturday morning, starting at 10 a.m., including Arlington Heights and Palatine of this area. Also listed at Evanston are Maine, Leyden, Glenbrook, Niles, Elgin, Elmwood Park, Evanston, Proviso, No. Chicago, Oak Park, Waukegan and New Trier.

Another district meet will be held at La Grange, including Downers, York, Glenbard, Hinsdale, La Grange and Riverside-Brookfield of West Suburban league. Other schools running will be Bloom, Morton, Joliet, Lincoln-Way, Oak Lawn, Reavis, Carl Sandburg, St. Charles and Wheaton.

JUST WHO is favored at Evanston is a difficult question. So little publicity is given cross country not much is known about various schools. However, top 4 teams could be Maine, Leyden, Oak Park and New Trier.

Competing in 9 districts throughout the state, including at Alton, Galesburg, Herrin, Lincoln, Ottawa, Rockford West and Urbana are 113 schools. First 5 individuals and first and second place teams of each district will compete in state meet at Urbana Nov. 5. Two teams and 5 individuals will also be entered from Chicago public high school competition.

DEFENDING CHAMP is Proviso, expected to have another strong entrant. Medals will go to those mentioned in paragraph above, as well as to first 10 individuals and first 2 teams in state meet.

Arlington entries will include senior Wayne Haemker, juniors Bill Palmer, Dick Koopman, Ted Geocaris and Tom Jacobsen, sophomore Alan Hutchinson and freshman Ken Courter, according to Russ Attis, Card harrier ocach.

Riverside Tough Obstacle For Cardinals Friday Night

KICKIN' IT AROUND

by Bob Paddock

STORM WINDOWS are on, north wind is blowing, and the bowlers are taking over in the area served by Paddock Publications with 78 alleys operating this year, 36 more than last season. That means more than 4,000 league bowlers are racking up strikes (and blows) each week with hundreds more enjoying open bowling and making the kegling sport America's greatest participation endeavor.

Al Walter

All this brings to mind Al Walter, one of the better bowlers of the area, president of Chicago's Classic league the past 2 seasons and now a member of the House league at Palatine. Al moved into a home along Rand road north of Arlington about a year ago, has quit the Classic league, America's fastest, and is currently struggling with a 187 average, a far cry from his 199-plus for 10 years in Classic loop.

But it isn't just him, it's the entire House league bowlers who are down this year. Al has a record hard to beat in this area, we believe. He's been bowling 26 years, 15 of them in major competition, was an officer in Classic league 6 years, has appeared in TV bowling, comes from a bowling family.

★ ★ ★

AL'S DAD, the late Frank Walter, helped found the Classic league, serving as vice-president. He was president of Chicago bowling association at the time. His brother, Bud, is a better-than-average bowler, once shot a 299 as a fill-in. His son, 16-year-old Neil at Arlington Heights high school, "has as many trophies as I have" according to Al. The pair once copped a father-son tournament, the son averaging 145.

Al gave us some interesting sidelights on the Classic. He reports that sponsors generally pay $6,000 to $15,000 per season for a team in that loop, which covers all bowling and expenses. Interested sponsors "sell" their offer to team captains, who have franchises in the league. The captains select their teammates, according to who will be attracted by cash in the kitty. Big time bowlers make their money winning tournaments, endorsements, etc. A high average doesn't always determine who bowls in the Classic, though you must have a 195 or better. It's how you fare in tournaments, when the pressure is on, that tells.

Al's accomplishments are so varied we've listed them in an adjoining column. But we thought his story would be a good one to run the week we announced dates for Paddock Publications fifth annual Inter-League Handicap bowling tournaments.

First place teams of all men's leagues as of Dec. 17 will be eligible to compete Sunday, Jan. 8, at Beverly Lanes, Arlington Heights. First place teams of all women's leagues as of Dec. 24 will compete Sunday, Jan. 15, at Trausch-Linden, Bensenville.

WHO SAYS Wally Grace can't pick 'em? The congenial athletic director at Arlington has another queen this year. His student secretary, Pat Konchar, who generally spends 1 period a day writing letters, running errands, etc., for the athletic director's office, was chosen homecoming queen. We agree with the popular vote.

But having a queen for a secretary is not unusual for Wally who has had 3 of his last 4 "secretaries" named one queen or another. The fourth made the queen's court.

Last year Barbara Russell was homecoming queen at Heights, and Wally's secretary as well. The 2 years before Sue Revers was the helpmate. She was in the queen's court. And prior to that Carol Wille was Wally's assistant. Carol was named county and state vegetable queen by the truck gardeners 2 years running.

THE FROSH GRIDDERS are carrying hopes of the future for Heights grid fans, winning games like Monday's against Glenbard with 52 boys seeing action . . . We congratulate these boys for their continued interest and hope it'll carry through the next 3 seasons . . . Winning varsity ball can only be played when Arlington has 50-60 man squads all season long, with plenty of competition for positions.

A lot of the freshmen are "small but mighty" but have continued to work out daily with a coaching staff that includes 2 volunteers working for thanks and experience.

Curtis Larsen heads the frosh coaches, assisted by Maurice Kellogg, line coach. Tall, lanky (and single, girls) Bob Baker voluntarily drives and works the backs when Larsen's back is turned . . . Other volunteer is Dave Dean, student teacher from Normal U. at Bloomington, who constantly works with "the final 25," enabling them to receive more individual instruction.

★ ★ ★

WE'RE SORRY . . . We compile our own West Suburban league standings . . . We know some teams are tied at various positions during the season . . . We also know we listed them in order of who scored the most points whenever a tie for position occurs . . . In this way Arlington has been farther down the list than necessary . . . Hereafter, the teams will be listed alphabetically, which should make everyone (around Heights) happy.

Monday's freshman football game at Arlington against Riverside will be played under the lights, starting at 5 p. m. . . . With standard time back in effect, this will give the frosh a chance to see what it's like playing under the arcs in their final game.

Riverside requested the later starting time so its freshmen wouldn't have to leave school so early in order to drive to Heights . . . Wednesday night speaker before Gurnee Little League was Wally Grace, Arlington's athletic director . . . One of 2 frosh gridders moved up to the varsity at DeKalb is Dave Corso of Northbrook, a back . . . DeKalb's cross country team won its first 3 meets, in spite of having 7 frosh and 1 soph as its squad . . . At Grinnel the harriers have won 4 of the first 5 places in initial 4 meets, with George Drake of LaGrange copping first 3 times . . . Fastest frosh gridder at Michigan State is Henry Young, brother of Buddy and 20 pounds lighter, thus far.

SATURDAY NIGHT Palatine travels to Antioch for a doubleheader starting at 6:15. With spirits raised by the return of Leonard Rohde to his tackle spot in the Fenton game last week and the possibility of John Dilks getting back at a halfback, the Pirates are priming to give Antioch a surprise. Rated by most authorities as a 2 or 3 touchdown favorite, Antioch may find Palatine a much rougher competitor than they anticipate.

The shift of Bob Coates from quarterback to fullback has greatly strengthened the offense for Coates hit the line harder on plunges than most of the Northwest fullbacks seen this year. Dave McClung has taken over at quarterback with Crabowy and Hess at the halves. If Dilks can get into the picture Palatine will be back at near the strength of the Barrington game which opened the season.

* * *

ANTIOCH HAS a strong team as evidenced by their domination of play at Wauconda Saturday. Coach Kessenick has developed a very alert, aggressive team at Antioch. Palatine's line play will determine who wins and how the score will go. Antioch forwards outcharged Wauconda rather badly and the Pirates will be hard put to hold their own though they will have a weight advantage.

With Antioch this Saturday on the road and Ela-Vernon in the final home game Friday, November 4, Coach Feutz has his hands full if he hopes to get Palatine another victory and a sixth place finish. Palatine's talented frosh-sophs are expected to have little trouble disposing of mediocre Antioch and Ela teams in their road to an undefeated season. Coach Baily is not that optimistic but the remaining opponents are about on a par with those the young Pirates have been running over with 5 or 6 touchdowns a game.

First Call For Basketball

First call for basketball has been issued at Arlington Heights high school with boys not out for football and cross country scheduled to report next week. Initial call for wrestlers will not be made until football is over, though several non-gridders are conditioning themselves.

Varsity candidates are to report Tuesday, Nov. 1, to Coach Howard Lester. Varsity practices will be held in the main gym from 6:30 to 8:30 evenings.

Sophomore candidates will report to Coach Maurice Klotz. Practices will start at 4:45 in the boys' gym.

Freshmen will report to Coaches Ken Schaller and Bob Baker, with practices to be held in girls' gym starting at 4:45.

West Suburban conference rules prohibit member schools from starting basketball practice before November 1, though the state permits October 1 opening.

Mt. Prospect Midgets Tie Maryville, 14-14

by BETTY KIRCHHOFF

Mt. Prospect midget football team played the Maryville juniors and came up with a 14-14 tie Saturday at Maryville. This was the second dead-lock for the local 11 this season. Two weeks ago they played Arlington and the final was 25-25.

Mt. Prospect's touchdowns were scored on 2 nice runs by Freddy Boedeker and Paul Sarasonie. Two unsung heros of the contest were George Bork and Al Kruse. Al played a brilliant game on both offense and defense, and his kicking was one of the major factors in stopping the Maryville team. George, the first string quarterback for Mt. Prospect, kept the Maryville defense on their toes by throwing a number of timely passes that found their mark most of the time.

Next Saturday at 10 a.m., the team will play the Des Plaines Midgets at either Rand Park or Maine high school field. It should prove to be a very exciting contest for the local boys will be fighting for their first victory of the season. (Sp

Travelers Cop Title In Spite Of 6-6 Tie

The Elmhurst Travelers definitely clinched the Bi-State Football league title Sunday when they played a 6-6 tie with the powerful Aurora Clipper at Bensenville. The game was a hard fought battle with both defensive lines keeping the scoring at a minimum.

In the first half Aurora was completely held in check and never got past their own 40 yard line, while the Travelers missed on two scoring chances which were made possible on a recovered fumble by John Cello and a blocked punt by Herman Frazer. Just before half time, a fine pass from Don Miller to Chuck Allen produced the only score of the day for the Travelers. Busch's try for the extra point was low.

* * *

IN THE SECOND half some nice running by Rudy Nebel took the ball deep into Traveler territory, and after being held for 3 downs on the Travelers 12 yard line, he rifled a pass to Lou Beatus, his own right end, in the end zone.

The try for extra point by Williams was wide, making the score 6-6. In the fourth quarter the Travelers rolled up 3 quick first downs and it looked like they were headed for a score, but a pass interception by Aurora ended all hopes of the Travelers pulling the game out of the fire.

* * *

WITH ONLY ONE league game left to play against Racine, Wis., the Travelers are out in front by 1½ games in the league standings. Even a loss at Racine would not effect their first place spot in the standing because Racine has already lost two games.

This is the first championship for the Travelers, since joining the Bi-State League in 1952. Last year Racine's Raiders took the title, with the Travelers a close second only ½ game behind.

* * *

EVEN THOUGH next Sunday's game cannot effect the Travelers in the league standings. Racine can win second place, should they win. This should be a real battle, as both teams are strong defensively with Racine having an edge in passing while the Travelers running attact is stronger.

The Travelers are out to protect their undefeated record in the league. The game will be played at the Horlich Athletic field in Racine, Wis.

GLENBROOK HAS REMOVED any doubts which may have existed as to their strength in comparison with the rest of the Northwest conference. There were those who thought Grayslake could give the Spartans a close ball game but no one questions Glenbrook's league superiority after Saturday's 34-0 rout. The Spartans, coached by Walter Sherman, have only Ela-Vernon and Wauconda in their path to a second undefeated season and 18 wins in a row.

Most improved team in the league in our opinion is Antioch. We saw them play a month ago at Ela-Vernon and again Saturday, the second half against Wauconda. Kessenick's Antioch boys are certainly the most aggressive club in the circuit and have developed a fine running and passing attack. They rate a prohibitive favorite over the Palatine Pirates this coming Saturday night. Last Saturday we saw the first half of the Glenbrook game at Grayslake and then went down to Wauconda and saw the last half of their game with Antioch.

WHEN A TEAM LOSES a player the true caliber of the remaining players is determined. Palatine lost key players at the start of the season in the game with Barrington where the Pirates gave an excellent account of themselves. The remaining players have not come through.

Barrington lost their quarterback, John Walbaum, rated as one of the best in the Chicago area. Since his loss they have gone right on winning and, if anything, are playing better ball. Walbaum's replacement as a forward passer, Thorpe, threw four touchdown passes against Woodstock Saturday.

Competitive spirit is a team matter at Barrington in football. At Palatine it seems to be limited to a few performers. Elwood Knutson, a guard, is just about the only Palatine player who has played a fine game every time he has put on his suit this year.

WITH ONLY TWO WEEKS to go Crystal Lake, Zion-Benton, and Barrington are very much in the championship race in the North Suburban. Evanston is showing the way in the Suburban league, though there are those who think New Trier will take them. LaGrange and Hinsdale, with one loss, are contenders in the West Suburban.

PALATINE'S INVITATIONAL holiday wrestling tournament to be held December 27-28 will be an eight team affair. There will be trophies and medals, and eliminations will be run off on a plan somewhat similar to the state sectional tournaments.

Teams entered are Glenbrook, Palatine, Crystal Lake, McHenry, West Aurora, Oswego, Wheaton Academy, and North Chicago. Waukegan holds a wrestling tournament during the holidays for the larger schools of the area in which Arlington Heights annually competes.

BASKETBALL SEASON is not far off for the state office is sending out literature about rules interpretation meetings and bulletins on rules changes. In Illinois the high school teams are permitted to start practice after October 1 but in this area little real cage practice occurs as most of the athletes play football through the first week in November.

Boys not out for football may get a little conditioning to keep up with their gridiron classmates but that is all.

Recently in Chicago H. V. Porter, national federation executive secretary and secretary of the national basketball committee was in charge of a meeting for discussion and briefing of the men who will conduct the rules interpretation meetings over this state and others nearby. From this area the members of the official rules team are Otto Kuehn, Ernest Lieberson, and M. F. Sprunger of Chicago and Frank Falzone of Rockford.

There are so few rules changes this year that most of the time at the clinics will be used to review older sections of the rules and to discuss officiating techniques and mechanics.

The bonus free throw if the first one is made will continue the entire game. There will be two free throws on flagrant technical fouls and a player in the front court who dribbles for as long as five seconds while closely guarded will find a jump ball called. The rule is to prevent stalling. College games will be played with a free throw lane which is 12 feet wide but this change will not apply to high school basketball.

FROSH FOOTBALL is big business at Illinois, the same as varsity ball. Of 119 reporting recently, 20 were all-staters, including 5 of 11 fullbacks. Five of 25 guard candidates were also honor men with Ed Henzel of Riverside and Chuck Rasmussen of York among the other 20.

Among 13 centers (2 all-staters) on hand was Carl Helledy of York. Antioch's Jim McMillen was one of 21 tackles, including 3 all-staters.

There were 4 all-staters in 23-man halfback corps and 1 all-stater, state prep shot put champ Larry Stewart of Galesburg, among 20 ends that included Harry Lindgren of Antioch.

Glenbrook Mauls Grayslake, 34-0

Glenbrook gave plenty of proof Saturday afternoon at Grayslake that they are going to cop their second undefeated Northwest championship in a row when they smothered the formerly unbeaten Grayslake Rams, 34-0. It was Glenbrook's sixth straight win of the season, their 16th in a row over parts of 3 seasons and their 14th straight conference victory in football.

Grayslake was outplayed in the line from the start. Glenbrook rolled to 2 quick touchdowns by Bacon in the first 8 minutes of the opening period. Running plays took the ball to the Grayslake 5 where Bacon plunged over to end a march of 50 yards which started with recovery of a Grayslake fumble.

* * *

SHORTLY THEREAFTER Bob Bacon circled the Grayslake left end from his own 18-yard line and carefully picked his way down the field back and forth between Glenbrook teammates who screened off the oppositions' efforts to reach him until he broke free in the final 20 yards of an 82-yard touchdown run. Bob Boyd converted both points after touchdowns and Glenbrook led 14-0 at the quarter.

In the second period Glenbrook took to the air and passes to Boyd, Reed, and Windels took the Spartans to the 4-yard line. Duane Harm tried a quarterback sneak but was short of the goal and on the next play handed off to Boyd who went over.

* * *

FOR GOOD MEASURE Glenbrook scored twice in the second half with Harm scoring on a 2-yard plunge and Colburn scoring on a 7-yard pass from Harm.

Glenbrook took the frosh-soph preliminary game 14-0.

Ela-Vernon Racks Up 20-0 Win At Grant

Ela-Vernon made their league record 2-2 Saturday night with a 20-0 victory under the lights at Grant High in Fox Lake. A big second quarter sewed up the ball game. Al Bathrick completed a long march with a 1 yard touchdown plunge and soon after Ronnie Soos, Ela quarterback, intercepted a Grant pass and scampered 50 yards with John Fenner converting for a 13-0 lead. Soos got another TD in the last quarter on a 30 yard end run and Erv Pohlman plunged for the conversion.

Ela had 13 first downs to 4 for Grant and had a net gain of 184 yards from scrimmage to Grant's 71.

Palatine Frosh-Sophs Win 5th In Row At Fenton, 39-0

by GEOFFREY JOHN

Palatine won its fifth straight victory by defeating Fenton 39-0 on Fenton's gridiron.

Three plays after the game started Richard Wisner threw a pass to Jordan Danforth for 37 yards and the ball ended on the 2-yard line. On the next play Danny Lemanski plunged over for Palatine's first touchdown. Wisner attempted to kick the extra point but failed. Just before the end of the first quarter Richard Wisner ran 41 yards around end for Palatine' second touchdown.

He then failed to kick the extra point. With a minute left in the first half Richard Wisner passed 8 yards to Bob Nordin for another Palatine touchdown. Again Wisner's kick failed to get the extra point.

* * *

PALATINE'S FOURTH touchdown was set up when Mike Millay blocked a Fenton punt and Lee Mudlaff recovered it on Fenton's 4 yard line. Two plays later Dan Lemanski went over from the 2-yard line. Bob Nordin went over for the conversion. The third quarter had just started when Richard Wisner threw a pass to Jordan Danforth for 28 yards. Bob Nordin then made 8 yards.

On the next play Don Teegan ran over from the 11-yard line for Palatine's fifth touchdown. Jordan Danforth then made the extra point on an end around play.

* * *

FENTON GOT a drive started in the latter part of the last quarter but it was stalled when they ran out of downs. With less than a minute left in the game Bob Nordin ran 8 yards around end for Palatine's last touchdown. David Hodgson made the extra point.

Fenton's running attack was stalled by Palatine's great defensive line and great tackling by Lee Mudlaff. Palatine got 205 total yards to Fenton's 63. Palatine had 3 first downs to Fenton's 3. Again Palatine's great fault was penalties as Palatine got 85 yards on penalties to Fenton's 10 yards.

Palatine Scores 1st Win Of Season At Fenton, 19-6

BY TERRY MOORE

Palatine Pirates scored their first win of the season Friday night by defeating the Fenton Bisons 19-6 at Bensenville. Bob Coates, Palatine's hard driving fullback, scored 3 touchdowns to pace the Palatine offense.

The Palatine line was aided by the return of Leonard Rhode who had not played since the first game of the season when he was injured.

On the first play from scrimmage Palatine recovered a Fenton fumble on the Fenton 40. A gain of 6 yards by John Grabowy was followed by a 5 yard penalty against Palatine. Jim Hess went for 8 yards and Bob Coates plunged 2 for a first down on the Fenton 29. Grabowy then ran 7 yards to the 22 yard line and on the next play Coates smashed through the Fenton line and went all the way for Palatine's first touchdown. The extra point try was missed.

* * *

IN THE SECOND quarter Palatine lineman George Huber recovered a Fenton fumble in midair and ran 7 yards to the Fenton 38. Two 8 yard gains by Hess and Grabowy gave Palatine a first down on the Fenton 22. After a 15 penalty against the Bisons, Coates plunged over for the touchdown. Again the extra point try was missed making the score 12-0.

Fenton capitalized on a Palatine fumble to score their touchdown. The Bisons kicked off to Palatine to start the second half but Palatine fumbled the ball on the return and Fenton recovered on the Palatine 35. Fenton fullback Philaben ran 14 yards for a first down. A 5 yard penalty against Fenton and an 8 yard gain by quarterback Lars Hendrikson put the ball on the Palatine 19. From there Philiben raced 19 yards for a touchdown, Fenton's first touchdown in conference play this season. The extra point try was missed.

* * *

IN THE THIRD quarter Palatine marched 56 yards in 13 plays to score their last touchdown. With Hess, Grabowy, and Coates carrying the ball, Palatine drove down to the Fenton 11. From there Coates passed to end Steve Cornwell who caught the ball on the 1 yard line but fumbled. Doug Peterson, however, recovered the ball for Palatine and on the next play Coates scored the touchdown. Hess made the extra point which resulted in the final score of 19-6.

Palatine's offense began to click as they gained 235 yards, all but ten on the ground. Fenton gained 189 yards, 143 on the ground.

Antioch Spoils Wauconda Homecoming

Antioch took their third league game in 5 starts and spoiled Wanconda's homecoming Saturday, 13-7. The Sequoits scored early in the first quarter on a 5-yard plunge by Don Schroeder and a conversion by Walsh. They held this 7-0 lead until the final 5 minutes of the game when a series of passes and a 6-yard plunge by Keith Beyer scored a touchdown for Wauconda and Beyer slid over for the extra point to tie the score.

The Sequoits of Antioch came right back and, aided by a pass interference penalty, got first down on the Wauconda 20. At this point Bill Reckers tossed an aerial to Lon Christensen in the corner of the end zone for the winning score. Wauconda appeared on their way to score again but an interception by Antioch on their own 20 stopped the threat.

Antioch won the frosh-soph game 14-7. It was the second defeat of the season for the Wauconda varsity. Antioch and Wauconda are now tied for third in the Northwest standings.

FROSH FOOTBALL is big business at Illinois, the same as varsity ball. Of 119 reporting recently, 20 were all-staters, including 5 of 11 fullbacks. Five of 25 guard candidates were also honor men with Ed Henzel of Riverside and Chuck Rasmussen of York among the other 20.

Among 13 centers (2 all-staters) on hand was Carl Helledy of York. Antioch's Jim McMillen was one of 21 tackles, including 3 all-staters.

There were 4 all-staters in 23-man halfback corps and 1 all-stater, state prep shot put champ Larry Stewart of Galesburg, among 20 ends that included Harry Lindgren of Antioch.

Glenbrook Mauls Grayslake, 34-0

Glenbrook gave plenty of proof Saturday afternoon at Grayslake that they are going to cop their second undefeated Northwest championship in a row when they smothered the formerly unbeaten Grayslake Rams, 34-0. It was Glenbrook's sixth straight win of the season, their 16th in a row over parts of 3 seasons and their 14th straight conference victory in football.

Grayslake was outplayed in the line from the start. Glenbrook rolled to 2 quick touchdowns by Bacon in the first 8 minutes of the opening period. Running plays took the ball to the Grayslake 5 where Bacon plunged over to end a march of 50 yards which started with recovery of a Grayslake fumble.

* * *

SHORTLY THEREAFTER Bob Bacon circled the Grayslake left end from his own 18-yard line and carefully picked his way down the field back and forth between Glenbrook teammates who screened off the oppositions' efforts to reach him until he broke free in the final 20 yards of an 82-yard touchdown run. Bob Boyd converted both points after touchdowns and Glenbrook led 14-0 at the quarter.

In the second period Glenbrook took to the air and passes to Boyd, Reed, and Windels took the Spartans to the 4-yard line. Duane Harm tried a quarterback sneak but was short of the goal and on the next play handed off to Boyd who went over.

* * *

FOR GOOD MEASURE Glenbrook scored twice in the second half with Harm scoring on a 2-yard plunge and Colburn scoring on a 7-yard pass from Harm.

Glenbrook took the frosh-soph preliminary game 14-0.

Ela-Vernon Racks Up 20-0 Win At Grant

Ela-Vernon made their league record 2-2 Saturday night with a 20-0 victory under the lights at Grant High in Fox Lake. A big second quarter sewed up the ball game. Al Bathrick completed a long march with a 1 yard touchdown plunge and soon after Ronnie Soos, Ela quarterback, intercepted a Grant pass and scampered 50 yards with John Fenner converting for a 13-0 lead. Soos got another TD in the last quarter on a 30 yard end run and Erv Pohlman plunged for the conversion.

Ela had 13 first downs to 4 for Grant and had a net gain of 184 yards from scrimmage to Grant's 71.

Palatine Frosh-Sophs Win 5th In Row At Fenton, 39-0

by GEOFFREY JOHN

Palatine won its fifth straight victory by defeating Fenton 39-0 on Fenton's gridiron.

Three plays after the game started Richard Wisner threw a pass to Jordan Danforth for 37 yards and the ball ended on the 2-yard line. On the next play Danny Lemanski plunged over for Palatine's first touchdown. Wisner attempted to kick the extra point but failed. Just before the end of the first quarter Richard Wisner ran 41 yards around end for Palatine' second touchdown.

He then failed to kick the extra point. With a minute left in the first half Richard Wisner passed 8 yards to Bob Nordin for another Palatine touchdown. Again Wisner's kick failed to get the extra point.

* * *

PALATINE'S FOURTH touchdown was set up when Mike Millay blocked a Fenton punt and Lee Mudlaff recovered it on Fenton's 4 yard line. Two plays later Dan Lemanski went over from the 2-yard line. Bob Nordin went over for the conversion. The third quarter had just started when Richard Wisner threw a pass to Jordan Danforth for 28 yards. Bob Nordin then made 8 yards.

On the next play Don Teegan ran over from the 11-yard line for Palatine's fifth touchdown. Jordan Danforth then made the extra point on an end around play.

* * *

FENTON GOT a drive started in the latter part of the last quarter but it was stalled when they ran out of downs. With less than a minute left in the game Bob Nordin ran 8 yards around end for Palatine's last touchdown. David Hodgson made the extra point.

Fenton's running attack was stalled by Palatine's great defensive line and great tackling by Lee Mudlaff. Palatine got 205 total yards to Fenton's 63. Palatine had 3 first downs to Fenton's 3. Again Palatine's great fault was penalties as Palatine got 85 yards on penalties to Fenton's 10 yards.

Palatine Scores 1st Win Of Season At Fenton, 19-6

BY TERRY MOORE

Palatine Pirates scored their first win of the season Friday night by defeating the Fenton Bisons 19-6 at Bensenville. Bob Coates. Palatine's hard driving fullback, scored 3 touchdowns to pace the Palatine offense.

The Palatine line was aided by the return of Leonard Rhode who had not played since the first game of the season when he was injured.

On the first play from scrimmage Palatine recovered a Fenton fumble on the Fenton 40. A gain of 6 yards by John Grabowy was followed by a 5 yard penalty against Palatine. Jim Hess went for 8 yards and Bob Coates plunged 2 for a first down on the Fenton 29. Grabowy then ran 7 yards to the 22 yard line and on the next play Coates smashed through the Fenton line and went all the way for Palatine's first touchdown. The extra point try was missed.

* * *

IN THE SECOND quarter Palatine lineman George Huber recovered a Fenton fumble in midair and ran 7 yards to the Fenton 38. Two 8 yard gains by Hess and Grabowy gave Palatine a first down on the Fenton 22. After a 15 penalty against the Bisons, Coates plunged over for the touchdown. Again the extra point try was missed making the score 12-0.

Fenton capitalized on a Palatine fumble to score their touchdown. The Bisons kicked off to Palatine to start the second half but Palatine fumbled the ball on the return and Fenton recovered on the Palatine 35. Fenton fullback Philaben ran 14 yards for a first down. A 5 yard penalty against Fenton and an 8 yard gain by quarterback Lars Hendrikson put the ball on the Palatine 19. From there Philiben raced 19 yards for a touchdown, Fenton's first touchdown in conference play this season. The extra point try was missed.

* * *

IN THE THIRD quarter Palatine marched 56 yards in 13 plays to score their last touchdown. With Hess, Grabowy, and Coates carrying the ball, Palatine drove down to the Fenton 11. From there Coates passed to end Steve Cornwell who caught the ball on the 1 yard line but fumbled. Doug Peterson, however, recovered the ball for Palatine and on the next play Coates scored the touchdown. Hess made the extra point which resulted in the final score of 19-6.

Palatine's offense began to click as they gained 235 yards, all but ten on the ground. Fenton gained 189 yards, 143 on the ground.

Antioch Spoils Wauconda Homecoming

Antioch took their third league game in 5 starts and spoiled Wanconda's homecoming Saturday, 13-7. The Sequoits scored early in the first quarter on a 5-yard plunge by Don Schroeder and a conversion by Walsh. They held this 7-0 lead until the final 5 minutes of the game when a series of passes and a 6-yard plunge by Keith Beyer scored a touchdown for Wauconda and Beyer slid over for the extra point to tie the score.

The Sequoits of Antioch came right back and, aided by a pass interference penalty, got first down on the Wauconda 20. At this point Bill Reckers tossed an aerial to Lon Christensen in the corner of the end zone for the winning score. Wauconda appeared on their way to score again but an interception by Antioch on their own 20 stopped the threat.

Antioch won the frosh-soph game 14-7. It was the second defeat of the season for the Wauconda varsity. Antioch and Wauconda are now tied for third in the Northwest standings.

Arlington Coasted To Win Over Glenbard Gridders

Arlington Heights varsity gridders coasted to a 27-12 victory at Glenbard Saturday afternoon, spoiling the Bards' homecoming. Once again it was hard defensive play, plus good blocking setting up opportunities for the speedy John Sujack to break away for 2 54-yard TDs.

Sujack also scored a touchdown on a 21-yard plunge and Thill 1 on a 7-yard plunge. Lew Green kicked all 3 extra points to keep Arlington mathematically in the running for the championship and assuredly in the running for second place.

* * *

WAYNE MALZAHN and Dennis Striegel both played outstanding games on offense and defense. Heartbreaker in the game was after 1 touchdown when Lew Green booted the point after, but it was nullified by a 5-yard penalty. He made another good try, but again a 15-yard penalty nullified the point. His third try was just short of the bar.

The Heights offense was potent as it racked up a 261-189 margin in rushing. Both teams were about even on pass completions, with Glenbard far ahead on first downs, 15-8. But the officials still count only points at game's end and therein lies the reason the Cardinals carry a 1-game winning streak against Riverside in the final home game Friday night.

* * *

THE GAME started slow until interception by Sujack on the Heights 13 gave the Cardinals their chance. After 2 plunges to the 20, Sujack was away for 18 yards but fumbled. Glenbard was stopped by a touchback in the end zone with Sujack carrying 27 yards to the 47.

Heights was stopped, though, as was Glenbard. A pass from Sujack to Summers went from the 32 to the 2 and Sujack carried across. Green kicked the conversion.

* * *

GLENBARD CAME through with a scoring drive covering 70 yards in 10 plays, including a 24 yard dash by Bob Edwards. Gregg Gilbert and George Nitsche also had 10 and 12-yard dashes in the series with Gilbert going the final 7 yards.

Arlington came right back with a touchdown. Sujack caught the punt on the 15, running to the 35. Jim Summers carried to the 43. Denny Thill picked up 3 yards. Sujack then ran 54 yards for a touchdown with Lew Green missing the third conversion attempt after having the first 2 good ones nullified by penalties.

* * *

THIRD QUARTER found play between the 40 yard lines until Sujack ran another 54 yards for another 6 points, with Green kicking the point after. Glenbard was held after the kickoff with Heights starting another drive on the Bard 46. Eleven plays later Denny Thill carried the final 7 yards for another TD. Green made it 27-6.

After numerous penalties and an exchange of punts Glenbard started a drive from the Heights 45. Eleven plays later Glenbard scored with Gilbert going th final 5 yards. A nice 10-yard run by Rich Edwards and a 12-yard dash by Lane Patterson were included in this series.

Spivey To Lead Olympians Vs Tatum, Haynes

Although their reputation stands high, the famous duo of Goose Tatum and Marques Haynes and their new Harlem Magicians cage team are expected to have a tough evening when they face the New York Olympians November 4 in Arlington Heights high school gym. Game time is 8 p.m.

The Olympians are headed by no less a great than Bill Spivey, 7 ft. 1 in., former Kentucky All-American, who has scored as many as 85 points in a single game. He has been named on every All-American team and in 1951 won the coveted Helms foundation award as top cage star in the nation.

* * *

BACKING UP the talents of Spivey will be 6 other well known stars of the hardwood including Charlie Hadden, who was named "rookie of the year" during his college days at the University of Kentucky that has produced so many basketball greats. He is said to have a deadly shot.

Pairing with Spivey to give the Olympians great strength under the boards is 6 ft. 6 in. Bob Righetti, former University of San Francisco star. A tremendous defensive player and another former All-American with the team is Byron Anderson from Kansas university.

* * *

BOB FOWLER is a former Seton Hall cage star who had 8 years of professional experience with the New York Celtics, Baltimore Bullets and Boston Whirlwinds. He is player-coach of the team and teams ably with Tom Gatzek, another well known performer in pro ranks.

Gatzek, following days as a college star at Texas Christian university and the University of Detroit, played professionally with the Celtics, the Dayton Mets and the Whirlwinds. Rounding out the Olympian lineup is the floor leader of the squad, Ted Lyons, an Arkansas product who is a fine guard and good shot.

The meeting of the Magicians and the Olympians locally is being sponsored by the Arlington Heights Jaycees with admission set at $1.75 for adults and $1 for students. Added attractions between halves of the game will be several novelty acts.

Sizzling On The College Grid

NORTHERN Illinois state's injury-riddled football squad will look for its first win of the season at the expense of the once-beaten University of Omaha at Omaha, Neb., Saturday. The Huskies have one tie and 4 losses, while the Indians have won 4 encounters against their single setback.

Added to the Huskies' growing list of casualties this past week was regular quarterback Chuck Boudreau, a freshman from Kankakee. Boudreau fractured the fibula bone in his right leg during a scrimmage and will be lost to the squad for the rest of the season. The chunky Boudreau led the Huskies in passing, total offense, punting and scoring at the time of his injury.

Also on the sidelines for the Northern eleven in last Saturday's 39-6 loss at the hands of Western Illinois was Dan Baker, a freshman from North Chicago. The team's leading groundgainer until the Western loss, Baker has missed the last 2 games because of a severe ankle sprain.

* * *

ONE OF STRANGEST situations in the history of collegiate football is just part of the lore of the 36-game gridiron rivalry between Purdue and Illinois, Saturday afternoon homecoming opponents at Champaign. The strange story concerns 6 members of the 1942 Illinois varsity and frosh squads who were transferred to Purdue by the Marine Corps, but equally as prominent in history of the series are the many thrilling battles between the 2 teams.

Illinois and the Boilermakers did not play from 1932 through 1942, but in 1943 6 Illini who had planned to help resume the series on the Orange and Blue side of the fence found themselves in Purdue uniforms facing their former teammates. They trounced the Illini 40-21 that year, and won a share of the Big Ten title.

One of those 6 players, Tony Butkovich, later was killed on Okinawa, but the other 5 returned in 1946. Joe Buscemi, Mike Kasap, Alex Agase, Frank Bauman, and John Genis all played important roles on Coach Ray Eliot's first post-war team which won the Big Ten title and defeated UCLA, 45-14, as the Western Conference's first official representative in the Rose Bowl.

* * *

PURDUE'S PASSERS can hardly be accused of favoritism in selecting targets. Fifteen different players have been on the terminal end of the 59 passes the Boilermakers have completed in 5 games. Lamar Lundy, 6 foot, 6 inch, junior end, is the leading receptionist with 13 catches.

Purdue's passes have been averaging exactly 10 yards per completion. The Boilermakers have connected on 59 aerials for a net of 590 yards.

Co-captain and fullback Bill Murakowski, the work horse of Purdue's backfield, has accounted for almost exactly 60 per cent of the ground yardage gained by the Boilermakers in 5 games. Murakowski has netted 343 yards in 79 rushes for a 4.34 yard average and has accounted for 2 of the 7 Boilermaker touchdowns.

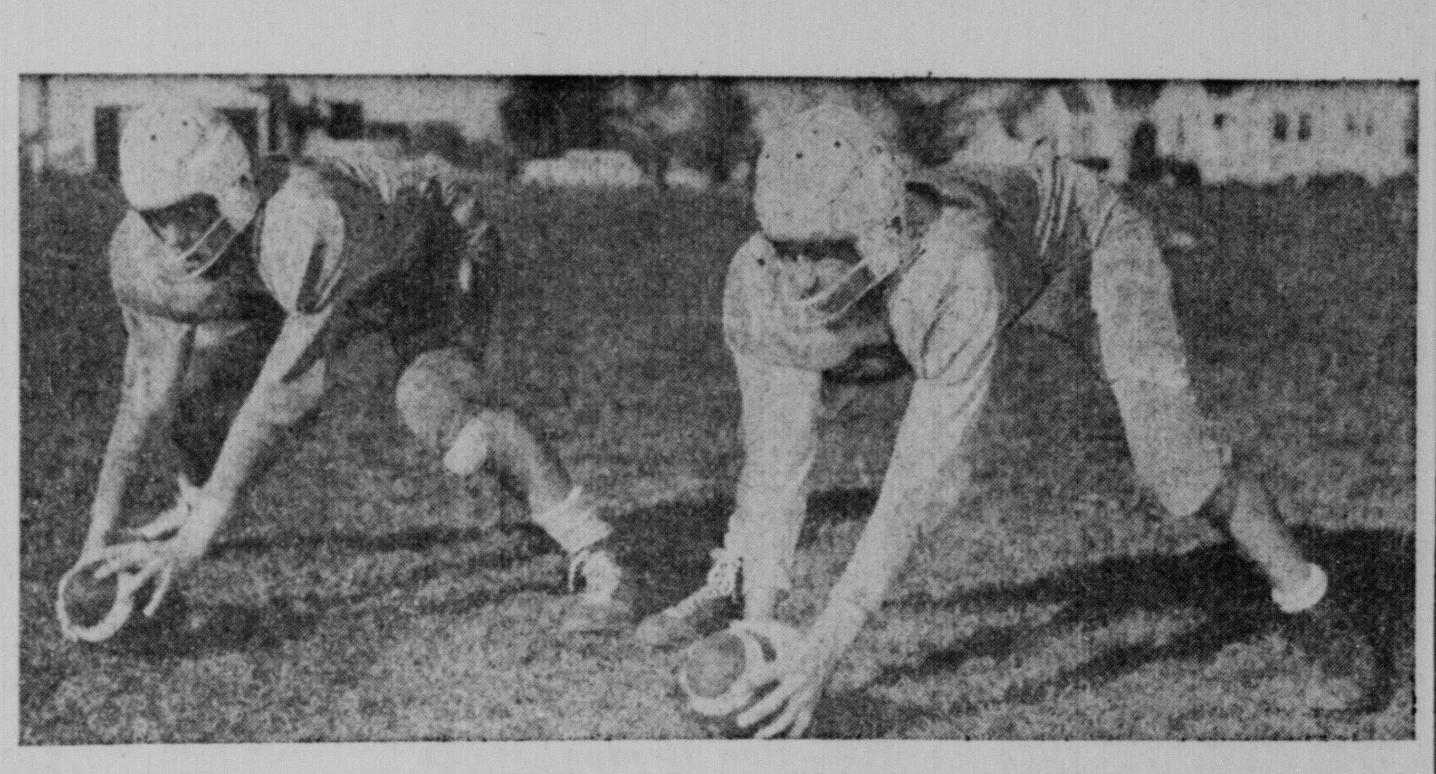
WHEN NOTRE DAME meets the United States Naval Academy, next Saturday, Oct. 29 at 1:30 (CDT), the Irish will be playing the 29th game in the longest continuous intersectional series in college football at Notre Dame, dating back to 1927. In the series, Notre Dame has 23 victories to 4 for the Middies, and one tie.

The Irish were victorious in last year's contest, defeating Navy, 6-0, in the mud of Memorial stadium in Baltimore. The Navy went on to win the Sugar Bowl championship and receive the Lambert trophy as the outstanding team in the east.

The last time Navy defeated the Irish was in 1944 at Baltimore when the Middies swamped Notre Dame 32-13. The 1945 game played in Cleveland ended in a 6-6 tie.

'Sugar' Ray Robinson

Sugar Ray Robinson, never more serious in his life, is busily training and making plans to regain the Middleweight Crown when he meets Carl "Bobo" Olson in the Chicago Stadium on Friday, Nov. 4 for the world's title. There will be no local TV of this fight.



This twosome has been a big help to Arlington grid fortunes this fall. On the left is Dan Vittum, converted from end to various positions, currently center. Dan is a great competitor, not particular where he plays. Coaches recognize his worth to the team by assigning him the task of calling defensive alignments.

At the right is Ron Herff, a dependable player with the varsity the past 2 seasons. Lack of size and speed have been the stumbling blocks as far as Ron is concerned, with his centering the ball on point after attempts, and punts. He passes the ball back well, but doesn't have the size that means 60 minute football.

Robinson Asserts He May Win By Knockout

Ray Robinson, who has maintained a discreet silence while rounding himself into top shape for his middleweight title joust with Bobo Olson, in the Chicago Stadium, Friday, Nov. 4, exploded today with the flat prediction that he will win back the crown.

"I might even knock him out," declared Robinson. Robinson is not the talking kind when it comes to making fight predictions. He lets the bravery talk come strictly from co-manager George Gainford, "The Emperor". He even suggests that Gainford fight some of the dread-naughts that "Big George" picks for Ray.

"Up to now I've been training and not talking," said Ray. "I have never felt as good nor has my timing been this sharp in recent years. I feel like fighting and that's a new sensation for me in recent months. This is one I want to win and aim to win! I know that if I hit him I'll knock him out and I'm certainly going to try and hit him early. It only takes one good punch to change the picture of a fight."

Card Sophs Gain Tie Against Glenbard

An intercepted pass with accompanying 65 yard run set up a touchdown opportunity Arlington's soph gridders couldn't turn down and Heights gained a tie against Glenbard Friday night, 6-6.

Don Carstens grabbed the Bard toss in the second quarter, and carried it to the visitors' 22 yard line. Howie Berg then scooted 22 yards for the TD that kept Coach Bill Beckman's sophomores in the game.

Hancock tallied Glenbard's only score the third period on a 39 yard dash.

* * *

DEFINITE IMPROVEMENT was noted in play of the local sophomores, the second week in a row Coach Beckman has had a slight smile on his face. "If the boys continue to improve," asserted Bill, "they'll win these next 2 games and climb a notch in league standings."

Arlington controlled the ball most of the game, except for the 1 big play, that long dash by Hancock. He's rated one of the best sophomore runners in the league this season ,and the Heights sophs did well to contain him.

* * *

GLENBARD was held to no first downs the opening half, and to 3 the second. Heights had several golden opportunities but 6 fumbles always hurt. Locals recovered 4 of them.

Arlington's defense looked good, with Howie Berg, Ed Schumacher and Ed Kelly running well. New faces in starting lineup for Heights were Jim Schultz at right tackle and Larry Smith at right half. Locals gained 237 yards rushing and made 9 first downs.

Arlington Frosh Look Good In Win Over Glenbard

Arlington's freshman football squad won another game Monday, trimming Glenbard to size, 26-13, while using 52 boys. Young Cardinals scored twice the first quarter, once the second, and a final push the last period. The visitors tallied twice the second half.

A ground game that worked and development of Jon Weisenbach into a place kicker were evident in this contest with Jon kicking 2 points after.

* * *

HEIGHTS RECOVERED a fumble on the first running play of the game by Glenbard at the 30. Dave Buren and Jim Morris took turns carrying the ball, with Buren going the final 2 yards for the TD. Buren carried the point after but a penalty pushed the squad back 5 yards. A pass to Bader again scored, but an additional 15 yard penalty made a third try necessary. Another pass was tried but Bader dropped this one.

An Arlington drive from the 50 netted another TD the opening period with Bob Barbour going the final 7 yards down the right side. Jon Weisenbach missed the conversion. The second quarter the locals kept up a sustained drive with Buren going over the left side and the final 3 yards. Weisenbach kicked the conversion.

* * *

GLENBARD SCORED in the third session on a long pass and run, covering 40 yards in all. Conversion made it 19-7. Heights retaliated the final period when Allen Sander raced 60 yards off right side with Weisenbach kicking the extra point.

Glenbard made 1 last effort with 20 seconds left on a 50 yard run from fake punt formation. Arlington led statistical parade with 214 yards rushing and 11 first downs. This Monday, Oct. 30, Heights frosh will host Riverside-Brookfield under the lights, starting at 5 p.m.

Dads Of Football Players, Cheerleaders, Managers, To Be Feted

Fathers of frosh-soph and varsity football players will sit along the sidelines Friday night in the annual dad's night game of Arlington Heights high school. Riverside-Brookfield will be the opponent in this final home game of the season.

According to Wally Grace, Heights athletic director: "Dads of both frosh-soph and varsity players are asked to pick up their son's number from the table at the south end of the field Friday night. They'll sit on chairs along the west sidelines during the game:

"Frosh-soph dads are asked to turn in their numbers immediately following the soph game so varsity dads can use them for the second game. Dads of managers and cheerleaders are included in these plans."

Arlington Coasted To Win Over Glenbard Gridders

Arlington Heights varsity gridders coasted to a 27-12 victory at Glenbard Saturday afternoon, spoiling the Bards' homecoming. Once again it was hard defensive play, plus good blocking setting up opportunities for the speedy John Sujack to break away for 2 54-yard TDs.

Sujack also scored a touchdown on a 21-yard plunge and Thill 1 on a 7-yard plunge. Lew Green kicked all 3 extra points to keep Arlington mathematically in the running for the championship and assuredly in the running for second place.

* * *

WAYNE MALZAHN and Dennis Striegel both played outstanding games on offense and defense. Heartbreaker in the game was after 1 touchdown when Lew Green booted the point after, but it was nullified by a 5-yard penalty. He made another good try, but again a 15-yard penalty nullified the point. His third try was just short of the bar.

The Heights offense was potent as it racked up a 261-189 margin in rushing. Both teams were about even on pass completions, with Glenbard far ahead on first downs, 15-8. But the officials still count only points at game's end and therein lies the reason the Cardinals carry a 1-game winning streak against Riverside in the final home game Friday night.

* * *

THE GAME started slow until interception by Sujack on the Heights 13 gave the Cardinals their chance. After 2 plunges to the 20, Sujack was away for 18 yards but fumbled. Glenbard was stopped by a touchback in the end zone with Sujack carrying 27 yards to the 47.

Heights was stopped, though, as was Glenbard. A pass from Sujack to Summers went from the 32 to the 2 and Sujack carried across. Green kicked the conversion.

* * *

GLENBARD CAME through with a scoring drive covering 70 yards in 10 plays, including a 24 yard dash by Bob Edwards. Gregg Gilbert and George Nitsche also had 10 and 12-yard dashes in the series with Gilbert going the final 7 yards.

Arlington came right back with a touchdown. Sujack caught the punt on the 15, running to the 35. Jim Summers carried to the 43. Denny Thill picked up 3 yards. Sujack then ran 54 yards for a touchdown with Lew Green missing the third conversion attempt after having the first 2 good ones nullified by penalties.

* * *

THIRD QUARTER found play between the 40 yard lines until Sujack ran another 54 yards for another 6 points, with Green kicking the point after. Glenbard was held after the kickoff with Heights starting another drive on the Bard 46. Eleven plays later Denny Thill carried the final 7 yards for another TD. Green made it 27-6.

After numerous penalties and an exchange of punts Glenbard started a drive from the Heights 45. Eleven plays later Glenbard scored with Gilbert going th final 5 yards. A nice 10-yard run by Rich Edwards and a 12-yard dash by Lane Patterson were included in this series.

This twosome has been a big help to Arlington grid fortunes this fall. On the left is Dan Vittum, converted from end to various positions, currently center. Dan is a great competitor, not particular where he plays. Coaches recognize his worth to the team by assigning him the task of calling defensive alignments.

At the right is Ron Herff, a dependable player with the varsity the past 2 seasons. Lack of size and speed have been the stumbling blocks as far as Ron is concerned, with his centering the ball on point after attempts, and punts. He passes the ball back well, but doesn't have the size that means 60 minute football.

Spivey To Lead Olympians Vs Tatum, Haynes

Although their reputation stands high, the famous duo of Goose Tatum and Marques Haynes and their new Harlem Magicians cage team are expected to have a tough evening when they face the New York Olympians November 4 in Arlington Heights high school gym. Game time is 8 p.m.

The Olympians are headed by no less a great than Bill Spivey, 7 ft. 1 in., former Kentucky All-American, who has scored as many as 85 points in a single game. He has been named on every All-American team and in 1951 won the coveted Helms foundation award as top cage star in the nation.

* * *

BACKING UP the talents of Spivey will be 6 other well known stars of the hardwood including Charlie Hadden, who was named "rookie of the year" during his college days at the University of Kentucky that has produced so many basketball greats. He is said to have a deadly shot.

Pairing with Spivey to give the Olympians great strength under the boards is 6 ft. 6 in. Bob Righetti, former University of San Francisco star. A tremendous defensive player and another former All-American with the team is Byron Anderson from Kansas university.

* * *

BOB FOWLER is a former Seton Hall cage star who had 8 years of professional experience with the New York Celtics, Baltimore Bullets and Boston Whirlwinds. He is player-coach of the team and teams ably with Tom Gatzek, another well known performer in pro ranks.

Gatzek, following days as a college star at Texas Christian university and the University of Detroit, played professionally with the Celtics, the Dayton Mets and the Whirlwinds. Rounding out the Olympian lineup is the floor leader of the squad, Ted Lyons, an Arkansas product who is a fine guard and good shot.

The meeting of the Magicians and the Olympians locally is being sponsored by the Arlington Heights Jaycees with admission set at $1.75 for adults and $1 for students. Added attractions between halves of the game will be several novelty acts.

Robinson Asserts He May Win By Knockout

Ray Robinson, who has maintained a discreet silence while rounding himself into top shape for his middleweight title joust with Bobo Olson, in the Chicago Stadium, Friday, Nov. 4, exploded today with the flat prediction that he will win back the crown.

"I might even knock him out," declared Robinson. Robinson is not the talking kind when it comes to making fight predictions. He lets the bravery talk come strictly from co-manager George Gainford, "The Emperor". He even suggests that Gainford fight some of the dread-naughts that "Big George" picks for Ray.

"Up to now I've been training and not talking," said Ray. "I have never felt as good nor has my timing been this sharp in recent years. I feel like fighting and that's a new sensation for me in recent months. This is one I want to win and aim to win! I know that if I hit him I'll knock him out and I'm certainly going to try and hit him early. It only takes one good punch to change the picture of a fight."

Sizzling On The *College Grid*

NORTHERN Illinois state's injury-riddled football squad will look for its first win of the season at the expense of the once-beaten University of Omaha at Omaha, Neb., Saturday. The Huskies have one tie and 4 losses, while the Indians have won 4 encounters against their single setback.

Added to the Huskies' growing list of casualties this past week was regular quarterback Chuck Boudreau, a freshman from Kankakee. Boudreau fractured the fibula bone in his right leg during a scrimmage and will be lost to the squad for the rest of the season. The chunky Boudreau led the Huskies in passing, total offense, punting and scoring at the time of his injury.

Also on the sidelines for the Northern eleven in last Saturday's 39-6 loss at the hands of Western Illinois was Dan Baker, a freshman from North Chicago. The team's leading groundgainer until the Western loss, Baker has missed the last 2 games because of a severe ankle sprain.

* * *

ONE OF STRANGEST situations in the history of collegiate football is just part of the lore of the 36-game gridiron rivalry between Purdue and Illinois, Saturday afternoon homecoming opponents at Champaign. The strange story concerns 6 members of the 1942 Illinois varsity and frosh squads who were transferred to Purdue by the Marine Corps, but equally as prominent in history of the series are the many thrilling battles between the 2 teams.

Illinois and the Boilermakers did not play from 1932 through 1942, but in 1943 6 Illini who had planned to help resume the series on the Orange and Blue side of the fence found themselves in Purdue uniforms facing their former teammates. They trounced the Illini 40-21 that year, and won a share of the Big Ten title.

One of those 6 players, Tony Butkovich, later was killed on Okinawa, but the other 5 returned in 1946. Joe Buscemi, Mike Kasap, Alex Agase, Frank Bauman, and John Genis all played important roles on Coach Ray Eliot's first post-war team which won the Big Ten title and defeated UCLA, 45-14, as the Western Conference's first official representative in the Rose Bowl.

* * *

PURDUE'S PASSERS can hardly be accused of favoritism in selecting targets. Fifteen different players have been on the terminal end of the 59 passes the Boilermakers have completed in 5 games. Lamar Lundy, 6 foot, 6 inch, junior end, is the leading receptionist with 13 catches.

Purdue's passes have been averaging exactly 10 yards per completion. The Boilermakers have connected on 59 aerials for a net of 590 yards.

Co-captain and fullback Bill Murakowski, the work horse of Purdue's backfield, has accounted for almost exactly 60 per cent of the ground yardage gained by the Boilermakers in 5 games. Murakowski has netted 343 yards in 79 rushes for a 4.34 yard average and has accounted for 2 of the 7 Boilermaker touchdowns.

WHEN NOTRE DAME meets the United States Naval Academy, next Saturday, Oct. 29 at 1:30 (CDT), the Irish will be playing the 29th game in the longest continuous intersectional series in college football at Notre Dame, dating back to 1927. In the series, Notre Dame has 23 victories to 4 for the Middies, and one tie.

The Irish were victorious in last year's contest, defeating Navy, 6-0, in the mud of Memorial stadium in Baltimore. The Navy went on to win the Sugar Bowl championship and receive the Lambert trophy as the outstanding team in the east.

The last time Navy defeated the Irish was in 1944 at Baltimore when the Middies swamped Notre Dame 32-13. The 1945 game played in Cleveland ended in a 6-6 tie.

Card Sophs Gain Tie Against Glenbard

An intercepted pass with accompanying 65 yard run set up a touchdown opportunity Arlington's soph gridders couldn't turn down and Heights gained a tie against Glenbard Friday night, 6-6.

Don Carstens grabbed the Bard toss in the second quarter, and carried it to the visitors' 22 yard line. Howie Berg then scooted 22 yards for the TD that kept Coach Bill Beckman's sophomores in the game.

Hancock tallied Glenbard's only score the third period on a 39 yard dash.

DEFINITE IMPROVEMENT was noted in play of the local sophomores, the second week in a row Coach Beckman has had a slight smile on his face. "If the boys continue to improve," asserted Bill, "they'll win these next 2 games and climb a notch in league standings."

Arlington controlled the ball most of the game, except for the 1 big play, that long dash by Hancock. He's rated one of the best sophomore runners in the league this season ,and the Heights sophs did well to contain him.

* * *

GLENBARD was held to no first downs the opening half, and to 3 the second. Heights had several golden opportunities but 6 fumbles always hurt. Locals recovered 4 of them.

Arlington's defense looked good, with Howie Berg, Ed Schumacher and Ed Kelly running well. New faces in starting lineup for Heights were Jim Schultz at right tackle and Larry Smith at right half. Locals gained 237 yards rushing and made 9 first downs.

Illinois TAX FACTS

By George S. Mahin, Executive Secretary
Taxpayers' Federation of Illinois

With school construction to meet increasing enrollments and to replace antiquated buildings now costing Illinois taxpayers in excess of 100 million dollars a year, the Taxpayers' Federation of Illinois has begun a study to determine whether taxpayers are getting their money's worth from construction costs.

Velma B. Crain, education research specialist on the federation staff who is visiting school districts with low-cost school construction, today paid a tribute to Superintendent P. L. Bolin and the school board of East Peoria elementary district 86 in Tazewell county for their economical approach to school building needs. That this approach has been from choice and not necessity is evident, Crain reports, from the fact that the school district has used only about one-third of its bonding power.

* * *

CONSTRUCTION COST of new buildings over the period 1949 - 1954 have ranged from $13,800 to $28,000 per classroom, counting auditorium-gymnasium combinations as the equivalent of 4 classrooms. The building costing $28,000 per classroom included a separate sewage and deep well system. Costs per cubic foot ranged from 76 cents to $1.48; per square foot from $9.73 to $14.70.

Costs of additions have ranged from $7,482 to $15,475 per classroom, with square foot costs ranging from $9.40 to $13.35. Costs of additions are lower because basic heating and plumbing installations were made in the original buildings.

Illinois TAX FACTS

By George Mahin, Executive Secretary, Taxpayers' Federation of Illinois

With school construction to meet increasing enrollments and to replace antiquated buildings now costing Illinois taxpayers in excess of 100 million dollars a year, the Taxpayers' Federation of Illinois has begun a study to determine whether taxpayers are getting their money's worth from construction costs.

Velma B. Crain, education research specialist on the federation staff who is visiting school districts with low-cost school construction, today paid a tribute to Superintendent P. L. Bolin and the school board of East Peoria elementary district 86 in Tazewell county for their economical approach to school building needs. That this approach has been from choice and not necessity is evident, Crain reports, from the fact that the school district has used only about one-third of its bonding power.

* * *

CONSTRUCTION COST of new buildings over the period 1949 - 1954 have ranged from $13,800 to $28,000 per classroom, counting auditorium-gymnasium combinations as the equivalent of 4 classrooms. The building costing $28,000 per classroom included a separate sewage and deep well system. Costs per cubic foot ranged from 76 cents to $1.48; per square foot from $9.73 to $14.70.

Costs of additions have ranged from $7,482 to $15,475 per classroom, with square foot costs ranging from $9.40 to $13.35. Costs of additions are lower because basic heating and plumbing installations were made in the original buildings.

COOK COUNTY DELINQUENT TAX LIST

Wheeling Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1954, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

Wheeling Township, Illinois
October 27, 1955

NOTICE is hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 7th day of November, A.D., 1955, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 7th day of November, A.D., 1955 to-wit, the 21st day of November, A.D., 1955 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectively.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1954. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B. T."

Payment of taxes made after printer's copies are sent to publishers for listing and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appearing to the left of the opposite said "$" and "cts" column. "Name" in the words "name" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY DELINQUENT TAX LIST

Wheeling Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1954, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

Wheeling Township, Illinois
October 27, 1955

NOTICE is hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 7th day of November, A.D., 1955, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 7th day of November, A.D., 1955 to-wit, the 21st day of November, A.D., 1955 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectively.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1954. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B. T."

Payment of taxes made after printer's copies are sent to publishers for listing and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appearing to the left of the opposite said "$" and "cts" column. "Name" in the words "name" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY DELINQUENT TAX LIST

Elk Grove Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1954, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

Elk Grove Township, Illinois
October 27, 1955

NOTICE is hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 7th day of November, A.D., 1955, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 7th day of November, A.D., 1955 to-wit, the 21st day of November, A.D., 1955 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectively.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1954. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B. T."

Payment of taxes made after printer's copies are sent to publishers for listing and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appearing to the left of the opposite said "$" and "cts" column. "Name" in the words "name" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY DELINQUENT TAX LIST

Elk Grove Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1954, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

Elk Grove Township, Illinois
October 27, 1955

NOTICE is hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 7th day of November, A.D., 1955, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 7th day of November, A.D., 1955 to-wit, the 21st day of November, A.D., 1955 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectively.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1954. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B. T."

Payment of taxes made after printer's copies are sent to publishers for listing and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appearing to the left of the opposite said "$" and "cts" column. "Name" in the words "name" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

Mastic And Plywood Good Team For Basement Walls

When installing hardwood plywood wall paneling over basement walls of concrete block or other masonry, a new twist can save you lots of work.

Furring strips can be applied to the new mastic-anchored nails rather than using a star drill to drill out holes in the concrete for wood plugs. Small flat metal plates with projecting nails are applied to the concrete with mastic. Tiny holes in the plates allow the mastic to ooze through for a secure bond. Place the plates wherever you intend locating durring strips.

Then, instead of driving any nails, the furring strips are impaled on the nails. The nail tips are hammered over, and the plywood panels are fastened to the furring strips.

Mastic And Plywood Good Team For Basement Walls

When installing hardwood plywood wall paneling over basement walls of concrete block or other masonry, a new twist can save you lots of work.

Furring strips can be applied to the new mastic-anchored nails rather than using a star drill to drill out holes in the concrete for wood plugs. Small flat metal plates with projecting nails are applied to the concrete with mastic. Tiny holes in the plates allow the mastic to ooze through for a secure bond. Place the plates wherever you intend locating durring strips.

Then, instead of driving any nails, the furring strips are impaled on the nails. The nail tips are hammered over, and the plywood panels are fastened to the furring strips.

QUITE CONTRARY

BY MARY

Those virile germs we mentioned last week were more virile than we thought. They were so powerful that even rugged mother succumbed to their charms and coughed her way into her downy couch there to remain for three days. Some time ago we got nasty over the suffering of the human male on his bed of pain.

We now beg to add the human female to the group that suffers aloud and long. At least, we will add this human female to the outspoken bunch. In our own defense, we wish to make it clear that if we did not utter some rather good moans, we would be accused of goldbricking.

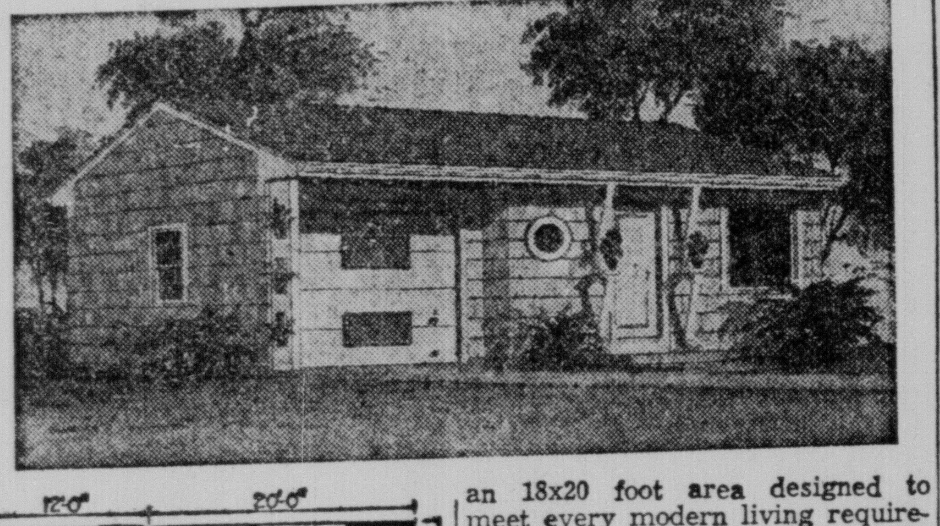
We read a condensation of a little thing called "This Is Goggle" while we were whiling away our pain filled hours. It isn't by any means great literature, but it is certainly great entertainment to anyone with either girls or boys. And, there aren't any other kinds.

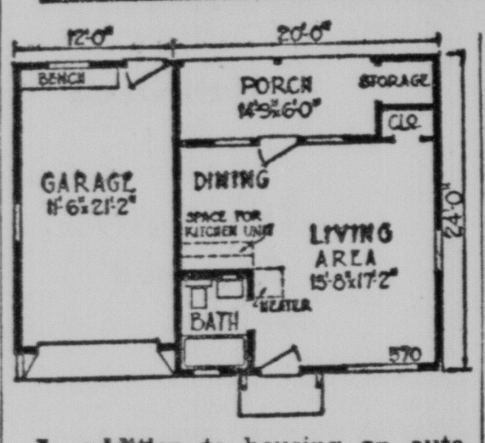
The passage we were especially fond of was the part that described the parents' dealing with a small boy and his messy room. They too, like us, tried the old saw of letting the whole room get so messy that no one could enter it without risking life and limb. They too felt that eventually the small one would get disgusted with his own hodge podge and clean it up thereby learning self discipline.

They, too, were doomed to disappointment and wondered how he managed to get dressed in the morning from the "rummage sale" he lived in. We evidently learned our lesson earlier as we are back at the same old stand of greeting them when they return from school with the glad tidings that there will be no playing until that hog pen in the upstairs is in some semblance of tidiness. We say this in a very loud voice.

Some unkind psychologist, child that is, might even say that we scream it. He may be right but it works. They may build up all the frustrations they please, they may garner thoughts of matricide to hug to their chests, but that room gets cleaned up once in a while or our name ain't Davy Crockett. And it ain't.

Garage of the Week





In addition to housing an automobile, this guest house includes an 18x20 foot area designed to meet every modern living requirement. The porch, which may be screened-in if desired, adds to the comfort of this design.

Also, note the practical and convenient outside storage space that is also a part of the porch. The picture window, of course, gives extra beauty to the exterior appearance of this combination garage and house that can quarter the overnight visitor to be used for extra income.

This is a National plan service garage design. Blueprints are available from most local lumber dealers.

Boxelder Bugs, Bless 'Em All, May Arrive Here Soon

If you have any boxelder trees around the house, you may find some unwelcome guests in your home one of these cool fall mornings.

Boxelder bugs are content to stay in or under boxelder trees during the summer, happily eating their fill of seeds, says Carl F. Mees, farm adviser.

But when cool weather gets here, these little creatures seek protection. And if they can find any cracks or crevices in your house, they'll crawl in—completely uninvited.

YOU'LL SEE THEM clinging to the south and west sides of the house on warm winter days, soaking up the sunshine.

Those that get inside don't eat anything—either food or cloth. But they do spot up curtains and wallpaper and make themselves quite a nuisance, especially when company comes.

One way to control these pests would be to cut down all seed-bearing boxelder trees in the community. But that is a rather drastic measure, Mees explains.

* * *

ANOTHER WAY to halt their march into your home would be to caulk up all cracks and crevices. But the job would have to be very thorough, and even then some bugs would still get in around doors and windows.

Insecticides are your best hope for practical control.

A ½ per cent spray of lindane will give a quick kill. You can get the right mixture by adding ½ pint of 20 percent lindane concentrate to 2½ gallons of water. A quarter-pint of 15 per cent dieldrin concentrate in two gallons of water will do the job too.

* * *

IF YOU SEE a lot of bugs around boxelder trees, thoroughly spray the trunks and the ground near the trees. Then spray the sides and foundation of the house and a three-foot strip beside the house too.

You might have to spray again in one or two weeks. Spray whenever you see a lot of them clustering on the sides of the house this winter, Mees advises.

If the infestation is mild, you can control bugs in the house by picking them up with the vacuum cleaner. In severe cases pyrethrin household sprays can be used.

Some of the best color photographs from all over the United States and from 20 foreign countries will be projected in the free, public showing of the eleventh Chicago international color slide Exhibit. IF YOU SEE a lot of bugs around boxelder trees, thoroughly spray the trunks and the ground near the trees. Then spray the sides and foundation of the house and a three-foot strip beside the house too.

You might have to spray again in one or two weeks. Spray whenever you see a lot of them clustering on the sides of the house this winter, Mees advises.

If the infestation is mild, you can control bugs in the house by picking them up with the vacuum cleaner. In severe cases pyrethrin household sprays can be used.

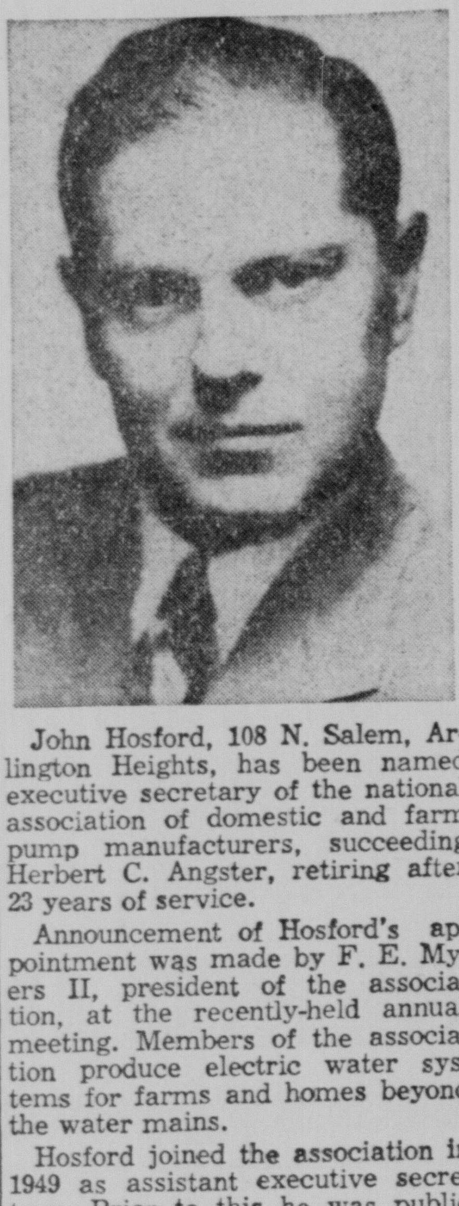
Executive Secretary



John Hosford, 108 N. Salem, Arlington Heights, has been named executive secretary of the national association of domestic and farm pump manufacturers, succeeding Herbert C. Angster, retiring after 23 years of service.

Announcement of Hosford's appointment was made by F. E. Myers II, president of the association, at the recently-held annual meeting. Members of the association produce electric water systems for farms and homes beyond the water mains.

Hosford joined the association in 1949 as assistant executive secretary. Prior to this he was public relations director of the Chicago real estate board, and before that a staff member of the plumbing and heating industries bureau, Chicago.

Hosford also serves as executive secretary of the water conditioning foundation, founded in 1949. Members of this group are manufacturers of water softening equipment for home, industrial, institutional and commercial installation.

Hosford holds a bachelor's degree in advertising and merchandising, as well as a master's degree, and spent two years in the study of law. His business career, interrupted by service of more than four years in the Air Force during World War II, began with the United Press in Los Angeles.

Other associations of which Hosford is a member include the national farm electrification conference, American management association, and American trade association executives.

'Nothing Sells Groceries Like Newspapers'

"Nothing sells groceries like newspapers."

That was the statement made last week by H. C. McNamara, president of National Tea Co., in an address before Inland Daily Press association.

"We have built our business with newspaper advertising - when I joined National Tea Co. in 1945, a little over ten years ago, we were doing less than $100 million in sales annually and spending less than a half-million a year for advertising, of which newspaper advertising was not a very substantial portion, because they were spending a lot of money for fancy frills under the name of advertising that made a few people happy, but did not produce real sales results.

"Last year we spent approximately 5½ million dollars for advertising in the eight branches of our company to produce over $520 millions in sales. A quick computation of these advertising costs and sales results will show you that our advertising expenditure for 1954 was about ten times greater than ten years ago and our sales were more than five times greater than ten years ago.

* * *

"**IN THE TEN** year period, 1945 through 1954, we have spent $24,300,000 for advertising and sales promotion to produce a total of $3,091,000,000 in sales. This year our advertising costs will rise to close to $6 million, and our sales will increase to about $575 million, so you can see that our average advertising cost, or investment, as I prefer to call it, will still be close to the 1 per cent bracket in proportion to sales which we believe to be just right for our business - provided, of course, that this money is spent in the right media.

The right medium for us, in my opinion, and our organization agrees wholeheartedly, is newspapers. We honestly and sincerely believe, that newspaper advertising has built our business. That's why we spend, and have spent over the past ten years, under my management, 66 per cent of our advertising dollars for newspaper advertising.

"Now, within this area, we have planned an internal expansion program that will provide for about 95 new National Food Stores within one year from this date, and will give us perhaps another 40 to 50 stores to be leased between now and next year at this time. Of course, we lease our new locations in preference to buying them, so our expansion plans remain in the orbit of living within our means, and also are dependent upon the "on again, off again" attitude of the economists in our government. As long as our landlords can get money to build new stores for us, we will find the money to equip and stock them." (BB

Executive Secretary

John Hosford, 108 N. Salem, Arlington Heights, has been named executive secretary of the national association of domestic and farm pump manufacturers, succeeding Herbert C. Angster, retiring after 23 years of service.

Announcement of Hosford's appointment was made by F. E. Myers II, president of the association, at the recently-held annual meeting. Members of the association produce electric water systems for farms and homes beyond the water mains.

Hosford joined the association in 1949 as assistant executive secretary. Prior to this he was public relations director of the Chicago real estate board, and before that a staff member of the plumbing and heating industries bureau, Chicago.

Hosford also serves as executive secretary of the water conditioning foundation, founded in 1949. Members of this group are manufacturers of water softening equipment for home, industrial, institutional and commercial installation.

Hosford holds a bachelor's degree in advertising and merchandising, as well as a master's degree, and spent two years in the study of law. His business career, interrupted by service of more than four years in the Air Force during World War II, began with the United Press in Los Angeles.

In the Shadow of ✝ ✝ ✝ *The Steeple*

by William O. McGill

There is a great deal being said about "the crisis in education," about "crowded classrooms," about "teachers leaving the profession." These problems are rooted in expanding birth-rates, expanding metropolitan communities, and inadequate budgets. In the community where I live, we have or are having an inadequate educational budget and an expanding population.

Wheeling school board made a survey based on the figures supplied by developers. As nearly as can be determined, our school population will increase from about 400 to more than 3,100 in 3 years, roughly 800 per cent. Our educational deficit which is roughly $30,000 now will total between $500,000 and $600,000 by then. It will be about 2 years before we are likely to receive any increase in educational funds as a result of present construction.

We formed a citizens' advisory committee and held discussions with the builders in our area. Our school is not likely to receive contributions which will tend to offset the expense of educating the children who will live in these developments.

Please understand, we are not complaining about educating the children. We are glad to have children in our school. We only hope that it may be possible to give them the kind of schooling they deserve.

In our efforts as a citizens' committee to talk with people, from the VA office, we received the information that the office was aware of the problem, and the VA was not going to guarantee mortgages unless adequate provisions were made for schools, and that this provision must be certified to be adequate by the board of education.

We now have the information, apparently through the same sources, that the VA has approved not only the developments now in process, amounting to about 575 homes, but an additional 450 homes. On about 100 of the 575, our educational funds will receive some contributions — not as much as we would like, nor as much as we need, but something. Our board of education, needless to say, has not made any certification of adequacy.

"Double shifts" are not the answer, because teachers can only work one shift and we have no money to hire additional teachers. "Squeezing them in" is not the answer, because we would then have teachers who would not renew their contracts. Public education is a teaching process not a baby-sitting program. There is no value in using eighth grade students as monitors in a class of 70 or 80 students.

You recall, during the war, the press printed some stories about men who were being trained for combat with broomstick rifles and stove-pipe artillery. I will grant that the press probably overdid it, buy it may serve as an illustration.

An educational system trains young people for the battles of life where education represents material; an educational system cannot produce a "combat team" of educated citizens if they have been trained with the equivalent of "broomstick rifles and stovepipe artillery."

We can only hope that the Veterans Administration feels that one of its first jobs in helping veterans to obtain housing is the protection of veterans' children in the classrooms.

We have studied a number of areas in order to help us in our area. Our conclusion is that unless the VA insists upon adequate concern for education in the form of negotiable or usable assets. developers are not likely to be concerned in deeds as well as words, and boards of education and citizens' committees are not likely to be effective.

DESIGN FOR LIVING
Building - Remodeling - Improving

In the Shadow of + + + The Steeple

by William O. McGill

There is a great deal being said about "the crisis in education," about "crowded classrooms," about "teachers leaving the profession." These problems are rooted in expanding birth-rates, expanding metropolitan communities, and inadequate budgets. In the community where I live, we have or are having an inadequate educational budget and an expanding population.

Wheeling school board made a survey based on the figures supplied by developers. As nearly as can be determined, our school population will increase from about 400 to more than 3,100 in 3 years, roughly 800 per cent. Our educational deficit which is roughly $30,000 now will total between $500,000 and $600,000 by then. It will be about 2 years before we are likely to receive any increase in educational funds as a result of present construction.

We formed a citizens' advisory committee and held discussions with the builders in our area. Our school is not likely to receive contributions which will tend to offset the expense of educating the children who will live in these developments.

Please understand, we are not complaining about educating the children. We are glad to have children in our school. We only hope that it may be possible to give them the kind of schooling they deserve.

In our efforts as a citizens' committee to talk with people, from the VA office, we received the information that the office was aware of the problem, and the VA was not going to guarantee mortgages unless adequate provisions were made for schools, and that this provision must be certified to be adequate by the board of education.

We now have the information, apparently through the same sources, that the VA has approved not only the developments now in process, amounting to about 575 homes, but an additional 450 homes. On about 100 of the 575, our educational funds will receive some contributions — not as much as we would like, nor as much as we need, but something. Our board of education, needless to say, has not made any certification of adequacy.

"Double shifts" are not the answer, because teachers can only work one shift and we have no money to hire additional teachers. "Squeezing them in" is not the answer, because we would then have teachers who would not renew their contracts. Public education is a teaching process not a baby-sitting program. There is no value in using eighth grade students as monitors in a class of 70 or 80 students.

You recall, during the war, the press printed some stories about men who were being trained for combat with broomstick rifles and stove-pipe artillery. I will grant that the press probably overdid it, buy it may serve as an illustration.

An educational system trains young people for the battles of life where education represents material; an educational system cannot produce a "combat team" of educated citizens if they have been trained with the equivalent of "broomstick rifles and stovepipe artillery."

We can only hope that the Veterans Administration feels that one of its first jobs in helping veterans to obtain housing is the protection of veterans' children in the classrooms.

We have studied a number of areas in order to help us in our area. Our conclusion is that unless the VA insists upon adequate concern for education in the form of negotiable or usable assets. developers are not likely to be concerned in deeds as well as words, and boards of education and citizens' committees are not likely to be effective.

The Illinois Public Aid commission reports that 1,206 persons were dropped from Cook County general assistance rolls in August, the most recent month for which figures have been compiled.

The total recipient rolls for all 5 programs declined in August for the fifth consecutive month, according to Keaster.

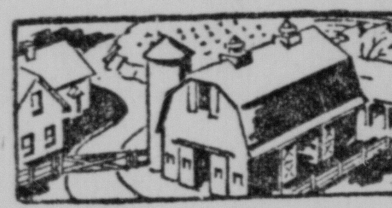
DOWN ON THE FARM



with Your Farm Adviser

CARL F. MEES

If you have been shopping around the meat counters lately you will notice that pork is on the bargain counter. In a store today I noticed pork loins were selling for 39 cents per pound. In addition the center cuts of pork chops were cut out wrapped in the same package and selling at the same price. This is a real bargain, in fact, I bought two of them to put in my deep freeze. It is not often that you can purchase one of the best cuts of pork for such a low price.

You may wonder why pork is so cheap. The reason is that the pork industry the law of supply and demand governs price. There is no price supports at the present time and there is an abundance of pork. We have a large number of hogs on the farm so in order to move the product the prices have been lowered.

* * *

THIS COSTS the farmers money now for one cannot feed hogs when they sell at $14.00 on the market. It's impossible to make a profit, however, hog producers feel that it is better to try to sell the surplus rather than to encourage the government to purchase it and put it in storage.

Our country has been built on free enterprise. If given a chance many farmers feel sure it will still work today. If on the other hand things that farmers have to buy continue to rise as they have in the past two or three years, agriculture will be in a very precarious position. It already is in fact, what is hurting the farmers worse today is that the things they purchase have gone up and up, thus narrowing their net profit to a place where it is almost at a depression stage. You can help yourself by purchasing liberally the agriculture products that are on the bargain counter. When at the store, shop freely at the pork counter. It is truly a bargain.

TEST SOIL NOW.

Now is a good time to test your soil for next spring's crop. It is easy to collect samples now because the soil works so nice. It will give the laboratory plenty of time to run the test also.

* * *

I CANNOT SEE how one can farm intelligently and expect the greatest yields unless he knows what his soil is lacking. How can he apply fertilizer intelligently unless he knows the amount of available acidity, phosphorus and potash in the soil. When one must cut expenses at every corner surely here is one way you can save money.

If you test your soil and apply fertilizer according to the test, you will only apply what is needed.

If you live in town now is a good time to run a test on your lawn or garden. You will get the results and be able to apply the treatment in early spring when it should be applied. For a lawn or garden up to 12,000 square feet one sample is sufficient and the cost is $1.00. How better can you invest $1.00 in your lawn or garden. If you are interested in a test, call CL 3-9432 for further information or address your inquiries to Agricultural Extension Service, 201 N. Dunton ave., Arlington Heights, Ill.

The University of Illinois warns you to be cautious when being approached by salesmen selling cheap fertilizer, especially when you have to sign a contract for a soil test to take advantage of the low prices. (Fm

Partnerships In Farming

The use of livestock leases and father-son farming plans has been increasing in Illinois. Both of these arrangements are frequently referred to as "farm partnerships." In a sense they are partnerships; that is, they are joint arrangements between an owner and his tenant or son to cooperate in carrying on the farm business—and to receive income from the farm proportionate to their contribution of land, equipment, livestock, feed, seed, fertilizer, machinery, labor and operating expenses.

However, the general assumption is that few of these arrangements are partnerships in the legal sense. This point is important because, if an owner and his tenant or son are partners, either of them may make contracts for the business, sell partnership property or create partnership debts without the consent of the other. Also, an income tax return would have to be made for the partnership, and in case of death a partnership accounting would be necessary.

* * *

WHETHER OR NOT a partnership exists between individuals depends largely upon their intentions. A person dealing with farm owners and tenants is not bound by their intentions, however, and may judge from their actions and business setup whether there is a partnership. Each case must be considered by itself.

If a partnership is desired, the best evidence of intention is a written partnership agreement. The agreement should contain names of parties, name of partnership, date organized, purpose of partnership, place of business, amount of capital contributed by each partner and many other items.

Each aggeement will be different. Such things as salaries, accounts, control insurance and limitations on different of the manager must be worked out separately for each partnership.

There are quite a few laws, rules and regulations what apply to partnerships. In order to avoid legal difficulties, it is best that an attorney draft the agreement. He is familiar with the pitfalls and can help you formulate a sound partnership contract.

For income tax purposes, it is generally best to start the partnership with the new year. Farmers who are thinking of starting a parnership should do some planning between now and January 1, 1956.

To Hold Egg Law Meetings Soon

A series of meetings to explain the Illinois egg law and to teach buyers how to candle eggs is being planned by the state egg law information and education committee.

Committee chairman J. R. Roush, University of Illinois farm economist, says the meetings are being held at the request of the division of markets of the state department of agriculture, the agency charged with enforcement. The need for such meetings was brought to light by some 1,400 inspections of egg handlers in the state since August 1.

* * *

THE INFORMATION and education committee is made up of representatives of agencies and organizations interested in the egg industry. It was named by the Illinois Poultry Industry Council to lend poultry industry support to enforcement of the law.

According to the law, all eggs bought from farmers must be candled before they are paid for, and all unfit eggs must be returned to the farmer without being paid for. The law also requires that all eggs sold at retail be labeled according to grade and size or as "ungraded."

More information on the law is available from the division of markets, department of agriculture, Springfield. (Fm

Herd Classified

Gertrude McNaught, Rolling Acres Farm, Elgin, has recently had her Guernsey herd classified for type by L. O. Colebank, official classifier for the American Guernsey cattle club.

A complete analysis of the herd for type was prepared for Mrs. McNaught. This shows that of her 95 cows classified, 3 were rated excellent, 31 very good, 46 desirable and 15 acceptable.

Results of this work tell the breeder the strong and weak points in the conformation of his herd. By selecting the better cows and breeding them to sires that transmit good conformation, herd type can be improved.

Fifteen daughters of Boulder Bridge Scotsman were classified; 6 rated very good, 7 desirable and 2 acceptable.

Fifteen daughters of Woodacres Honorable Baron were classified; 1 rated very good, 10 desirable and 4 acceptable.

Thirteen daughters of Langwater Valerian were classified; 4 ratted very good, 6 desirable and 3 acceptable.

The report of this official classification has been sent to the national office of the American Guernsey cattle club in Peterborough, N. H., for approval and publication. (Fm

THE INFORMATION and education committee is made up of representatives of agencies and organizations interested in the egg industry. It was named by the Illinois Poultry Industry Council to lend poultry industry support to enforcement of the law.

According to the law, all eggs bought from farmers must be candled before they are paid for, and all unfit eggs must be returned to the farmer without being paid for. The law also requires that all eggs sold at retail be labeled according to grade and size or as "ungraded."

More information on the law is available from the division of markets, department of agriculture, Springfield. (Fm

CHRISTIAN SCIENCE CHURCHES

The way to overcome sin—its causes as well as its effects—through the understanding of God will be brought out at Christian Science services this Sunday, October 30.

Keynoting the Lesson-Sermon "Everlasting Punishment" is the Golden Text from Ezekiel (18:23): "Have I any pleasure at all that the wicked should die? saith the Lord God: and not that he should return from his ways, and live?"

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "Divine Love corrects and governs man . . . Every supposed pleasure in sin will furnish more than its equivalent of pain, until belief in material life and sin is destroyed" (6:3 only, 12-14).

Scriptural readings include the following (Psalms 37:27): "Depart from evil and do good; and dwell for evermore."

is not unknown to the Bible. God's Word foretells the day when the elements of the earth shall "melt with fervent heat." As science lends its testimony to the truth of the Bible, why not consider this revelation of God in relation to your life? "The Word of the Lord endureth forever."

CHRISTIAN SCIENCE CHURCHES

The way to overcome sin—its causes as well as its effects—through the understanding of God will be brought out at Christian Science services this Sunday, October 30.

Keynoting the Lesson-Sermon "Everlasting Punishment" is the Golden Text from Ezekiel (18:23): "Have I any pleasure at all that the wicked should die? saith the Lord God: and not that he should return from his ways, and live?"

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "Divine Love corrects and governs man . . . Every supposed pleasure in sin will furnish more than its equivalent of pain, until belief in material life and sin is destroyed" (6:3 only, 12-14).

Scriptural readings include the following (Psalms 37:27): "Depart from evil and do good; and dwell for evermore."

Managerial Answers

Let's look at some of Forrest F. Davis' arguments against the managerial form of government in Arlington Heights:

1. He calls it "a change from the prevailing democratic system to one that is obviously bureaucratic." As Mr. Davis well knows, with a village manager all the policies of the village government would be determined by the board of trustees elected by the people, and the manager would be responsible to the board for carrying out those policies. Furthermore, the power of the board to fire the village manager at any time would guarantee against any bureaucracy. The voters would not lose any of their control over local government, but the politicians would lose some of their control over appointments of personal friends and contracts made by the village government. As for our present government, I suggest that any one who wants to see the most inefficient form of government ever devised, should attend a meeting of the village board.

2. He points out that voters in nine Illinois towns recently voted down the city manager plan. So what! Forty per cent of all towns in the country with a population of 30,000 or more have adopted this form of government. They have done so because most manager cities report increased efficiency, lower tax rates and better public service.

3. Mr. Davis' main argument was that the managerial form of government is not more economical and may be more costly. Anyone who takes the trouble to read some of the many reports and studies on various types of city government will find that the managerial form has usually been more ecomomical. It should make sense to anyone that a trained administrator is more apt to do an efficient job in a town having a budget of around $800,000 than men who have had no training in this type of work.

Why didn't Mr. Davis mention that in Arlington Heights this year, the budget submitted by the present village manager amounted to $130,000 less than the budget which was adopted with the support of Mr. Davis? The saving this year alone would have paid the village manager's salary for the next thirteen years. Mr. Davis makes the misleading statement that in Glenview, Homewood and Kenilworth the tax rate has increased substantially since 1952, but he does not disclose that in practically every town, whatever the form of government, the tax rate has increased substantially because of the growth in population and the increased services required, such as expansion of water and sewage systems, fire and police protection and school construction.

Next time that Mr. Davis purports to give us the facts, he ought to tell the whole story.

Dingle Is Gone

At the side of the road where the green grass grows, a gentle mare was ruthlessly killed September 27. It was a bright moonlit nite, where a rabbit could be seen for blocks around.

Was it a prank? Was it recklessness? Or sadism? We do not know.

Dingle was a beautiful sleek, gentle mare. She was so happy and contented in pasture. Then Tommy came along and her happiness was complete. They were buddies and roamed the pasture, feasting upon the goodness of God's green grass.

In the beginning Tommy was wild, but with Dingle's influence - her gentleness - he gradually became docile; easy to handle, transformed.

* * *

SHE WASN'T an ordinary horse, and dear God, the life that was so cruelly snuffed out of her - we pray it has found another pasture - another home in your vast and mysterious universe. I like to think that this gentle mare, that we all loved, that taught Tommy how to behave, lives on somewhere, somehow, even though her beautiful, supple strong body lies inanimate in the ditch in a pool of blood.

Dear God, how did she get out so late at night without Tommy, when they were inseparable, so deeply attached? The fence was seven feet high, what happened God? Why wasn't she sleeping? It was so very late when she was killed off the road in the grass. No signs, no marks of sudden stopping by motorist, nothing.

* * *

HER STURDY legs that once pranced daintily in the Wheeling parade on Decoration Day were broken, and that beautiful head, which she held so proud and high, severed from the body. No longer will she march and oh, how she loved a parade, the people and excitement.

We are but mortals ever groping, searching, seeking the answer. Perhaps our fellow horse lovers can solve this mystery; give us some clue.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Proposes Debate

An open letter to Arlington Heights village trustee Forrest Davis:

You and I are again on opposite sides of a question. You want to eliminate the village manager plan from our local government while I favor retaining it.

You list in your Fence Post letter certain "facts" upon which you base your reasoning. And yet, when a thinking person really analyzes these "facts," he can hardly agree that they form a basis for such conclusions. Further, while you oppose the manager plan in principle, you fail to offer a substitute. Surely even you do not expect our local government to revert to the level on which it was conducted when you were village clerk.

* * *

YOU TAKE ISSUE with taxes and the manager's salary. A discussion on the quality of government that is limited to these 2 factors is apt to be misleading for they are not the sole determining factors. Rather, as trustees of the village, we should ask ourselves these questions:

1- Are we providing all of the municipal services that we should, by reason of economy and convenience, rightfully perform?

2- Are these services being efficiently performed?

3- Is our government subject to democratic control, sufficiently responsive to public opinion, in performing these services?

You evidently believe we can achieve these 3 principles without a manager. I don't think we can, for I know from experience on the village board that we failed to do so without the manager. However, our difference of opinion is a healthy thing — for if you and I were to logically discuss our opposing views, I'm sure the electorate would benefit. Therefore, Mr. Davis, I propose that you and I publicly debate the questions.

* * *

THIS DEBATE should be set up on as impartial a basis as is possible. Therefore, I suggest that each of us appoint 1 person to represent us and that these 2 people select a third person to form a committee of 3. This committee will then arrange the time and place, provide a moderator, and agree to such rules as may be necessary.

Surely, you will have no objection to such a debate since you, too, state you are primarily interested in providing good government. Therefore, you may have the person you select get in touch with E. J. O'Brien, 629 Campbell st., CL 3-2332. He has agreed to represent me on setting up such a debate.

Rotating Doctors

Nobody in the world can prevent accidents from happening, nor can they prevent illness from occurring! This is a statement with which few would disagree, and yet, despite this fact, Wednesday afternoon is evidently a time set aside during which no accident or illness should occur. I am speaking of the questionable position taken by the doctors of Palatine, who, en masse, on Wednesday afternoons leave their practices behind and take a well-deserved, yet poorly timed, vacation.

Last Wednesday afternoon a group of boys were playing football together when one of the boys was wounded in the leg when he fell against a stake in the ground. The wound was serious enough to alarm several adults who happened on the scene. After several fruitless attempts were made to rouse a doctor, one was finally contacted. He refused to see the boy on these two grounds: (1) he was just sitting down to dinner, and (2) he had no previous knowledge of the boy concerned. Luckily the parents of the boy managed to locate a doctor in Arlington Heights where two stitches were taken in his leg.

This is not the first, nor in all probability the last incident of this nature to occur in Palatine. Any number of similar situations could be cited when, on a Wednesday afternoon, no doctor could be found to treat an emergency.

Now no one denies a doctor his right to a day or an afternoon off, but a system similar to the one employed by doctors in neighboring towns, such as Arlington Heights, could easily solve this problem. All it amounts to is having one doctor, on a rotation system so all would take their turns, be in his office or at least available on Wednesday afternoon. The telephone operator could then be informed of the schedule and thereby be ready to locate that doctor if he is needed.

This problem needs your immediate attention, doctor; will you solve it before a life is needlessly lost?

Loused It Up

As a mother I resent the commercial aspects the adults are trying to foster on our moppets this Halloween. If a door to door canvas is to be made for the hospital fund let us do it and ask for dollars, not pennies.

Small children get such pleasure out of the variety of an apple, popcorn ball, or a stick of gum, it is a delight to see. They shouldn't be just turned loose on the town and return home so overloaded the loot ends up in the waste basket. Children should have adult supervision along and be allowed to call only where they are known and welcomed. Why spoil their day of the year by asking them to beg for pennies?

I am wondering how many adults would be willing to spend New Year's Eve listening to quarters clink in a cup instead of ice in a glass.

My six year old informed me today they weren't to say "Trick or Treat" this year but "Pennies for the Hospital." The proceeds would be collected by the school afterwards. She summed it up adequately, "Boy, they've sure loused up Halloween this year."

Wood Dale Sewers

There cannot be too much printed on how necessary it is for the approaching Wood Dale sewer vote on October 29 to be successful. I believe the County Health board and the Wood Dale village council are overly optimistic as to the outcome of the above issue.

In a weekend newspaper there was an item about Wood Dale which was written without all the facts at hand, and consequently was very satirical.

As a regular attender at village council meetings I know the purpose of the alleged secrecy of the cost of the proposed sewer system was to prevent false rumors from being spread.

At the meeting some months ago when the resolution to present a sewer system to the voters of Wood Dale was passed, Mayor Gilbert announced there would be no information given out until the survey by authorized engineers was complete.

* * *

HE HAD a very good reason for making such an announcement. The last time sewers were voted upon, the element against seeing the village progress printed circulars with fabulous figures thereon, which influenced enough people to vote "No."

This element is still strong —I believe that those who voted "no" were either those with adult or no children, or who went to school in the days before hygiene was taught or who simply didn't think there way anything wrong with septic systems and private wells.

Those of us who are informed (and I say that with no facetiousness) know there is nothing wrong with septic systems and private wells on a farm, or on a lot with adequate space. But unless people find out the hard way, as I did, from having raw sewage on the surface and a contaminated well, or unless they are informed by the newspaper they read that 50 foot lots are completely inadequate, when the town is built up they will still vote to save their taxes from becoming even more outrageous.

* * *

I'M NO RELATIVE or close friend of the mayor but in the article in which he is accused of treating the villagers as kindergartners he is only acting on the statement he made months ago, and I know that all the facts on costs are not as yet in his hand.

There is a tremendous amount of work involved in planning an adequate sewer system for a town and just four years ago many hours of many hard working citizens were wasted because of ignorance on the part of the villagers. Each time, and there have been many times, the cost goes up, as has everything else. If the vote is no, again there will be many hours of planning wasted by men who serve their community with no profit and who spend most of their leisure time on village business.

The conditions in this village won't become much worse because the council very wisely, has banned all new building requiring plumbing, but conditions can't get any worse as far as the danger of epidemic is concerned.

* * *

I HAVE HAD much sickness with my 3 pre-school youngsters—and expense in trying to make my property high and dry from downhill drainage which is very definitely raw sewage coming out of broken field tiles to which one or fifty or more families have their plumbing connected. It is almost impossible to locate these tiles and plug them. It costs money to have wells purified, too, and I have no assurance that it won't be contaminated again right away.

I have been writing, telephoning, and badgering village and county health officials for over two years. I have cohorts, who have done the same, and we feel a little bit responsible for the approaching vote. All of us are mothers of small children with too little time or opportunity to ring doorbells and tell residents to vote yes for the sake of health, property value, and personal physical well being. We can't enjoy our backyards in summer because of the aroma which comes from every direction.

Park Plan

I think this is a good time to thank Paddock Publications for all their efforts in furthering the Little League program in Arlington Heights. Dozens of stories and pictures each season help bring the baseball program to the hundreds of youngsters taking part, and provided needed summertime activities for these boys.

We wish to also thank the high school and park district for their cooperation in supplying diamonds, etc., to help in the operation.

Then, too, we all know how the town is expanding and can understand the need for additional facilities for next year. The Arlington Heights park district expansion program will be up for a vote this Saturday, with several new Little League diamonds, a swimming pool, outdoor auditorium, etc.

We hope the public will remember to vote on this proposition for a park on the south side of town, and help solve the recreation problem right here in Arlington Heights.

Village Manager

It is with the greatest interest that I have followed the debate over whether or not Arlington Heights should have a village manager.

However, I imagine there must be many people, like myself somewhat confused as to the advantages or disadvantages of having a manager.

Now, thanks to our local League of Women Voters, we will have the opportunity Monday, November 7, to hear an expert, Dr. S. A. Hartzo speak on this subject.

This meeting should be both interesting and informative and the League of Women Voters is to be commended for doing the community a fine service.

Just Four Years

Trustee Forrest Davis was not quite correct in his statement, made in his letter published in the Fence Post October 20, that the managerial form of government cannot be abandoned until 1961 if it is adopted in the forthcoming referendum to be held November 19. Actually, in the normal course of events, the managerial form could be abandoned in 1959.

The Illinois statutes provide that the managerial form can be abandoned after it has been in operation for four years. If the managerial form is approved in the forthcoming referendum, the village board will have the power, under the statutes to put the managerial form into effect immediately. Surely, the village board will elect to exercise this power if the voters approve the managerial form. In that case, the manager type of government will go into effect shortly after November 19, 1955 and can be abandoned four years later in 1959.

* * *

ONLY IF the village board fails to act on the mandate of the voters will be commencement of the managerial form of government be delayed until 1957, at the time of the next village election. This is the time that the managerial form automatically goes into effect under the statute if the board refuses to act to put it into effect immediately.

If the managerial form of government is approved by the voters, everyone concerned should be willing to put it into effect immediately and give it a fair trial for four years as provided in the Illinois statutes.

Managerial Answers

Let's look at some of Forrest F. Davis' arguments against the managerial form of government in Arlington Heights:

1. He calls it "a change from the prevailing democratic system to one that is obviously bureaucratic." As Mr. Davis well knows, with a village manager all the policies of the village government would be determined by the board of trustees elected by the people, and the manager would be responsible to the board for carrying out those policies. Furthermore, the power of the board to fire the village manager at any time would guarantee against any bureaucracy. The voters would not lose any of their control over local government, but the politicians would lose some of their control over appointments of personal friends and contracts made by the village government. As for our present government, I suggest that any one who wants to see the most inefficient form of government ever devised, should attend a meeting of the village board.

2. He points out that voters in nine Illinois towns recently voted down the city manager plan. So what! Forty per cent of all towns in the country with a population of 30,000 or more have adopted this form of government. They have done so because most manager cities report increased efficiency, lower tax rates and better public service.

3. Mr. Davis' main argument was that the managerial form of government is not more economical and may be more costly. Anyone who takes the trouble to read some of the many reports and studies on various types of city government will find that the managerial form has usually been more ecomomical. It should make sense to anyone that a trained administrator is more apt to do an efficient job in a town having a budget of around $800,000 than men who have had no training in this type of work.

Why didn't Mr. Davis mention that in Arlington Heights this year, the budget submitted by the present village manager amounted to $130,000 less than the budget which was adopted with the support of Mr. Davis? The saving this year alone would have paid the village manager's salary for the next thirteen years. Mr. Davis makes the misleading statement that in Glenview, Homewood and Kenilworth the tax rate has increased substantially since 1952, but he does not disclose that in practically every town, whatever the form of government, the tax rate has increased substantially because of the growth in population and the increased services required, such as expansion of water and sewage systems, fire and police protection and school construction.

Next time that Mr. Davis purports to give us the facts, he ought to tell the whole story.

Dingle Is Gone

At the side of the road where the green grass grows, a gentle mare was ruthlessly killed September 27. It was a bright moonlit nite, where a rabbit could be seen for blocks around.

Was it a prank? Was it recklessness? Or sadism? We do not know.

Dingle was a beautiful sleek, gentle mare. She was so happy and contented in pasture. Then Tommy came along and her happiness was complete. They were buddies and roamed the pasture, feasting upon the goodness of God's green grass.

In the beginning Tommy was wild, but with Dingle's influence - her gentleness - he gradually became docile; easy to handle, transformed.

* * *

SHE WASN'T an ordinary horse, and dear God, the life that was so cruelly snuffed out of her - we pray it has found another pasture - another home in your vast and mysterious universe. I like to think that this gentle mare, that we all loved, that taught Tommy how to behave, lives on somewhere, somehow, even though her beautiful, supple strong body lies inanimate in the ditch in a pool of blood.

Dear God, how did she get out so late at night without Tommy, when they were inseparable, so deeply attached? The fence was seven feet high, what happened God? Why wasn't she sleeping? It was so very late when she was killed off the road in the grass. No signs, no marks of sudden stopping by motorist, nothing.

* * *

HER STURDY legs that once pranced daintily in the Wheeling parade on Decoration Day were broken, and that beautiful head, which she held so proud and high, severed from the body. No longer will she march and oh, how she loved a parade, the people and excitement.

We are but mortals ever groping, searching, seeking the answer. Perhaps our fellow horse lovers can solve this mystery; give us some clue.

Proposes Debate

An open letter to Arlington Heights village trustee Forrest Davis:

You and I are again on opposite sides of a question. You want to eliminate the village manager plan from our local government while I favor retaining it.

You list in your Fence Post letter certain "facts" upon which you base your reasoning. And yet, when a thinking person really analyzes these "facts," he can hardly agree that they form a basis for such conclusions. Further, while you oppose the manager plan in principle, you fail to offer a substitute. Surely even you do not expect our local government to revert to the level on which it was conducted when you were village clerk.

* * *

YOU TAKE ISSUE with taxes and the manager's salary. A discussion on the quality of government that is limited to these 2 factors is apt to be misleading for they are not the sole determining factors. Rather, as trustees of the village, we should ask ourselves these questions:

1- Are we providing all of the municipal services that we should, by reason of economy and convenience, rightfully perform?

2- Are these services being efficiently performed?

3- Is our government subject to democratic control, sufficiently responsive to public opinion, in performing these services?

You evidently believe we can achieve these 3 principles without a manager. I don't think we can, for I know from experience on the village board that we failed to do so without the manager. However, our difference of opinion is a healthy thing — for if you and I were to logically discuss our opposing views, I'm sure the electorate would benefit. Therefore, Mr. Davis, I propose that you and I publicly debate the questions.

* * *

THIS DEBATE should be set up on as impartial a basis as is possible. Therefore, I suggest that each of us appoint 1 person to represent us and that these 2 people select a third person to form a committee of 3. This committee will then arrange the time and place, provide a moderator, and agree to such rules as may be necessary.

Surely, you will have no objection to such a debate since you, too, state you are primarily interested in providing good government. Therefore, you may have the person you select get in touch with E. J. O'Brien, 629 Campbell st., CL 3-2332. He has agreed to represent me on setting up such a debate.

Rotating Doctors

Nobody in the world can prevent accidents from happening, nor can they prevent illness from occurring! This is a statement with which few would disagree, and yet, despite this fact, Wednesday afternoon is evidently a time set aside during which no accident or illness should occur. I am speaking of the questionable position taken by the doctors of Palatine, who, en masse, on Wednesday afternoons leave their practices behind and take a well-deserved, yet poorly timed, vacation.

Last Wednesday afternoon a group of boys were playing football together when one of the boys was wounded in the leg when he fell against a stake in the ground. The wound was serious enough to alarm several adults who happened on the scene. After several fruitless attempts were made to rouse a doctor, one was finally contacted. He refused to see the boy on these two grounds: (1) he was just sitting down to dinner, and (2) he had no previous knowledge of the boy concerned. Luckily the parents of the boy managed to locate a doctor in Arlington Heights where two stitches were taken in his leg.

This is not the first, nor in all probability the last incident of this nature to occur in Palatine. Any number of similar situations could be cited when, on a Wednesday afternoon, no doctor could be found to treat an emergency.

Now no one denies a doctor his right to a day or an afternoon off, but a system similar to the one employed by doctors in neighboring towns, such as Arlington Heights, could easily solve this problem. All it amounts to is having one doctor, on a rotation system so all would take their turns, be in his office or at least available on Wednesday afternoon. The telephone operator could then be informed of the schedule and thereby be ready to locate that doctor if he is needed.

This problem needs your immediate attention, doctor; will you solve it before a life is needlessly lost?

Loused It Up

As a mother I resent the commercial aspects the adults are trying to foster on our moppets this Halloween. If a door to door canvas is to be made for the hospital fund let us do it and ask for dollars, not pennies.

Small children get such pleasure out of the variety of an apple, popcorn ball, or a stick of gum, it is a delight to see. They shouldn't be just turned loose on the town and return home so overloaded the loot ends up in the waste basket. Children should have adult supervision along and be allowed to call only where they are known and welcomed. Why spoil their day of the year by asking them to beg for pennies?

I am wondering how many adults would be willing to spend New Year's Eve listening to quarters clink in a cup instead of ice in a glass.

My six year old informed me today they weren't to say "Trick or Treat" this year but "Pennies for the Hospital." The proceeds would be collected by the school afterwards. She summed it up adequately, "Boy, they've sure loused up Halloween this year."

Wood Dale Sewers

There cannot be too much printed on how necessary it is for the approaching Wood Dale sewer vote on October 29 to be successful. I believe the County Health board and the Wood Dale village council are overly optimistic as to the outcome of the above issue.

In a weekend newspaper there was an item about Wood Dale which was written without all the facts at hand, and consequently was very satirical.

As a regular attender at village council meetings I know the purpose of the alleged secrecy of the cost of the proposed sewer system was to prevent false rumors from being spread.

At the meeting some months ago when the resolution to present a sewer system to the voters of Wood Dale was passed, Mayor Gilbert announced there would be no information given out until the survey by authorized engineers was complete.

* * *

HE HAD a very good reason for making such an announcement. The last time sewers were voted upon, the element against seeing the village progress printed circulars with fabulous figures thereon, which influenced enough people to vote "No."

This element is still strong —I believe that those who voted "no" were either those with adult or no children, or who went to school in the days before hygiene was taught or who simply didn't think there way anything wrong with septic systems and private wells.

Those of us who are informed (and I say that with no facetiousness) know there is nothing wrong with septic systems and private wells on a farm, or on a lot with adequate space. But unless people find out the hard way, as I did, from having raw sewage on the surface and a contaminated well, or unless they are informed by the newspaper they read that 50 foot lots are completely inadequate, when the town is built up they will still vote to save their taxes from becoming even more outrageous.

* * *

I'M NO RELATIVE or close friend of the mayor but in the article in which he is accused of treating the villagers as kindergartners he is only acting on the statement he made months ago, and I know that all the facts on costs are not as yet in his hand.

There is a tremendous amount of work involved in planning an adequate sewer system for a town and just four years ago many hours of many hard working citizens were wasted because of ignorance on the part of the villagers. Each time, and there have been many times, the cost goes up, as has everything else. If the vote is no, again there will be many hours of planning wasted by men who serve their community with no profit and who spend most of their leisure time on village business.

The conditions in this village won't become much worse because the council very wisely, has banned all new building requiring plumbing, but conditions can't get any worse as far as the danger of epidemic is concerned.

* * *

I HAVE HAD much sickness with my 3 pre-school youngsters—and expense in trying to make my property high and dry from downhill drainage which is very definitely raw sewage coming out of broken field tiles to which one or fifty or more families have their plumbing connected. It is almost impossible to locate these tiles and plug them. It costs money to have wells purified, too, and I have no assurance that it won't be contaminated again right away.

I have been writing, telephoning, and badgering village and county health officials for over two years. I have cohorts, who have done the same, and we feel a little bit responsible for the approaching vote. All of us are mothers of small children with too little time or opportunity to ring doorbells and tell residents to vote yes for the sake of health, property value, and personal physical well being. We can't enjoy our backyards in summer because of the aroma which comes from every direction.

Mrs. Kenneth Swiess

Park Plan

I think this is a good time to thank Paddock Publications for all their efforts in furthering the Little League program in Arlington Heights. Dozens of stories and pictures each season help bring the baseball program to the hundreds of youngsters taking part, and provided needed summertime activities for these boys.

We wish to also thank the high school and park district for their cooperation in supplying diamonds, etc., to help in the operation.

Then, too, we all know how the town is expanding and can understand the need for additional facilities for next year. The Arlington Heights park district expansion program will be up for a vote this Saturday, with several new Little League diamonds, a swimming pool, outdoor auditorium, etc.

We hope the public will remember to vote on this proposition for a park on the south side of town, and help solve the recreation problem right here in Arlington Heights.

Village Manager

It is with the greatest interest that I have followed the debate over whether or not Arlington Heights should have a village manager.

However, I imagine there must be many people, like myself somewhat confused as to the advantages or disadvantages of having a manager.

Now, thanks to our local League of Women Voters, we will have the opportunity Monday, November 7, to hear an expert, Dr. S. A. Hartzo speak on this subject.

This meeting should be both interesting and informative and the League of Women Voters is to be commended for doing the community a fine service.

Just Four Years

Trustee Forrest Davis was not quite correct in his statement, made in his letter published in the Fence Post October 20, that the managerial form of government cannot be abandoned until 1961 if it is adopted in the forthcoming referendum to be held November 19. Actually, in the normal course of events, the managerial form could be abandoned in 1959.

The Illinois statutes provide that the managerial form can be abandoned after it has been in operation for four years. If the managerial form is approved in the forthcoming referendum, the village board will have the power, under the statutes to put the managerial form into effect immediately. Surely, the village board will elect to exercise this power if the voters approve the managerial form. In that case, the manager type of government will go into effect shortly after November 19, 1955 and can be abandoned four years later in 1959.

* * *

ONLY IF the village board fails to act on the mandate of the voters will be commencement of the managerial form of government be delayed until 1957, at the time of the next village election. This is the time that the managerial form automatically goes into effect under the statute if the board refuses to act to put it into effect immediately.

If the managerial form of government is approved by the voters, everyone concerned should be willing to put it into effect immediately and give it a fair trial for four years as provided in the Illinois statutes.

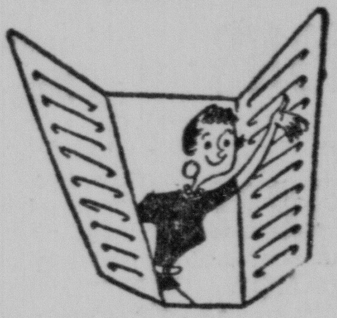
JUST AROUND THE CORNER



from Patty McArdle

Dear Peg:

One morning last summer while I was sunning on the beach and watching the children play in the water, Irene, a friend of mine who frequently brought her children to the beach too, came over to chat. During our conversation, she told me about the painting lessons she and a friend of hers were planning to take again this year. This interested me very much as, earlier this year, I had considered joining the painting class of our adult education program, held at the high school. However, the schedule of the class was inconvenient for me, so I decided against it.

Enthusiastically, I asked Irene all about it and learned that last year a couple of her friends and herself met once a week, at night, in her home and for a nominal fee received instruction from Evelyn Girkin, a graduate of the Art Institute and an exhibiting member of the All-Illinois Society of the Fine Arts, Inc. The girls enjoyed their class so much last year that they planned to meet again this fall. When Irene saw how interested I was, she asked me if I'd like to meet with them. I said I surely would!

* * *

ABOUT A WEEK BEFORE the lessons started, Irene called to tell me what materials to buy and I, feeling like a potential Rembrandt, purchased from our local paint and artists' supplies store brushes, tubes of paint, turpentine, a tablet of disposable palettes, charcoal and a canvas board. Megan and Bridget own an easel which I'm borrowing temporarily (hardly professional-looking, but adequate for now).

I'll never forget our first lesson—I felt completely helpless. There were only two things I knew about the art of painting: I have always wanted to learn how to do it (from an instructor—not a "do-it-yourself" numbering kit) and which end of the brush to hold. Although we were taught a great deal about art and artists, I don't believe that in any of the art classes, at any time during my school years, were we given a chance to try oil painting.

* * *

WITH HELPFUL SUGGESTIONS from Evelyn, Irene and Dottie set up the still-life we were to paint—an interesting piece of driftwood and a candle in a glass candle-holder—and started in sketching the study. I picked up my stick of charcoal and looked helplessly at Evelyn. She could easily see that I was at a loss to know how to begin, so she started in by showing me how to place the subjects on the canvas and began to sketch in just the base of the driftwood. I was hoping she'd keep going, when she handed me the charcoal and insisted that I carry on. That night saw the sketching completed, the outline gone over in paint (as the charcoal would be faded and smeared by the next lesson) and my enthusiasm for painting truly fired.

We worked on this picture for four lessons and I'm amazed at all I have learned in so short a time. I'm sure that Evelyn's teaching technique is responsible—she encourages us to learn mostly by doing. For instance, if we run up against a problem in perspective, we try to determine for ourselves what it is in the color or position of the object that we can paint to make it appear the way we think it should on our canvases. Also, it's surprising how much more color there is in an object when you're painting it than when you're just giving it a perfunctory glance. Now, I'll bet you think driftwood is just sort of greyish brown stuff. Well, you're wrong, it's really orange, blue, yellow, red, purple, brown and green!

We really are having a wonderful time—in fact we get so carried away with painting that often it's after eleven before we realize that it's time to go home. Last lesson we started on a still-life in which the main object is a violin (driftwood was easier!). Mine resembles a chubby cello—I just can't seem to draw a violin. Maybe I can talk Evelyn into drawing it for me—I doubt it though. She'll let me struggle and learn.

My love, Patty.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

I just now watched a neighbor of mine walking in from the alley after dumping the garbage. It sort of set me thinking because that man, now 74, was given six months to live four years ago after a serious abdominal operation.

"You'll never be able to work again," the doctor told him. "You might live a little longer if you take it easy."

* * *

ONE MONTH after the operation, Will went back to work. He was still wobbly and had to rest several times during the three block walk to Northwestern station. "Poor Will," the neighbors said, "He'll die on the job."

After four years, Will is as lively as ever. He walks erect and fast. His health is good, though he has to be careful what he eats.

But it isn't the way Will eats, nor the medicine he takes alone that keeps him going. I think sometimes it must be his stubborness—he's just too stubborn to die. Reminds me of Kipling's "If"—"and so hold on when there is nothing in you except the will which says to you 'hold on'." Will is English and it seems to be an English trait to be stubborn in an admirable sort of way. The English just don't know the word for quitting, whether it is a war, a business venture, or a personal struggle against death such as Will's.

* * *

A DOCTOR once told me that people live as long as they want to live. Only when they finaly give up, when they reach a point where living has no interest for them or seems too difficult, do they die. Of course, this statement has a lot of qualifications, as the doctor pointed out.

But I do believe that a lot of people die simply because they feel it isn't worth while to stay alive. More than once, in the midst of difficulties, I have found myself thinking I would be better off dead; but when the crisis was over, I was mighty glad that it didn't happen. Most of us are that way, I guess.

Suicide No Longer Necessary At Monte Carlo! They May Refund Losses

by BILL DILLINGHAM

Suidice is no longer necessary at Monte Carlo. The management of the casino has shown a new face. It is even possible, if the loser acts desperate enough, for a person to be re-paid in full!

Suicides are presently running at a rate of about twelve per year in Monaco, and it is estimated that the casino is responsible for about half of this number. To put an end to such incidents, a more liberal attitude towards losers is being taken. In short, "we at the casino want people to like us" is the new policy.

* * *

UNDESIRABLE publicity, however, still slips out. Not long ago a desperate fellow walked away from the roulette wheel and into the garden across the way where he shot himself. Attendants from the gambling house, hearing the shot and supposing what had happened, rushed out and stuffed his pockets with chips. Somebody later mentioned that the fellow had been brooding over a broken love affair.

Such things no longer have to happen. On several occasions during the last year the casino officials have refunded visitors' losses in part and in full. One must threaten suicide with convincing enthusiasm, however, before the casino's management will consider the visitor a solid liability to business and the Principality.

* * *

SEVERAL MONTHS ago a woman lost all the money she had while playing roulette. She attempted suicide but she was stopped in time and hurriedly presented her losses by a casino official. The following day she attempted suicide again, this time with success.

From this incident alone it became evident that some people who are planning to kill themselves will enter a casino as a final gamble with life's realities. And whether they win or lose (the latter being more probable), they'll still follow through with their plans.

* * *

THERE IS a small infirmary in the building which handles the occasional cases of shock, heart attack and such allied ailments.

Some attendants at the casino still speak about the German naval officer during the war who threatened to shell the building if they did not return his money. The management refused, but sometime later quickly changed their minds when the vessel maneuvered and trained its guns on the building.

"We would have let him commit suicide", one attendant added, "and not even bothered to put chips in his pockets."

JUST AROUND THE CORNER

from Patty McArdle

Dear Peg:

One morning last summer while I was sunning on the beach and watching the children play in the water, Irene, a friend of mine who frequently brought her children to the beach too, came over to chat. During our conversation, she told me about the painting lessons she and a friend of hers were planning to take again this year. This interested me very much as, earlier this year, I had considered joining the painting class of our adult education program, held at the high school. However, the schedule of the class was inconvenient for me, so I decided against it.

Enthusiastically, I asked Irene all about it and learned that last year a couple of her friends and herself met once a week, at night, in her home and for a nominal fee received instruction from Evelyn Girkin, a graduate of the Art Institute and an exhibiting member of the All-Illinois Society of the Fine Arts, Inc. The girls enjoyed their class so much last year that they planned to meet again this fall. When Irene saw how interested I was, she asked me if I'd like to meet with them. I said I surely would!

* * *

ABOUT A WEEK BEFORE the lessons started, Irene called to tell me what materials to buy and I, feeling like a potential Rembrandt, purchased from our local paint and artists' supplies store brushes, tubes of paint, turpentine, a tablet of disposable palettes, charcoal and a canvas board. Megan and Bridget own an easel which I'm borrowing temporarily (hardly professional-looking, but adequate for now).

I'll never forget our first lesson—I felt completely helpless. There were only two things I knew about the art of painting: I have always wanted to learn how to do it (from an instructor—not a "do-it-yourself" numbering kit) and which end of the brush to hold. Although we were taught a great deal about art and artists, I don't believe that in any of the art classes, at any time during my school years, were we given a chance to try oil painting.

* * *

WITH HELPFUL SUGGESTIONS from Evelyn, Irene and Dottie set up the still-life we were to paint—an interesting piece of driftwood and a candle in a glass candle-holder—and started in sketching the study. I picked up my stick of charcoal and looked helplessly at Evelyn. She could easily see that I was at a loss to know how to begin, so she started in by showing me how to place the subjects on the canvas and began to sketch in just the base of the driftwood. I was hoping she'd keep going, when she handed me the charcoal and insisted that I carry on. That night saw the sketching completed, the outline gone over in paint (as the charcoal would be faded and smeared by the next lesson) and my enthusiasm for painting truly fired.

We worked on this picture for four lessons and I'm amazed at all I have learned in so short a time. I'm sure that Evelyn's teaching technique is responsible—she encourages us to learn mostly by doing. For instance, if we run up against a problem in perspective, we try to determine for ourselves what it is in the color or position of the object that we can paint to make it appear the way we think it should on our canvases. Also, it's surprising how much more color there is in an object when you're painting it than when you're just giving it a perfunctory glance. Now, I'll bet you think driftwood is just sort of greyish brown stuff. Well, you're wrong, it's really orange, blue, yellow, red, purple, brown and green!

We really are having a wonderful time—in fact we get so carried away with painting that often it's after eleven before we realize that it's time to go home. Last lesson we started on a still-life in which the main object is a violin (driftwood was easier!). Mine resembles a chubby cello—I just can't seem to draw a violin. Maybe I can talk Evelyn into drawing it for me—I doubt it though. She'll let me struggle and learn.

My love, Patty.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money," — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

Fifty Years Ago

October 27, 1905

Last Sunday the people were convinced that Arlington Heights is a peaceful law-abiding town. Even old residents say they were surprised to see the saloon keepers put the lid on tight. All the five saloons were closed all day and in the evening their places were dark. Such conduct on their part wins the respect of all citizens. There is no complaint from anybody who missed his accustomed Sunday spree. The bartenders rested and everybody felt better. William G. Meyer took his wife out visiting and says they never enjoyed a Sunday so well. The village board by a vote of 5 to 2 passed the saloon closing ordinance, thus reflecting the sentiment of a large majority of the citizens. Nobody's comfort or rights are abridged by the new order of things. Let the good times continue.

Palatine Township Sunday school convention meets Friday evening in the M.E. church. Good addresses, blackboard illustration and a special singer will make it an interesting and profitable evening to all.

Prof. Dewey, Bensenville, says Chicago is a fine place to have a good time after you miss the 11:40 p.m. train Saturdays.

Don't be frightened when you walk through Itasca after dark. It isn't ghosts you see, the ladies are only trying to protect their flowers from frost.

Forty Years Ago

October 22, 1915

Miss Martha Krause, eldest daughter of Mr. and Mrs. Walter Krause and Henry J. Kehe were united in the holy bonds of wedlock by Rev. Charles Noack at St. Peter Lutheran church, Arlington Heights, Saturday, October 16 at 4 p.m.

Arlington Heights S.D. & S. Com. reported that property owners on W. Campbell st. and Euclid had agreed to lay cinder walks. Authority was given committee to employ an engineer to give grade and line for walk on Euclid st.

Mrs. Henry Battermann had the misfortune to fracture her left arm at the wrist last week, when she fell as she was cleaning house as the majority of Palatine housewives are doing at this time.

Herman Gieseke is kept busy these days. He recently installed a heating plant, the plumbing and gutter work for the new Fred Vogt house in the Palatine subdivision. He has contracts for work in his line on the G. H. Arps, C. H. Seip, and Henry Dahle places.

Fred Botterman, Schaumburg, after a seven weeks stay at Lakota, N. D., returned home Monday. All the 42 centimete cannon and carbide cans were gotten out in the evening and a good serenade welcomed Fred back home. He claims H. E. Quindel threshed 100,000 bu. of grain. Fred looks somewhat lighter. He says he lost 23 lbs. and never will leave his wife's table again as the only bill of fare he received in Dakota was pumpernickel and hog slats.

Thirty Years Ago

October 30, 1925

Those who furnished pies for the Woman's club banquet and have not received their plates call at S. E. Pates for same.

Death this week: Henry Buchholz, 68, of Elk Grove.

Thirty new homes will have been erected in Palatine during 1925 before the end of the year arrives.

Miss Lena Bicknase, Palatine, has good reason to wonder if the U.S. is a free country. Her home was entered without a search warrant by raiders the other night, who stated they were seeking evidence of liquor. Miss Bicknase has never allowed any liquor or moonshine around her boarding place and men rooming there are aware of that fact and know the consequences if they bring any of it home. The presence of the raiders last week was not the first time that they have called and Miss Bicknase is using every endeavor to learn the name of the person that has subjected her to such annoyance.

A band of gypsies traveling in a Cadillac car, one man to six women, invaded Arlington Heights Wednesday afternoon. They did not stay long as their raid upon the business places was cut short by prompt action upon the part of the business men. A few saw them coming in time to lock their doors.

Twenty Years Ago

October 25, 1935

Chief Skoog of Arlington Heights, asked to investigate the robbery of the petty collection box at St. James Catholic church, lost his man when the latter escaped over the roofs of adjoining business houses.

Vehicle tag licenses have been cut 25 per cent in Arlington Heights.

Mr. Wm. A. Oas and family from Elmwood Park have moved to 1226 Mayfair rd., Stonegate. They have a son and daughter to enter high school. We are glad to welcome such a substantial family to our "City of Good Neighbors."

Deaths this week: William Piepenbrink, 81, of Elk Grove; Herbert R. Lesch, 29, of Mount Prospect and Mrs. W. Ackerman, 43, of Wheeling.

Arlington Heights has $88,000 available to spend upon a park and no place to put it. The above project was accompanied by a swimming pool plan when it was forwarded to the government. The two projects would go hand in hand and mean the acquirement of a suitable plot of ground for both projects. The village is awaiting word regarding the swimming pool. Otherwise the only thing that can be done with the $88,000 is to landscape a park, install tennis courts, baseball fields, etc.

Ten Years Ago

Palatine people want a new railroad depot. The present structure built about 85 years ago is a disgrace to Palatine, according to the expression of opinion made at the last meeting of the Palatine Lions club. A committee of 3, including Roy LaLonde, Frank Danielsen and William Kehe, was appointed to take steps towards a new depot.

A sudden heart attack early Sunday morning proved fatal for Dr. John F. Gainer, prominent Danville physician, former Palatine physician.

A dinner party in honor of the 32nd wedding anniversary of Mr. and Mrs. Albert Goedke was given by their sons Sunday at the Union hotel, Wheeling.

Bloomingdale again has a drug store. John Hjelte who previously had operated a drug store here, is the proprietor. The post office has been moved from the Haseman building to the same location, on Lake st. west of Roselle rd.

The newly formed Roselle post war planning committee will meet Nov. 8 to acquaint the community with the projects contemplated including acquisition of a plot of ground large enough to accommodate a community building and an outdoor sports field.

Protect Those Rose Bushes From Winter

by JOHN H. BICKET
Assistant Farm Adviser

There comes a time when all good things must come to a close. Leaves are turning from their rich green color prevalent during the summer into their beautiful shades of brown, yellow and red. It is the time of year when mother nature starts on its vacation and rest for the winter.

This means we must bring in many of the fruits of labor and enjoyment that grew in the great out-of-doors all summer. Farmers everywhere are busy now picking corn, combining soybeans and bringing in their crops before bad weather starts. City and urban residents have some of the same problems. Recently I've had questions concerning the winter protection of roses.

* * *

THE AMOUNT of cold a rose plant will withstand depends on it's natural hardiness, the condition of the plant when it became dormant, and the manner in which the low temperature occurs. Continuous low temperatures are not nearly as hard on roses as are fluctuating temperatures of subzero one day and just freezing the next.

Protection can be provided by mounding up the soil around the plant and staking and tieing the canes so they will not whip and break or loosen the root system. In this region additional protection should be provided in the way of a straw or strawy manure cover placed around the plant and held in place by a few shovels of soil.

* * *

SOIL MOUND and straw should be removed in the spring as soon as danger of a severe frost is past. The soil must be removed carefully to avoid breaking of any new shoots that may have started to grow beneath the soil mound.

Further information on roses may be had by picking up U. S. department of agriculture bulletin No. 25 "Roses for the Home" at the farm bureau office, 201 N. Dunton, Arlington Heights.

Push Expansion Of Des Plaines Library

Des Plaines aldermen are studying a plan for expansion of the city library. The present building was erected in 1937 when population was less than 10,000. Des Plaines now has 27,000 residents.

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

Fifty Years Ago

October 27, 1905

Last Sunday the people were convinced that Arlington Heights is a peaceful law-abiding town. Even old residents say they were surprised to see the saloon keepers put the lid on tight. All the five saloons were closed all day and in the evening their places were dark. Such conduct on their part wins the respect of all citizens. There is no complaint from anybody who missed his accustomed Sunday spree. The bartenders rested and everybody felt better. William G. Meyer took his wife out visiting and says they never enjoyed a Sunday so well. The village board by a vote of 5 to 2 passed the saloon closing ordinance, thus reflecting the sentiment of a large majority of the citizens. Nobody's comfort or rights are abridged by the new order of things. Let the good times continue.

Palatine Township Sunday school convention meets Friday evening in the M.E. church. Good addresses, blackboard illustration and a special singer will make it an interesting and profitable evening to all.

Prof. Dewey, Bensenville, says Chicago is a fine place to have a good time after you miss the 11:40 p.m. train Saturdays.

Don't be frightened when you walk through Itasca after dark. It isn't ghosts you see, the ladies are only trying to protect their flowers from frost.

Forty Years Ago

October 22, 1915

Miss Martha Krause, eldest daughter of Mr. and Mrs. Walter Krause and Henry J. Kehe were united in the holy bonds of wedlock by Rev. Charles Noack at St. Peter Lutheran church, Arlington Heights, Saturday, October 16 at 4 p.m.

Arlington Heights S.D. & S. Com. reported that property owners on W. Campbell st. and Euclid had agreed to lay cinder walks. Authority was given committee to employ an engineer to give grade and line for walk on Euclid st.

Mrs. Henry Battermann had the misfortune to fracture her left arm at the wrist last week, when she fell as she was cleaning house as the majority of Palatine housewives are doing at this time.

Herman Gieseke is kept busy these days. He recently installed a heating plant, the plumbing and gutter work for the new Fred Vogt house in the Palatine subdivision. He has contracts for work in his line on the G. H. Arps, C. H. Seip, and Henry Dahle places.

Fred Botterman, Schaumburg, after a seven weeks stay at Lakota, N. D., returned home Monday. All the 42 centimete cannon and carbide cans were gotten out in the evening and a good serenade welcomed Fred back home. He claims H. E. Quindel threshed 100,000 bu. of grain. Fred looks somewhat lighter. He says he lost 23 lbs. and never will leave his wife's table again as the only bill of fare he received in Dakota was pumpernickel and hog slats.

Thirty Years Ago

October 30, 1925

Those who furnished pies for the Woman's club banquet and have not received their plates call at S. E. Pates for same.

Death this week: Henry Buchholz, 68, of Elk Grove.

Thirty new homes will have been erected in Palatine during 1925 before the end of the year arrives.

Miss Lena Bicknase, Palatine, has good reason to wonder if the U.S. is a free country. Her home was entered without a search warrant by raiders the other night, who stated they were seeking evidence of liquor. Miss Bicknase has never allowed any liquor or moonshine around her boarding place and men rooming there are aware of that fact and know the consequences if they bring any of it home. The presence of the raiders last week was not the first time that they have called and Miss Bicknase is using every endeavor to learn the name of the person that has subjected her to such annoyance.

A band of gypsies traveling in a Cadillac car, one man to six women, invaded Arlington Heights Wednesday afternoon. They did not stay long as their raid upon the business places was cut short by prompt action upon the part of the business men. A few saw them coming in time to lock their doors.

Twenty Years Ago

October 25, 1935

Chief Skoog of Arlington Heights, asked to investigate the robbery of the petty collection box at St. James Catholic church, lost his man when the latter escaped over the roofs of adjoining business houses.

Vehicle tag licenses have been cut 25 per cent in Arlington Heights.

Mr. Wm. A. Oas and family from Elmwood Park have moved to 1226 Mayfair rd., Stonegate. They have a son and daughter to enter high school. We are glad to welcome such a substantial family to our "City of Good Neighbors."

Deaths this week: William Piepenbrink, 81, of Elk Grove; Herbert R. Lesch, 29, of Mount Prospect and Mrs. W. Ackerman, 43, of Wheeling.
